GOVERNMENT OF MAHARASHTRA, MUMBAI**

Economic Survey of Maharashtra 2017-18

DIRECTORATE OF ECONOMICS AND STATISTICS,
PLANNING DEPARTMENT,
GOVERNMENT OF MAHARASHTRA, MUMBAI

PREFACE

The Economic Survey of Maharashtra is a concerted endeavor of Directorate of Economics and Statistics, Planning Department, which is prepared every year and the same is presented in the Budget Session before the State Legislature. The present publication for the year 2017-18 is the 57th issue in the series.

2. The latest available information related to various socio-economic sectors of the economy along with indicators and trends are provided. This publication provides time series data of important statistics for the State and selected socio-economic indicators of all states in India. In an effort to provide latest available data, some of the data / estimates are provisional.

3. This Directorate is thankful to the concerned Departments, offices and undertakings of the State and Central Government for providing useful information in time that enabled us to bring out this publication.

R.R. Shinge
Director of Economics and Statistics,
Government of Maharashtra

Mumbai

Annx. 10.14	Industrial disputes in Maharashtra**	251
Annx. 10.15	Districtwise human development index 2011	252

OVERVIEW OF THE STATE

Maharashtra occupies the western & central part of the country and has got 720 km long coastline along the Arabian Sea and is also fortified naturally by Sahyadri and Satpuda mountain ranges. The State is surrounded by Gujarat to the north west, Madhya Pradesh to the north, Chhattisgarh to the east, Telangana to the south east, Karnataka to the south and Goa to the south west. For the administrative convenience, State has been divided into 36 districts and 6 revenue divisions (viz. Konkan, Pune, Nashik, Aurangabad, Amravati and Nagpur). With a population of 11.24 crore, as per Population Census-2011 and with geographical area of about 3.08 lakh sq. km, Maharashtra is ranked 2nd by population and 3rd in terms of area. The State is highly urbanised with 45.2 per cent population living in towns.

The State enjoys tropical monsoon climate. The hot scorching summer from March onwards is followed by monsoon in early June. Maharashtra has also got blessings of nature as seen in its dense and rich forests and it hosts 6 Prime Tiger reserves, 6 National Parks.

The state capital Mumbai is not only home for leading corporate houses and firms but also has Asia's oldest Stock Exchange, the Bombay Stock Exchange.

State has taken lead in changing business atmosphere by adopting varied measures to increase 'Ease of Doing Business'. The recently launched Start Up policy is being held as pioneering by the innovative and creative industry, which aims at not only giving institutional but also intellectual support to the new budding entrepreneurs. The policy underscores the State's take on big challenge of unemployment, by encouraging job creators rather than job seekers. Also, Maharashtra became the 1st State to unveil Aerospace and Defence manufacturing policy and FinTech policy aimed at spurring job creation.

The grand response it garnered in 'Magnetic Maharashtra investors summit' has proved the fact that the State remains the top destination for investment owing well developed infrastructure, technological advancement, availability of skilled manpower, connectivity to major areas and abundant natural resources.

Climate change and Global warming are persisting threats for not only the State but also for the World. Considering this, Maharashtra has become the 1st State to launch its own Electric Vehicles policy for supporting production and use of 5 lakh vehicles in the State. This shows the States greater adherence to clean fuel and tackling global warming by encouraging sustainable transport system.

Maharashtra is not just a geographical expression but an entity built on collective efforts of its people. Varied customs and traditions co-exist peacefully in Maharashtra. The State is well known throughout the country for its rich music and dances. *Povadas*, *Bharuds*, *Gondhals* and *Lavnis* are the major forms of folk music in the State and represent the best that the Maharashtrian society has contributed in the field of music. Maharashtra celebrates all major religious festivals in a peaceful and harmonious manner. As such the State has played a significant role in the social and political sphere of the nation.

Monuments like Ajanta, Ellora & Elephanta caves, Gateway of India and architectural structures like Viharas and Chaityas are like magnets for tourists, which pull crowd from all over the world. The State has sizable contribution in sports, arts, literature and social services. The State is also home to 'Bollywood', a world famous entertainment industry and new soft power of India.

Maharashtra has time and again showed its progressive nature and the new Maharashtra of today is walking on the path of sustainable development step by step.

State Economy

1. STATE ECONOMY

State Income

1.1 As per the advance estimates, the State economy is forecasted to grow by 7.3 per cent during 2017-18 over the previous year, this growth is against the 10.0 per cent growth during 2016-17, while the Indian economy is expected to grow by 6.5 per cent. During 2016-17 agricultural production was higher on account of good rains (94.9 per cent of the normal monsoon). The 'Agriculture & allied activities' sector is expected to register (-) 8.3 per cent growth rate during 2017-18 due to comparatively less rains (84.3 per cent of the normal monsoon). During 2017-18, 'Industry' and 'Services' sectors are expected to grow at 6.5 per cent and 9.7 per cent respectively. As per the advance estimates, real (at constant 2011-12 prices) Gross State Domestic Product (GSDP) for 2017-18 is expected to be ₹ 19,59,920 crore and nominal (at current prices) GSDP is expected to be ₹ 24,96,505 crore.

- Two digit 10.0 per cent economic growth during 2016-17 as against 2015-16
- Gross State Domestic Product to increase by ₹ 2,39,473 crore during 2017-18 as compared to 2016-17
- Per Capita Income is ₹ 1,80,596 during 2017-18 as against ₹ 1,65,491 during 2016-17
- In Per Capita Income Maharashtra is leading state amongst major states
- Gross State Domestic Product at current prices is ₹ 24,96,505 during 2017-18 as compared to ₹ 16,49,695 during 2013-14
- Per Capita Income of the State for 2016-17 as compared to 2015-16 increased by 12.1 per cent whereas for Karnataka is increased by 10.2 per cent for similar period

1.2 As per the first revised estimates, real GSDP is ₹ 18,26,296 crore for 2016-17 as against ₹ 16,60,387 crore for 2015-16 registering growth of 10.0 per cent. Nominal GSDP (at current prices) for 2016-17 is ₹ 22,57,032 crore as against ₹ 19,86,721 crore for 2015-16. Per Capita State Income is ₹ 1,65,491 for 2016-17 as against ₹ 1,47,610 for 2015-16.

Final estimates

\$ Second advance estimates

\$\$ First advance estimates

1.18 Live storage in the major, medium & minor irrigation (State sector) reservoirs taken together as on 15th October, 2016 was 29,814 million cubic metre, which was 69.6 per cent of the storage capacity as per the project design.

1.19 During 2016-17, under 'Jalyukta Shivar Abhiyaan', out of 5,291 villages selected, in all 2,830 villages have been made water neutral by creating water storage of 5,897.6 lakh cubic metre. Under the Abhiyaan 5,018 villages have been selected for 2017-18.

1.20 During 2016-17, crop loan of ₹ 42,172 crore was disbursed through financial institutions as against ₹ 40,581 crore during 2015-16. During 2016-17, agricultural term loans of an amount of ₹ 54,606 crore was disbursed as against ₹ 32,284 crore during 2015-16. During 2017-18, the annual target for agriculture & allied activities sector in annual credit plan is ₹ 77,207 crore. During 2016-17, primary agricultural credit co-operative societies disbursed loans of ₹ 15,461 crore to farmers, of which loans of ₹ 6,314 crore were disbursed to small & marginal farmers (40.8 per cent).

1.21 The total milk production during 2016-17 was 104.02 lakh MT as against 101.52 lakh MT during 2015-16.

1.22 During 2017-18 upto December, marine and inland fish production (provisional) was 3.50 lakh MT and 1.15 lakh MT respectively. During 2016-17, it was 4.63 lakh MT and 2.00 lakh MT respectively.

Industry and co-operation

1.23 Ease of Doing Business indicates simpler, speedy and hassle-free regulations for businesses. The State has implemented and submitted evidences for 372 reforms of which, 348 reforms have been approved by GoI.

- As per 'Asian Competitiveness Institute of Lee Kuan Yew School of Public policy of Singapore' index on ease of doing business in 2016 Maharashtra ranks first in the country
- Reserve Bank of India Mumbai divisional office, received ₹ 74,123 crore inflows of foreign direct investment during April-December, 2017 for Maharashtra including Dadra & Nagar Haveli, Daman & Diu
- Out of ₹ 8 lakh crore investment in 2,984 MoU proposals in Make in India 2016 Summit projects of about ₹ 4.91 lakh crore investment (61 per cent) are in various stages of implementation

1.24 From August, 1991 to December, 2017 in all 19,826 industrial proposals with proposed investment of ₹ 11,89,815 crore were approved. Of these, 8,974 projects were commissioned (45.3 per cent) with an investment of ₹ 2,92,252 crore (24.6 per cent) and generated employment of about 12.67 lakh.

1.25 The State has remained in the forefront in terms of FDI inflow in the country.

1.26 The Magnetic Maharashtra - Convergence 2018 a global investment summit was organised in February, 2018 to showcase the various reforms initiated by GoM and to attract investment and generate employment opportunity. In this Summit, total 4,108 proposals with an investment of ₹12.07 lakh crore and proposed employment of 36.77 lakh were signed.

1.27 In the State, upto December, 2017 about 3.6 lakh Micro, Small and Medium enterprises (MSMEs) have obtained Udyog Aadhaar memorandum with an investment of ₹ 85,362 crore and 27.6 lakh employment.

1.28 As per Annual Survey of Industries 2014-15, the State is at the top position in terms of gross value added (₹ 2,39,076 crore) which is 20.5 per cent of gross value added at All-India level.

1.29 The Women Entrepreneurs Policy 2017 has been launched to encourage participation of women entrepreneurs and improve the women entrepreneurship from the current 9 per cent to 20 per cent. The State is first in India to have a separate policy for Women entrepreneurs.

1.30 As on 31st March, 2017 there were about 1.95 lakh co-operative societies, with about 5.25 crore members therein. Of these, 11 per cent were in agricultural credit, 10 per cent were in non-agricultural credit and 79 per cent were engaged in other activities. In all 18.7 per cent co-operative societies were in loss, of which 32.6 per cent were in agricultural credit.

Infrastructure

Energy

1.31 Installed capacity of electricity in the State was 35,468 MW as on 31st December, 2017. During 2017-18 upto December total electricity generated was 74,968 Million Units (MU), and total consumption upto October in the State was 65,980 MU.

1.32 During 2016-17, the average peak demand of MAHADISCOM was 16,903 MW with load shedding of 37 MW. During 2017-18 upto November, average peak demand was 17,121 MW with 82 MW load shedding.

1.33 During 2016-17, transmission losses of MAHATRANSCO, distribution losses and 'Aggregate Technical & Commercial' (AT & C) losses of MAHADISCOM were 3.6 per cent, 14.7 per cent and 18.9 per cent respectively.

Transport

1.34 At the end of March 2017, the total road length maintained by PWD and ZP was about 3.03 lakh km.

➤ As per the report of *Niti Aayog* Infrastructure facilities 2017 Maharashtra is leading in country with share of 11 per cent on expenditure of infrastructure facilities projects

1.35 '*Maharashtra Samruddhi Mahamarg*' is a proposed eight lane expressway (701 km long and 120 metre wide) connecting Mumbai to Nagpur and enable to cover the distance in eight hours. Total estimated cost of this project is ₹ 46,000 crore. The total land required is 8,513.19 ha of which 5,165.28 ha is acquired.

1.36 The total number of vehicles on road in the State as on 1st January, 2018 was 314 lakh (25,859 vehicles per lakh population and 104 vehicles per km road length).

1.37 Mumbai Metro Rail Project consisting of Dahisar-D.N.Nagar (18.6 km), Colaba-Bandra-SEEPZ (33.5 km), Wadala-Ghatkopar-Thane-Kasarwadavli (32 km), Andheri(E)-Dahisar(E) (16.5 km) and D.N.Nagar-Mandale (23.6 km) is in progress. Nagpur Metro Rail project consisting of 38.22 km length and Pune Metro Rail project of length 31.25 km length are in progress. The estimated cost of these Metro Rail Projects taken together is ₹ 81,389 crore.

1.38 During 2016-17, total cargo traffic handled by major and non-major ports was 1,600.93 lakh MT as against 1,539.86 lakh MT during previous year.

1.39 During 2016-17, on an average per day Maharashtra State Road Transport Corporation (MSRTC) has effectively operated 16,447 buses by covering 55.82 lakh km and carrying 66.31 lakh passengers.

1.40 During 2016-17, domestic and international cargo handled by airports in the State was 2.78 lakh MT and 5.48 lakh MT respectively, whereas the corresponding figures for 2015-16 were 2.49 lakh MT and 4.97 lakh MT respectively. During 2016-17 the passenger traffic from domestic and international airports was 415.05 lakh and 128.91 lakh respectively.

Social sector

1.41 As per the fifth 'Employment & Unemployment Survey' conducted during 2015-16 for persons of age 15 years & above labour force participation rate was 52.7 per cent, worker population ratio was 51.6 per cent and unemployment rate was 2.1 per cent in the State according to usual principal status approach.

1.42 During 2017-18, number of primary schools (class I to VIII) is 1,06,527 with enrolment of 159.09 lakh. During 2017-18, number of secondary & higher secondary schools (class IX to XII) is 26,879 with enrolment of 66.48 lakh.

1.43 As per All-India Survey of Higher Education, enrolment in higher education was 40.16 lakh in 2016-17. The gender parity index for 2016-17 was 0.88.

1.44 Birth rate, Death rate, Infant Mortality Rate, Under Five Mortality Rate and Neo-Natal Mortality Rate were 15.9, 5.9, 19, 21 and 13 respectively in 2016.

1.45 Life expectancy at birth during 2011-2015 is 72 years for persons and it is 73.9 years for female & 70.3 years for male.

1.46 Maharashtra Human Development Programme is being implemented in 125 most backward talukas in rural areas and 'C' class Municipal Councils. To address the issues of poverty with emphasis on development of livelihood opportunities on priority basis in 27 talukas, 'Action room to Reduce Poverty' has been set up in collaboration with UNDP.

2.4 Literacy rate: There is a significant difference between male and female literacy rate in the country. Gender gap in literacy in the State is 16.3 per cent as per 2011 census. The gender gap in literacy rates is found to be highest in Rajasthan (27.1 per cent), which is much higher than at All-India level. Gender gap in 19 states is below the national average. The literacy rates for selected states are given in Table 2.5. Population of Maharashtra and India as per censuses is given in Annexure 2.1, rural and urban population in Maharashtra based on censuses is given in Annexure 2.2 and districtwise population characteristics as per Census 2011 is given in Annexure 2.3.

State Income

3. STATE INCOME

3.1 Gross Domestic Product (GDP) has largely been used as an important indicator to gauge the economic performance. It is essential to maintain balanced growth in Agriculture & allied activities, Industry and Services sector to achieve sustained economic growth over the years. Considering this, the Government is coming forth with various policies to step-up all the sectors of the economy.

3.2 As per the revised methodology (revision in the base year from 2004-05 to 2011-12), the overall economy is measured in terms of Gross/ Net Domestic Product (at market prices) and sectorally, it is measured in terms of Gross/ Net Value Added (at basic prices).

State Economy

GSDP Forecast (2017-18)

3.3 The advance estimates of the real Gross State Domestic Product (GSDP) i.e. 'at constant (2011-12) prices' for 2017-18 is expected to be ₹ 19,59,920 crore with growth of 7.3 per cent over 2016-17. The advance estimates of the nominal GSDP i.e. 'GSDP at current prices' is expected to be ₹ 24,96,505 crore.

3.3.1 As compared to 2016-17, the State witnessed less rains during 2017-18. In comparison with the bumper crop in 2016-17, the production is expected to decrease substantially in 2017-18 leading to expected growth of (-)14.4 per cent in the real Gross State Value Added (GSVA) of 'Crops'. With 5.8 per cent, 1.5 per cent and 5.9 per cent growth in 'Livestock', 'Forestry & Logging' and 'Fisheries & Aquaculture' respectively, the 'Agriculture & allied activities' sector is expected to grow at (-)8.3 per cent in 2017-18. With expected growth of 7.6 per cent in the 'Manufacturing' sector and 4.5 per cent in the 'Construction' sector, the 'Industry' sector is expected to grow at 6.5 per cent over the previous year. The 'Services' sector, which is identified as the key driver of the economy, is expected to grow at 9.7 per cent.

GSDP (2016-17)

3.4 As per the first revised estimates, nominal GSDP for 2016-17 is ₹ 22,57,032 crore which is 13.6 per cent higher than that of 2015-16. The real GSDP is estimated at ₹ 18,26,296 crore during 2016-17. The economy is expected to register a double-digit growth of 10.0 per cent during 2016-17 over the previous year.

3.4.1 During 2016-17, due to overall favorable climatic conditions there was a record production in the major crops resulting in remarkable expected growth of 22.5 per cent in the 'Agriculture & allied activities' sector. Production of foodgrains increased by nearly 106.9 per cent over the previous year. Production of oilseeds and cotton increased by nearly 135.9 per cent and 174.8 per cent respectively while, production of sugarcane decreased by 21.7 per cent. Production of fruits and vegetables have also increased by 10.1 per cent. The growth in the real GSVA of 'Crops' is expected to be 30.7 per cent. GSVA of 'Livestock', 'Forestry & Logging' and 'Fishing & Aquaculture' is expected to grow by 11.7 per cent, (-)1.1 per cent and 21.2 per cent respectively.

3.4.2 During 2016-17, real GSVA of the 'Industry' sector is expected to grow by 6.9 per cent over 2015-16. The real GSVA of 'Mining & Quarrying' is expected to grow by 7.6 per cent and that of 'Manufacturing' is expected to increase by 8.3 per cent. Real GSVA of 'Electricity, Gas, Water Supply & Other Utility Services' is expected to grow at (-)2.8 per cent whereas, that of 'Construction' is expected to grow at 4.9 per cent.

3.4.3 Real GSVA of 'Services' sector is expected to grow by 9.6 per cent over the previous year. Real GSVA of 'Trade, Repairs, Hotels & Restaurants' is expected to grow by 6.4 per cent.

‘Transport, Storage, Communication & Services related to Broadcasting’ is expected to grow at 12.4 per cent. ‘Financial, Real Estate & Professional Services’ is expected to grow at 9.0 per cent. ‘Public Administration & Defence’ and ‘Other Services’ are expected to grow at 12.2 per cent and 13.2 per cent respectively. Annual growth rates of real GSDP and sectoral real GSVA are given in Table 3.1.

Table 3.1 Annual growth rates of real GSDP and sectoral real GSVA

Source : DES, GoM @ Preliminary estimates ++ Second revised estimates + First revised estimates \$ Advance estimates

Note : 1) GSDP = GSVA at basic prices + Taxes on products including import duties – subsidies on products

2) Sector-wise growth rates are based on GSVA whereas, the growth rate of the State economy is based on GSDP.

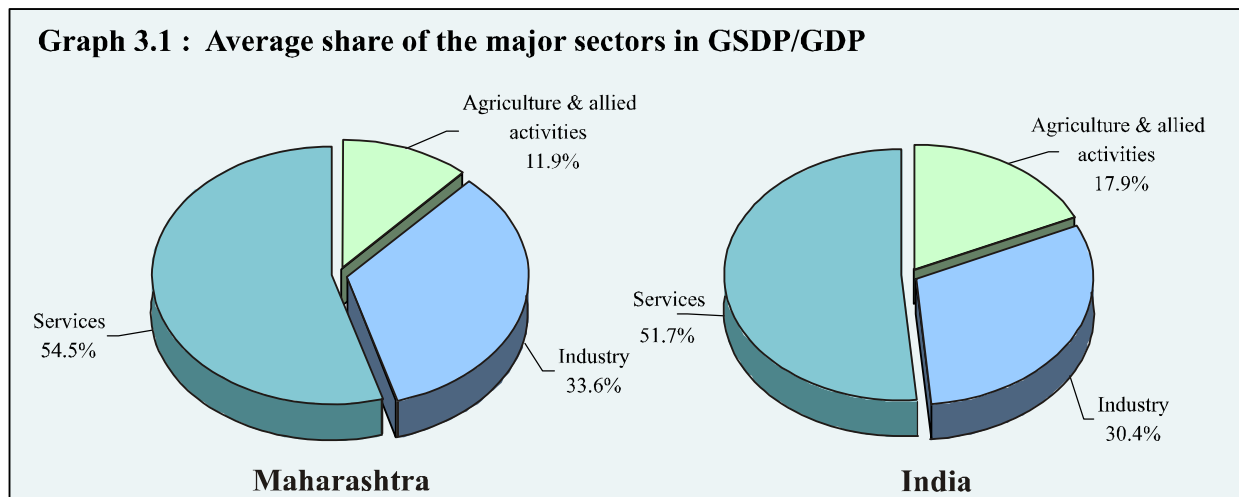

Sectoral share and growth (based on GSVA) in the current series

3.5 In the current series (Base year 2011-12), from 2011-12 to 2017-18, the GSVA of ‘Agriculture & allied activities’ sector has average share of 11.9 per cent in the total GSVA and is growing at an average annual rate of 2.0 per cent. The average share of GSVA of ‘Industry’ sector is 33.6 per cent and its average annual growth rate is 6.1 per cent. GSVA of ‘Services’ sector continues to grow annually on an average at 8.8 per cent with an average share of 54.5 per cent in the total GSVA.

3.5.1 At the sub sector level, with an average share of 7.9 per cent in total GSVA for the State, the ‘Crops’ sector is growing annually at 1.6 per cent. ‘Mining & Quarrying’ is expected to grow at an average annual rate of 3.6 per cent with an average share of 3.7 per cent. With average share of

about 21.3 per cent, 'Manufacturing' is expected to have average annual growth of about 7.9 per cent. 'Construction', with average share of 6.2 per cent, is expected to grow at an average annual rate of 3.5 per cent. With its average share of 9.4 per cent, 'Trade, Repairs, Hotels & Restaurants' is growing at an average annual rate of 5.3 per cent. 'Transport, Storage, Communication & Services related to Broadcasting' has an average share of 5.7 per cent and average annual growth of 9.9 per cent. 'Financial services' is growing at an average annual rate of 7.7 per cent and has its average share of 10.0 per cent. 'Real Estate, Ownership of dwellings & Professional Services' with average share of 19.4 per cent is growing at an average annual rate of 11.1 per cent.

Graph 3.1 : Average share of the major sectors in GSDP/GDP

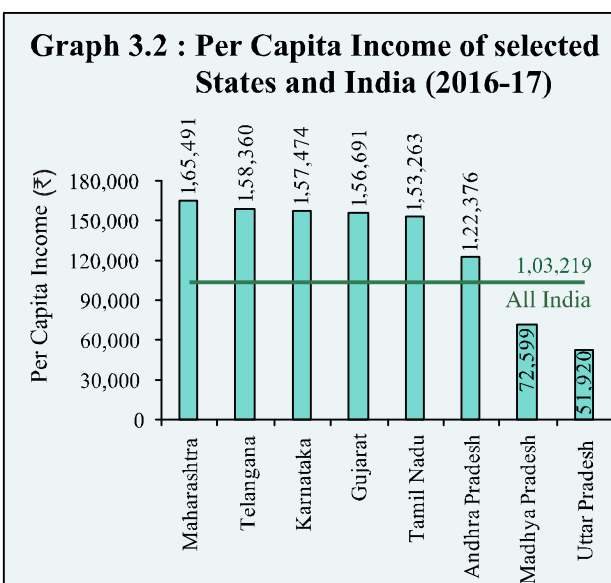

State Income (2016-17)

3.6 As per the first revised estimates, nominal State Income i.e. Net State Domestic Product (NSDP) at current prices is estimated at ₹ 19,86,806 crore in 2016-17, as compared to ₹ 17,51,276 crore in 2015-16 (second revised estimates) showing an increase of 13.4 per cent. The real State Income i.e. NSDP at constant (2011-12) prices in 2016-17 is estimated at ₹ 15,98,422 crore, showing an increase of 9.9 per cent over previous year. Details of GSDP & NSDP are given in Annexure 3.1 to 3.4.

3.6.1 The *Per Capita* Net State Income (i.e. *Per Capita* NSDP) at current prices is estimated at ₹ 1,65,491 during 2016-17 whereas it was ₹ 1,47,610 during 2015-16.

Graph 3.2 : Per Capita Income of selected States and India (2016-17)

Districtwise Gross Value Added

3.7 District Income is used for assessing the economy of a district. After revision in the series to 2011-12, there are changes in the methodology and nomenclature. Also, the estimation of value added at district level is beset with the problems of availability of data. Due to all these factors, the district level estimates are compiled using proxy indicators and presented in terms of Gross District Value Added (GDVA). Estimates of GDVA are compiled by the 'Income Originating Approach' and therefore, have inherent limitations. Hence, the GDVA may be used only to have a broad idea of economy at district level. The estimates of GDVA at current and constant (2011-12) prices and *Per Capita* GDVA at basic prices are given in Annexure 3.9. to 3.11.

Indian Economy

GDP Forecast (2017-18)

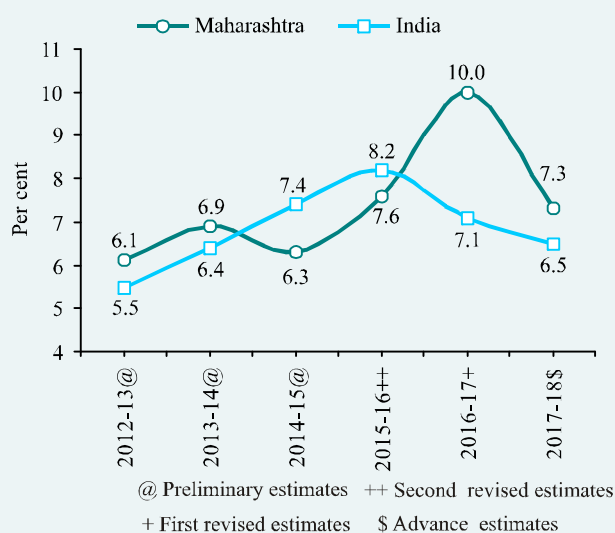

3.8 As per the First Advance Estimates released by the Central Statistics Office (CSO), GoI, the Indian economy is expected to register a GDP growth rate of 6.5 per cent in 2017-18. The total Gross Value Added (GVA) of the economy is likely to grow at the rate of 6.1 per cent. 'Agriculture & allied activities' sector registered growth of 2.1 per cent whereas, the 'Industry' and 'Services' sectors are expected to grow by 4.4 per cent and 8.3 per cent respectively during 2017-18.

3.8.1 The real GDP i.e. GDP at constant (2011-12) prices is likely to be ₹ 1,29,85,363 crore whereas, the nominal GDP i.e. GDP at current prices, is expected to be ₹ 1,66,27,585 crore.

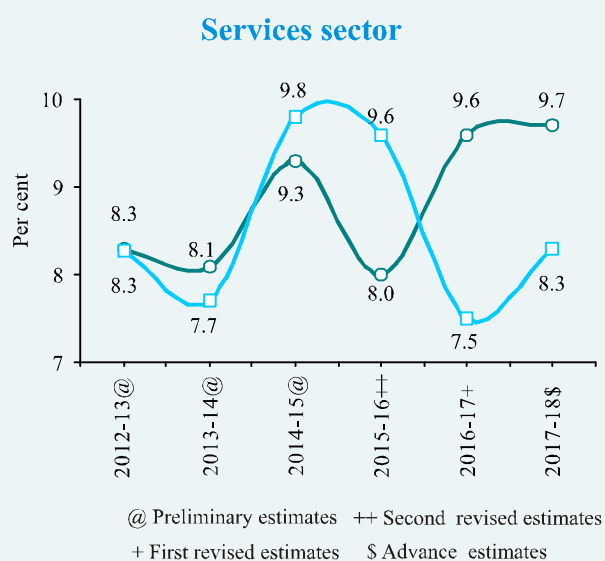

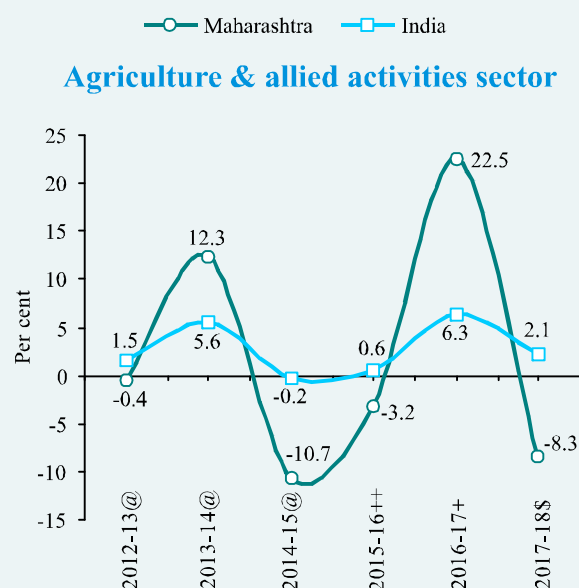

GDP (2016-17)

3.9 As per the first revised estimates, nominal GDP, during 2016-17 is ₹ 1,52,53,714 crore whereas real GDP is ₹1,21,96,006 crore. Real GVA of 'Agriculture & allied activities', 'Industry' and 'Services' sector is expected to grow by 6.3 per cent, 6.8 per cent and 7.5 per cent respectively. The growth of the economy during 2016-17 is expected to be 7.1 per cent over the previous year.

Graph 3.3 : Growth rates of GSDP and GDP

Graph 3.4 : Growth rates of GSVA and GVA

Sectoral share and growth (based on GVA) in the current series

3.10 In the current series (Base year 2011-12), from 2011-12 to 2017-18, the average share of 'Agriculture & allied activities' sector in GVA is 17.9 per cent and it is growing at an average annual rate of 2.6 per cent. Average share of Industry sector is 30.4 per cent, with average annual growth rate of 5.8 per cent. Services sector with largest average share of 51.7 per cent has average annual growth rate of 8.5 per cent. Table 3.2 gives annual growth rates of real GDP and sectoral real GVA over the previous year. Details of GDP & Net Domestic Product (NDP) are given in Annexure 3.5 to 3.8.

National Income

3.11 Nominal Net National Income (NNI) for 2016-17 is estimated at ₹ 1,34,92,657 crore with an increase of 11.0 per cent over the previous year. Real NNI for 2016-17 is estimated at ₹ 1,06,81,594 crore which has increased by 7.0 per cent over the previous year.

3.11.1 The Per Capita Net National Income in 2016-17 is estimated at ₹ 1,03,870 as against ₹ 94,731 in 2015-16.

World Economy

3.12 As per the World Economic Situation and Prospects 2018 report, global economic growth is estimated to have reached 3.0 per cent in 2017, a significant acceleration compared to growth of 2.4 per cent in 2016. The improved global economic situation provides an opportunity for countries to focus policy towards longer-term issues such as low carbon economic growth, reducing inequalities, economic diversification and eliminating deep-rooted barriers that hinder development. East and South Asia remain the world's most dynamic regions. However, the uneven pace of the global economic recovery continues to raise concern regarding prospects for achieving the Sustainable Development Goals.

3.12.1 Growth in the economy of the Developed countries is expected to be 2.2 per cent during 2017. Developing countries, which are expected to grow at 4.3 percent during 2017, are accounting for nearly 60 per cent of the World's Gross Product, thus performing as the main drivers of the global economy.

3.12.2 The growth rate of United States of America, Japan, France, Germany and China is 2.2 per cent, 1.7 per cent, 1.7 per cent, 2.0 per cent and 6.8 per cent respectively. The growth rate of South Asia is 6.3 per cent.

Prices and Public Distribution System

4. PRICES AND PUBLIC DISTRIBUTION SYSTEM

4.1 The effect of major change in prices on the cost of living has two main consequences. The first is change in the volume of consumption and the second is the change in the pattern of consumption. The government takes different measures to control the adverse price changes. Public Distribution System is one of the medium for this.

PRICES

4.2 A gap between demand and supply, a change in purchasing power of consumers and the international crisis affect the inflation. Exorbitant price rise deeply affects not only the daily life of a common man but also the economy. Hence, the government monitors the inflation regularly.

Consumer Price Index of the State

4.3 The rate of inflation is measured on the basis of Consumer Price Index (CPI). Directorate of Economics & Statistics, GoM compiles CPI (base year 2003) for rural and urban areas of the State on monthly basis. For this, retail prices of 106 items from 68 rural centres and 127 items from 74 urban centres are collected on a regular basis.

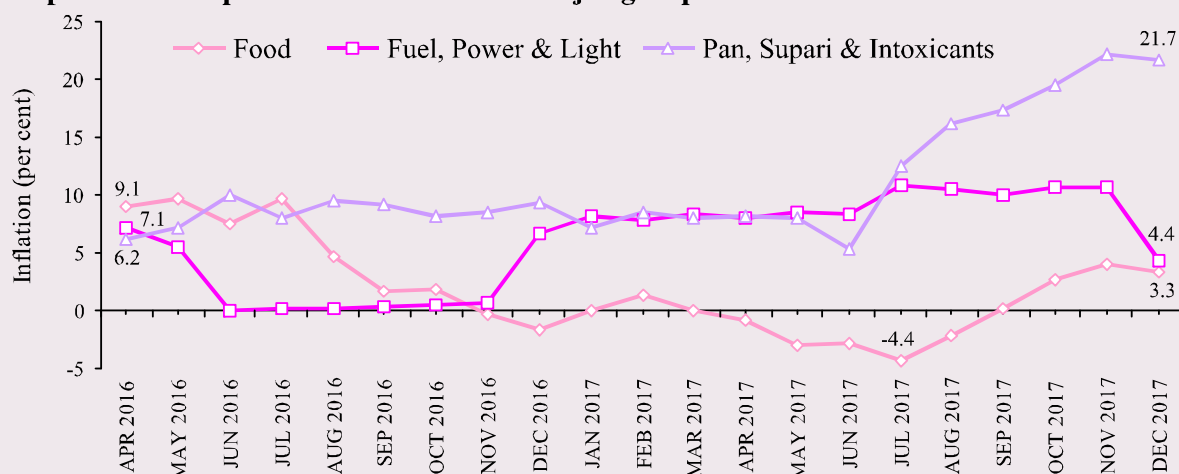

4.4 The average CPI for rural and urban areas from April to December, 2017 was 271.3 and 260.7 respectively. The average CPI for food group during the same period was 272.7 and 281.4 for rural and urban areas respectively, as against 273.8 and 280.8 during same period of the previous year. The average CPI for fuel, power & light group was 497.1 and 457.0 for rural and urban areas respectively, as against 455.6 and 418.5 during the same period of the previous year. Groupwise CPI for rural and urban areas are given in Annexure 4.1 and Annexure 4.2 respectively.

4.5 During April to December, 2017 the year-on-year rate of inflation based on average CPI for rural areas was 1.8 per cent and for urban areas it was 2.1 per cent. The year-on-year rate of food inflation during April to December, 2017 was (-)0.4 per cent for rural areas and 0.2 per cent for urban areas. Sub-groupwise food inflation based on average CPI for rural and urban areas is given in Table 4.1.

Table 4.1 Sub-groupwise food inflation based on average CPI (April-December)

Group	(per cent)			
	Rural		Urban	
	2016-17	2017-18	2016-17	2017-18
Food group	4.6	(-)0.4	4.6	0.2

CPI compiled by other agencies

4.6 Central Statistics Office (CSO), GoI compiles and publishes monthly CPI (base year 2012) for rural, urban areas and combined for All-India and States/UTs. For construction of these CPI, prices are collected from 281 items from 1,181 rural and 287 items from 1,114 urban centres, of these 66 rural centres and 86 urban centres are in the State. Average rural, urban and combined CPI for Maharashtra for the period April to December, 2017 were 139.9, 128.1 and 132.1 respectively showing inflation of 5.1 per cent, 3.1 per cent and 3.8 per cent respectively.

4.7 Labour Bureau, GoI publishes CPI for Agricultural Labourers (CPI-AL) and CPI for Rural Labourers (CPI-RL) with 1986-87 as their base year. Prices are collected from 600 centres, of these 54 centres are from the State. The average CPI-AL and CPI-RL for the State from April to December, 2017 were 959.8 and 953.8 showing inflation of 0.9 per cent and one per cent respectively over the corresponding period of the previous year. CPI-AL and CPI-RL for the State are given in Annexure 4.4.

4.8 CPI for Industrial Workers (CPI-IW) (base year 2001) is mainly used for determination of Dearness Allowance (DA) component of wages & salaries besides fixation & revision of minimum wages in the scheduled employments. It is compiled and published monthly by Labour Bureau, GoI. CPI-IW is based on retail prices of essential commodities and services in industrially

developed 78 selected centres in India, of which five centres are from the State. In addition to these five centres, the Office of the Labour Commissioner, GoM also compiles CPI-IW separately for five more centres in the State. CPI-IW for the State centres are given in Annexure 4.7.

Consumer Price Index at All-India Level

4.9 Average CPI for rural, urban and combined compiled by CSO for All-India for the period April to December, 2017 were 136.6, 132.0 and 134.5 respectively showing inflation of 3.2 per cent, 3.3 per cent and 3.3 per cent. CPI for rural, urban and combined areas for all states are given in Annexure 4.3.

4.10 Average CPI-AL and CPI-RL, compiled by Labour Bureau, GoI for All-India for the period April to December, 2017 were 888.4 and 894.4 respectively showing inflation of 2.1 per cent and 2.2 per cent. CPI-AL and CPI-RL for All-India are given in Annexure 4.4.

4.11 The average All-India CPI-IW during April to December, 2017 was 283.4 which showed inflation of 2.5 per cent. All-India CPI-IW & CPI-IW for central centres are given in Annexure 4.5 & Annexure 4.6 respectively.

Wholesale Price Index at All-India

4.12 Wholesale Price Index (WPI) measures the changes in prices of wholesale transactions of all the commodities in the country over a period of time. It is compiled and published by the Office of the Economic Adviser, Ministry of Commerce and Industry, GoI. The various commodities taken into consideration for computing the WPI are categorised into primary articles, fuel & power and manufactured products.

4.13 WPI (base year 2011-12) for all commodities increased from 113.2 in April, 2017 to 115.7 in December, 2017. During the same period, it increased from 127.4 to 131.7 for primary articles group, from 91.7 to 96.5 for fuel & power group and from 112.6 to 114.0 for manufactured products group. Groupwise WPI are given in Annexure 4.8.

4.14 The year-on-year rate of inflation based on WPI decreased from 3.9 per cent in April, 2017 to 3.6 per cent in December, 2017. For primary articles group, the year-on-year rate of inflation increased from one per cent in April, 2017 to 3.9 per cent in December, 2017. The year-on-year rate of inflation decreased from 3.1 per cent in April, 2017 to 2.6 per cent in December, 2017 for manufactured products group. For fuel & power group, the year-on-year rate of inflation decreased from 17.1 per cent in April, 2017 to 9.2 per cent in December, 2017. For food sub-group in primary articles group, it increased to 4.7 per cent in December, 2017 from 0.6 per cent in April, 2017. The inflation rate based on important price indices at All-India level are given in Annexure 4.9.

PUBLIC DISTRIBUTION SYSTEM

4.15 The Sustainable Development Goals (SDG) envisage to end the poverty, protect the planet and ensure that all people enjoy peace and prosperity. The 17 goals are interlinked and are to be viewed in the spirit of partnership and pragmatism to make the right choices to improve life. Poverty eradication is at the heart of the 2030 agenda. The Public Distribution System (PDS) is a powerful tool which is helpful in achieving the SDG. It involves managing the procurement & supply of essential commodities at subsidised prices to the identified categories of beneficiaries.

4.15.1 The responsibility of procurement, storage and bulk allocation of commodities is shouldered by GoI while the responsibility of identification of families Below Poverty Line (BPL), issuing of ration cards, distributing the commodities to the beneficiary families through Fair Price Shops (FPS) and supervising & monitoring the functions of FPS is shouldered by the State government. Wheat, rice, sugar and kerosene are the main commodities distributed through a network of FPS. A fair price shop is opened and operated taking into consideration the convenience of the ration card holders and topography of the area for ensuring availability of foodgrains even in remote areas.

4.16 There are 51,273 FPS operating in the State as on 31st December, 2017. Of which 5,427 are in tribal areas and 28 are mobile shops. As per the National Food Security Act, while giving licenses to FPS, preference is given to public institutions for effective functioning of PDS. FPS by type of ownership are given in Table 4.2 and number of FPS in selected states are given in Table 4.3.

Table 4.2 FPS by type of ownership

(As on 31st December, 2017)

4.16.1 Regular inspections of FPS are being carried out to keep check on malpractices and for ensuring the quality of foodgrains supplied through it. During January to December, 2017 about 0.87 lakh inspections were carried out as against the target of about 1.03 lakh. Licenses of 209 FPS were cancelled, 299 were suspended and fine of ₹ 101.73 lakh was collected. In addition, vigilance committees have been set up at various levels in the State to monitor the distribution of essential commodities through PDS and for ensuring the participation of public in monitoring of PDS. During 2017-18 upto December, number of vigilance committees set up was 27 at municipal corporation, 172 at municipal council, 32 at district, 321 at taluka level and 27,928 at village level as against 25 at municipal corporation, 144 at municipal council, 31 at district and 288 at taluka level respectively during similar period of the previous year.

4.17 The total number of existing ration cards upto December, 2017 was 2.56 crore, of which about 0.45 crore were BPL card holders and about 0.25 crore were *Antyodaya Anna Yojana* (AAY) card holders. Also *Annapurna scheme*, a centrally sponsored scheme is being implemented in the State. Under the scheme 10 kg of foodgrains per month are provided free of cost to old destitute people of age 65 years & above who do not get benefit under the National old age pension scheme or State pension scheme. Number of *Annapurna* card holders upto December, 2017 was 0.48 lakh. The verification drive of cards was carried out and number of cards cancelled during 2017-18 upto December was 2.23 lakh. Number of card holders by type is given in Table 4.4 and districtwise number of card is given in Annexure 4.10.

Beneficiaries under National Food Security Act

4.18 The National Food Security Act 2013 (NFSA) was enacted by the GoI. It is aimed to provide food and nutritional security to the citizens for assured availability of adequate quantity of quality food at affordable prices to meet their food requirements. NFSA is being implemented in the State since 2014, and as per the Act about seven crore (62.3 per cent) population in the State is entitled to get foodgrains at subsidised rates. This covers about 4.7 crore population in the rural areas and about 2.3 crore population in the urban areas. Under this act, beneficiaries are categorised as AAY and Priority Household (PH). All families from BPL and 216.85 lakh beneficiaries (having annual family income upto ₹ 44,000) in rural areas and 183.22 lakh beneficiaries (having annual family income upto ₹ 59,000) in urban areas from APL (saffron card holders) are termed as Priority Households.

4.18.1 As per this Act, AAY beneficiaries continue to receive 35 kg of foodgrains per family per month and PH beneficiaries (5.92 crore beneficiaries) receive five kg of foodgrains per person per month. The Act stipulates giving rice at ₹ three per kg, wheat at ₹ two per kg and coarse grains at ₹ one per kg to the beneficiaries. Allotment, off-take and distribution of foodgrains to FPS under

NFSA is given in Table 4.5 and regionwise allotment, off-take and distribution of foodgrains to FPS during 2016-17 & during 2017-18 upto December under AAY are given in Annexure 4.14 & Annexure 4.15 respectively. Number of persons covered and ration cards of selected states under NFSA are given in Table 4.6.

Non-NFSA beneficiaries

4.19 APL farmers (about 68 lakh saffron card holders) from all districts of Aurangabad & Amravati regions and Wardha district from Nagpur region which were not covered under NFSA are being supplied foodgrains since August, 2015 at the same rate and quantity applicable to PH beneficiaries, for which the cost is borne by the State. Allotment, off-take and distribution of foodgrains to FPS for saffron card holder APL farmers are given in Table 4.7.

+ upto December

4.19.1 The total 1.77 crore beneficiaries not covered under NFSA, are being provided foodgrains under NFSA rate after verification of ration cards and completion of AADHAR seeding work.

4.19.2 To include the rightful and needy beneficiaries in NFSA, 'Opt out of subsidy' scheme has been introduced in the State from October, 2016 by making evocation to the present NFSA beneficiaries to leave voluntarily the benefits under the Act, if they do not require foodgrains at a subsidised rate.

Distribution of coarse grains

4.20 Apart from rice and wheat, coarse grains are also distributed to the PH and AAY beneficiaries in the State. The distribution of coarse grains to FPS for PH and AAY beneficiaries is given in Table 4.8.

Distribution of foodgrains to establishments holding ration card

4.21 In addition to allocation to FPS for various households in the State, GoI sanctions allocation of foodgrains for establishments (welfare institutes such as *ashram shala*, hostels, etc.) holding ration card. The foodgrains (15 kg quantity per inmate) are distributed per month to these institutes at the rate of ₹ six per kg for rice and ₹ five per kg for wheat. The number of establishments holding ration card was 4,910 with 5.15 lakh inmates. Allotment, off-take and distribution of foodgrains to FPS for establishments holding ration card are given in Table 4.9

Sugar

4.22 Under the PDS, sugar was distributed to BPL and AAY card holders upto June during 2017-18. As per the guidelines of GoI, since July, 2017 sugar is being distributed only to the AAY cardholders and GoI has fixed monthly allocation of about 2,505 MT to the State. The sale price of sugar is ₹ 20 per kg and regular quantum of sugar supplied is one kg per family per month. Subsidy for sugar procurement received from GoI in the year 2016-17 was ₹ 313.28 crore. Allotment, off-take and distribution of sugar to FPS is given in Table 4.10.

Kerosene

4.23 Under the PDS, kerosene is provided to the card holders excluding all those having a gas connection. As per the Maharashtra Scheduled Commodities Retail Dealers Licensing Order, 1979 a license is required for stock and trade of kerosene. There are 61,741 kerosene license holders in the State, of which 669 are wholesalers, 1,537 semi wholesalers and 59,535 are retailers.

4.23.1 Quantum of kerosene supplied per month to card holders with one, two and three & above persons is two, three and four litres respectively. Kerosene is made available at the retail rate varying from ₹ 23.29 to ₹ 25.95 per litre in different districts of the State. Allotment and off-take of kerosene are given in Table 4.11.

Decentralised procurement

4.24 Decentralised procurement of foodgrains scheme has been introduced by GoI with a view to enhance the efficiency of procurement for PDS and encourage local procurement to the maximum extent thereby extending the benefits of Minimum Support Price (MSP) to local farmers as well as to save on transit costs. Under this scheme, paddy and coarse grains are being purchased by the State on behalf of GoI. These foodgrains are stored and distributed under PDS and other welfare schemes.

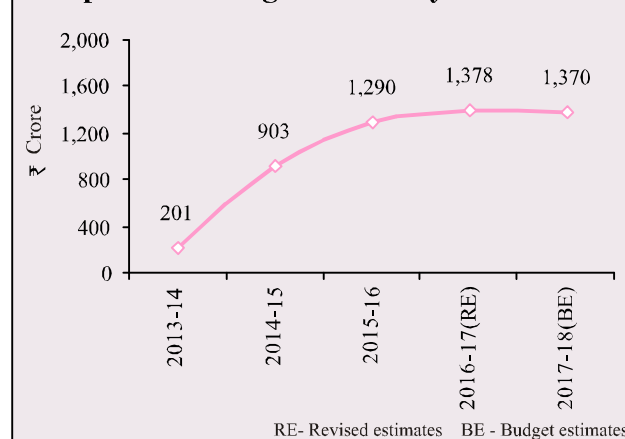

Godowns

4.25 The foodgrains to be distributed under PDS are lifted from the Food Corporation of India (FCI) godowns and stored in godowns owned or hired by the State. During 2017, number of godowns owned by the State was 1,102 with total storage capacity of 6.94 lakh MT. Out of these, condition of 225 godowns with capacity of 0.99 lakh MT was not suitable for storage and 18 godowns with 0.09 lakh MT capacity were given on rental basis. The State has hired 106 godowns with the capacity of 0.73 lakh MT for storage of foodgrains. To augment the storage capacity and avoid the wastage of foodgrains under PDS, construction of new godowns with total capacity 5.95 lakh MT has been undertaken by the State with the financial help from NABARD. Under this programme, upto December, 2017 administrative approval for construction of 237 godowns has been given (3.33 lakh MT) and funds of ₹ 277.26 crore have been made available for construction of 217 godowns. Districtwise number of godowns available and their capacity are given in Annexure 4.13.

Foodgrain subsidy

4.26 The foodgrain subsidy is the financial assistance provided under the PDS for foodgrain distribution, meeting the expenditure on maintenance of reserve stock to combat the adverse situation and the loss that the State has to bear due to difference in the cost of foodgrain procurement and sale price. As per the budget estimates foodgrain subsidy for 2017-18 is about ₹ 1,370 crore.

Graph 4.6 : Foodgrain subsidy

Enforcement of Essential Commodity Act

4.27 The State is empowered to issue orders to control production, distribution, trade and commerce of essential commodities under the Essential Commodity Act, 1955. The GoI has extended stock limit on edible oil and edible oilseeds upto 30th September, 2018. Accordingly, as per the Maharashtra Scheduled Commodities Retail Dealers Licensing Order, 1979 State has imposed the stock limit on edible oil and edible oilseeds except soyabean upto 30th September, 2018.

Computerisation of PDS

4.28 The project of computerisation of PDS is being implemented in the State to facilitate distribution of right quantity of foodgrains regularly in transparent manner to proper and eligible beneficiaries only. Digitisation of about 2.42 crore ration cards has been completed. AADHAR seeding of 87 per cent beneficiaries under NFSA and 93 per cent beneficiaries under APL farmers from draught prone 14 districts scheme in PDS database has been completed. Also AADHAR enabled payment system (AePS) has been piloted which resulted in increase in AADHAR verified transactions. Under the project, distribution of commodities through PDS by authenticating biometric identity of beneficiaries, installation and commissioning of e-PoS devices in all FPS has been completed. Foodgrains distribution through PoS (Point of Sale) devices during December, 2017 was 2.63 lakh MT (69 per cent of total distribution). The distribution of foodgrains through PoS devices has resulted in reduction to the tune of about 10 per cent in lifting of overall foodgrains. Also online ration card application and tracking system has been developed.

State Food Commission

4.29 Under the provisions of NFSA section 16(1), the State has constituted the State Food Commission for effective implementation of the act. The functions entitled to the Commission are

- Monitoring and evaluating the implementation of the act
- Either suo motu or on receipt of complaint inquiring into violations of entitlements provided under Chapter II of the act
- Advice to the State Government on effective implementation of this act
- Advice for the effective implementation of food and nutrition related schemes
- Hearing appeals against orders of the District Grievance Redressal Officer

State Consumer Dispute Redressal Commission

4.30 The State Consumer Dispute Redressal Commission has been constituted in the State to redress the grievances of the consumer. The head office of the Commission is in Mumbai with two circuit benches at Aurangabad and Nagpur. In the State, District fora have been established for each district at the district head quarters and additional fora at Mumbai, Mumbai Suburban, Thane, Pune and Nagpur taking into consideration the heavy filing of the complaints. The complaints from ₹ 20 lakh to ₹ one crore are redressed by the State Commission and the complaints below and upto ₹ 20 lakh are redressed by District Fora. Since constitution of the Commission including 34 district fora, 4,88,199 complaints were received, of which 4,33,807 grievances were solved upto December, 2017.

5

Public Finance

5. PUBLIC FINANCE

5.1 Economic and social development has remained prime focus of the Government which demands tapping of adequate financial resources. Therefore, monitoring macroeconomic indicators such as own tax revenue, subsidies, revenue deficit and fiscal deficit is important.

Budget 2017-18

5.2 The Budget 2017-18 was presented with expected surplus of ₹ 104 crore. The total receipts and total expenditure are expected to increase by 4.9 per cent and 4.5 per cent respectively over the previous year. Important fiscal indicators are given in Table 5.1 and details of budget at a glance are given in Annexure 5.1.

5.3 The budget 2017-18 reveals expected revenue deficit of ₹ 4,511 crore. Expected increase in revenue receipts and revenue expenditure is 10.8 per cent and 5.9 per cent respectively over the previous year.

Revenue Receipts

5.4 As per 2017-18 (BE) revenue receipts are expected to be ₹ 2,43,738 crore, of which tax revenue is ₹ 1,90,842 crore. Revenue receipts are given in Table 5.2.

Tax Revenue

5.5 Expected share of taxes levied by the State is 78.3 per cent in the total revenue receipts during 2017-18 (BE). The tax revenue is expected to increase by 11.6 per cent during 2017-18 over the previous year. Tax revenue is given in Table 5.3.

5.5.1 The share of Own Tax Revenue (OTR) in the tax revenue and in total revenue receipts is expected to be 80.4 per cent and 63.0 per cent respectively as per 2017-18 (BE). OTR is expected to increase by 11.8 per cent during 2017-18. The details of OTR are given in Annexure 5.2.

Non-Tax Revenue

5.6 During 2017-18 Non-tax revenue is expected to increase by 7.8 per cent over the previous year. However, it has been increased by 61.8 per cent from 2015-16 to 2016-17 (RE). Expected share of non-tax revenue in total revenue receipts is 21.7 per cent. Non-tax revenue is given in Table 5.4.

5.7 As per the 14th Finance Commission (FC) recommendations, the proportion of central pool of taxes devolved to states increased from 32 per cent (as per 13th FC) to 42 per cent. Accordingly, State's share in devoluble amount (excluding service tax) from central taxes has increased from 5.199 per cent to 5.521 per cent and the share of service tax has increased from 5.281 per cent to 5.674 per cent. The State is expected to receive ₹ 37,405 crore as share in central taxes in 2017-18. Of which, expected share of service tax is ₹ 6,027 crore.

Goods and Services Tax (GST)

5.8 Goods and Services Tax Council has been constituted under the Article 279A of the Constitution (101st Amendment) Act, 2016. The GST Council is a joint forum of the Centre and the States. This Council functions under the Chairmanship of the Union Finance Minister. The Council makes recommendations to the Union and the States on important issues like tax rates, exemption list of goods and services, threshold limits of turnover below which goods and services may be exempted, etc.

5.8.1 Goods and Services Tax (GST) is being implemented in the State since 1st July, 2017. GST is a single tax on the supply of goods and services right from manufacturer to consumer. GST is an amalgamation of Central and State indirect taxes. Central level taxes being subsumed are Central Excise Duty, Additional Excise Duties, Excise Duties levied under the Medicinal and Toilet Preparation Act, Service Tax, Additional Customs Duty, Special Additional Duty of Customs, surcharges and cesses. The State level taxes being subsumed under GST are Value Added Tax (VAT), Sugarcane Purchase Tax, Central Sales Tax (CST) & VAT adjusted against CST, Entry Tax on goods, Entertainment Tax, Betting Tax, Luxury Tax, Cinematography advertisement Tax, Lottery Tax, Forest Development Tax, Tax under Medicinal and Toilet preparation containing alcohol and Octroi by Municipal Corporation of Greater Mumbai, Local Body Tax by Municipal Corporations other than Greater Mumbai, Advertisement fees on sky signs collected by Greater Mumbai and other Municipal Corporations. The GST has three components - Central GST (CGST), State GST (SGST) and Integrated GST (IGST) on inter-state trade or commerce. The total SGST receipts in the State upto December, 2017 were ₹ 30,138 crore.

Revenue receipts during 2017-18

5.9 By the end of December, 2017 total actual revenue receipts were 68.1 per cent of 2017-18(BE), in which tax revenue collection was 74.0 per cent. Tax revenue and non-tax revenue collected was ₹ 1,41,261 crore and ₹ 24,744 crore respectively. Revenue receipts during 2016-17 and 2017-18 are given in Table 5.5.

Grants-in-aid as per 14th FC recommendations

5.10 The 14th FC has recommended grants-in-aid to State's rural and urban local bodies (basic grants to performance grants in the ratio 90:10 for rural local bodies and 80:20 for urban local bodies respectively). Also 14th FC has recommended provision of funds for the State Disaster Response Fund (SDRF) which has been accepted by GoI. As per the guidelines of GoI, of the total size of SDRF, the ratio of Centre and State's contribution to SDRF is 75:25 for general category states. Grants-in-aid received and expenditure is given in Table 5.6.

backward classes & minorities, 7.3 per cent towards urban development and 7.2 per cent towards agriculture & allied activities. Non-development expenditure is increasing at 11.1 per cent CAGR over last five years. Revenue expenditure by type is given in Table 5.8.

5.11.2 The total revenue expenditure of the State by the end of December, 2017 was ₹ 1,54,278 crore (62.1 per cent of 2017-18 (BE)). Development expenditure incurred was ₹ 1,01,487 crore (61.2 per cent of 2017-18(BE)). Of the total development expenditure, expenditure incurred on social services was ₹ 58,796 crore (51.5 per cent of 2017-18 (BE)).

Graph 5.3 : Expenditure on social and economic services

Subsidies

5.12 The subsidies given during 2015-16 are ₹ 17,989 crore and ₹ 23,899 crore during 2016-17 (RE). The major subsidies given during 2016-17 (RE) are:

- ₹ 8,271 crore compensation to Maharashtra State Electricity Distribution Company Ltd. for subsidised tariffs to agriculture and powerlooms.
- ₹ 2,675 crore compensation in order to recoup losses of Maharashtra State Road Transport Corporation for providing concessional fares to certain categories of passengers such as senior citizens, students, freedom fighters, etc.
- ₹ 2,650 crore incentives under package scheme of incentives to industrial units.
- ₹ 1,701 crore for premium subsidy under *Pradhanmantri Crop Insurance Scheme* (State share).
- ₹ 1,378 crore for foodgrain distribution and related schemes like *Antyodaya Anna Yojana*, *Annapurna Scheme*, etc.

5.13 Expenditure of the State budget is classified into significant economic categories as per the guidelines given by Central Statistics Office (CSO), GoI. The details of government final consumption expenditure and capital formation are given in Annexure 5.5.

Capital Receipts and Capital Expenditure

5.14 The components of capital receipts are recovery of loans, other receipts such as inter-state settlement, contingency fund & its appropriation and borrowings & other liabilities. The borrowings and other liabilities during the year are expected to contribute to 96.9 per cent in the capital receipts. Of which, expected share of internal debt is 87.8 per cent. Capital receipts for 2017-18 are expected to decrease by 7.8 per cent over the previous year.

5.15 The capital expenditure consists of capital expenditure outside the revenue account, loans & advances given by the State Government and repayment of public debt. Capital expenditure is anticipated to be ₹ 52,149 crore in 2017-18, which is 17.4 per cent of the total expenditure. Major part of capital expenditure is capital expenditure outside the revenue account (expected share 64.8 per cent), which is an expenditure on capital assets i.e. fully development expenditure. Capital expenditure outside the revenue account is expected to increase by 11.2 per cent over the previous year. Capital receipts and capital expenditure are given in Table 5.9.

Table 5.9 Capital receipts and capital expenditure

Deficit Trends

5.16 The 14th FC has laid down the consolidated fiscal reform path for the states for the period 2015-16 to 2019-20 and the same is given in Table 5.10.

5.16.1 The expected fiscal deficit of 1.6 per cent of GSDP (base year 2011-12) and rolling target for fiscal management set at 1.53 per cent for 2017-18 (BE) for the State are well within the fiscal limit of 2.8 per cent of GSDP set by the 14th FC. Some fiscal indicators of selected states are given in Table 5.11.

Table 5.10 Consolidated fiscal reform path for the states(per cent of GSDP^{\$})

Year	Fiscal limits	
	Fiscal deficit	Debt stock
2015-16	2.8	21.9
2016-17	2.8	22.1

Debt Position

5.17 The liabilities (debt stock) of the State comprise of accumulated unpaid loan and other liabilities on the State. As per 2017-18 (BE), the debt stock of the State is expected to be ₹ 4,13,044 crore, which is 16.6 per cent of GSDP, well within the limit (22.2 per cent) laid down by the 14th FC. The average cost of borrowing is expected to be 8.4 per cent during 2017-18 (BE). Debt stock and interest payments are given in Table 5.12.

Economic Survey of Maharashtra 2017-18

5.17.1 As per 2017-18 (BE) Open market borrowings and securities from National Small Savings Fund contribute to about 77.9 per cent of the debt stock. Internal debt of the State has reached to ₹ 3,31,435 crore (80.2 per cent of debt stock), of which open market borrowings are expected to be ₹ 2,54,366 crore. The overall internal debt is ₹ 49,500 crore, of which expected open market borrowings are ₹ 45,000 crore. Out of this internal debt, 31.0 per cent will be used for repayment of loans.

Development programme 2017-18

5.20 As per the GoI guidelines, since 2017-18, budget expenditure is being classified as committed expenditure & scheme expenditure and revenue expenditure & other (capital, debt) expenditure. Nomenclature of erstwhile Scheduled Caste Sub-Plan and Tribal Sub-Plan is also changed as Scheduled Caste Component Schemes and Tribal Component Schemes respectively.

5.21 As per the development programme 2017-18, annual scheme proposed fund is of ₹ 77,184 crore, of which ₹ 7,562 crore fund has been proposed for district plan. Sectorwise annual scheme proposed fund is given in Table 5.15.

Institutional Finance & Capital Market

6. INSTITUTIONAL FINANCE AND CAPITAL MARKET

6.1 Financial system helps in mobilisation and collection of scattered savings from different sections. It also increases the overall level of savings & investment and more efficiently caters to most desirable and productive investments in accordance with the priorities, thereby leading to overall economic development. These processes of saving, finance & investment involve closely interlinked financial institutions, financial markets, financial instruments and services.

Banking financial institutions

6.2 The banking institutions are prime institutions both in deposits and advances. The Scheduled Commercial Banks (SCBs) comprise of SBI & its associates (five associates of SBI have been merged in SBI on 1st April, 2017), nationalised banks, foreign banks, Regional Rural Banks (RRB) and private banks.

6.3 As on 31st March, 2017 in all 12,191 banking offices of SCB (about nine per cent of the total banking offices in India) are functioning in the State. Of which, 24.9 per cent are in rural areas, 22.9 per cent are in semi-urban areas and 52.2 per cent in urban areas. Average population served per bank office in the State was 9,965 as against 9,720 at All-India level. The Credit-Deposit (CD) ratio of the State is 106.3 per cent whereas, that of All-India is 73.7 per cent. Deposits and credit of SCB in the State are given in Table 6.1 and its series is given in Annexure 6.1.

Table 6.1 Deposits and credit of SCB in the State

Particulars	(As on 31 st March)							
	Rural		Semi-urban		Urban		Total

Source: Reserve Bank of India

6.4 As on 31st March, 2017 per capita deposits and per capita credit of SCB in the State are ₹ 1,78,101 and ₹ 1,89,289 respectively. The corresponding figures at All-India level are ₹ 80,284 and ₹ 59,193. The share of nationalised banks excluding SBI & its associates in the aggregate deposits and credit of SCB in the State was 43.0 per cent and 42.0 per cent respectively. CD Ratio of SBI & its associates is highest (127.6 per cent). Deposits and credit of SCB in the State according to bank group are given in Table 6.2.

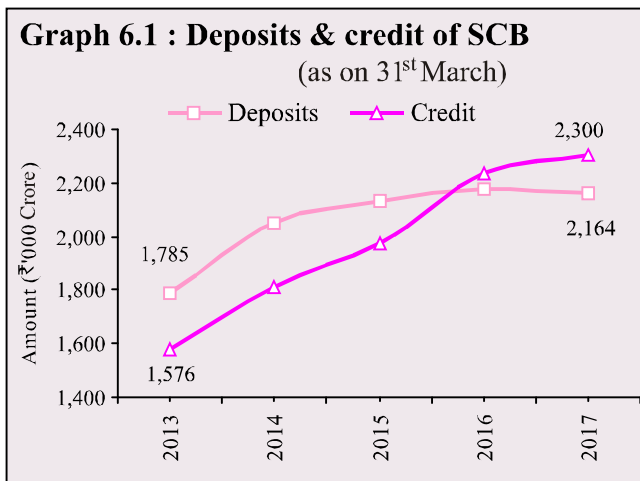

Table 6.2 Bank groupwise deposits and credit of SCB in the State(As on 31st March)

6.6 Priority sector lending is an important role given by the Reserve Bank of India to SCB for providing a specified portion of the lending to few specific sectors like agriculture & allied activities, micro, small & medium enterprises, housing for poor, other low income groups & weaker sections. As on 31st March, 2017 maximum (44.4 per cent) advances were outstanding towards 'agriculture & allied activities' sector followed by micro, small & medium enterprises (33.4 per cent). Distribution of outstanding advances given by SCB in the State to priority sector is given in Table 6.4

Table 6.4 Distribution of outstanding advances given by SCB in the State to priority sector(As on 31st March)

Priority sector	Accounts ('000)		Amount outstanding (₹ '000 Crore)	
	2016	2017	2016	2017
Agriculture & allied activities	5,502	5,751	252.1	280.5
Micro, small & medium enterprises	2,674	2,757	184.9	211.2
Education	208	204	4.9	5.1
Housing	935	871	94.7	102.7
Export	3	2	32.7	29.1
Others	705	361	3.4	2.8
Total	10,027	9,946	572.7	631.4

Source: Reserve Bank of India

6.7 As on 31st March, 2017 of the total outstanding credit, about 44.1 per cent was from nationalised banks, followed by private banks (30.8 per cent) and SBI & its associate banks (17.3 per cent). Outstanding credit of SCB in the State is given in Table 6.5.

6.8 As on 31st March, 2017 the maximum (23.8 per cent) outstanding credit of SCBs in the State was towards manufacturing occupation followed by personal loans (16.8 per cent) and finance occupation (15.1 per cent). Occupation groupwise outstanding credit of SCB in the State is given in Table 6.6.

Annual credit plan

6.9 RBI has adopted 'Service area approach' for making credit available in every village with district as the unit of service area. Annual credit plan mainly seeks to indicate the scope for the development of various economic activities with an emphasis on increasing opportunities for weaker sections. It thus, ensures adequate & timely flow of credit to priority and neglected sectors. Accordingly, annual credit plan of the State is prepared and monitored by the convener bank of State Level Bankers Committee. Bank of Maharashtra is designated as the convener bank for the State. The plan size for priority sector of the State for 2017-18 is ₹ 2.91 lakh crore.

In this plan, the share of 'agriculture & allied activities' is 26.5 per cent and that of 'rural artisans, village & cottage industries and Small Scale Industries (SSI)' sector is 66.1 per cent. The credit disbursement to priority sector in the State under annual credit plan is given in Table 6.7 and districtwise annual credit plan is given in Annexure 6.2.

Micro finance

6.10 'SHG bank linkage programme' has now become the largest community based microfinance initiative. It is a proven platform for increasing the outreach of banking services among the poor. It provides multiple services like lending, savings, life insurance, crop insurance, etc. All the major parameters viz., the number of SHG with saving bank accounts, amount of credit disbursed during the year and bank loans outstanding had shown positive growth over the years. Savings, loans disbursed and loans outstanding of SHG under 'SHG bank linkage programme' in the State are given in Table 6.8.

Table 6.8 Savings, loans disbursed and loans outstanding of SHG under SHG bank linkage programme in the State(As on 31st March, 2017)

Financial inclusion

6.11 Effective financial inclusion should be reflected not only in terms of access but in the use of financial services. On the same line, the launch of *Pradhan Mantri Jan Dhan Yojana* (PMJDY) committed India to an ambitious agenda of financial inclusion in mission mode. Under PMJDY, upto 7th February, 2018 total 2.20 crore accounts were opened in the State, of which 1.06 crore accounts (48.2 per cent) were from rural areas. Of the total accounts opened under PMJDY, about

26 per cent were zero balance accounts. The total deposits in these accounts was to the tune of ₹ 4,304 crore. Under the scheme, about 1.52 crore 'RuPay cards' were issued. Banking facilities provided under financial inclusion by SCBs in the State are given in Table 6.9 and district wise details of PMJDY are given in Annexure 6.3.

Table 6.9 Banking facilities provided under financial inclusion by SCB in the State

Rural Infrastructure Development Fund

6.13 The GoI has set up Rural Infrastructure Development Fund (RIDF) in 1995-96 for financing ongoing rural infrastructure projects at low cost to the state governments. The fund is managed by NABARD. Scheduled Commercial Banks, both public and private which are unable to meet their targets for priority sector lending are required to deposit the shortfall amount in RIDF with NABARD which are reallocated to SCB as and when required. At present, 36 activities are covered under broad categories of agriculture & allied activities, social and rural connectivity sector and the loans are provided up to 95 per cent, 85 per cent and 80 per cent of the project cost respectively. Upto March, 2017 XXII tranches have been launched and an amount of ₹ 10,496 crore have been disbursed to the State. Projects sanctioned and loans disbursed under RIDF are given in Table 6.11.

Table 6.11 Projects sanctioned and loans disbursed under RIDF

Tranche	Year	Projects sanctioned (no.)	Loans disbursed (₹ Crore)

Agriculture & Allied Activities

7. AGRICULTURE AND ALLIED ACTIVITIES

7.1 Agriculture & allied activities sector plays an important role in the economic development of the State. The share of agriculture & allied activities sector in the total Gross State Value Added (GSVA) is about 12.2 per cent during 2016-17 as against 15.3 per cent during 2001-02 which shows declining trend over the period, whereas major portion of the population is still dependent on this sector. Reduction in average size of agricultural holdings, increasing number of marginal & small farmers, dependency on monsoon & weather, low productivity are the major concerns of the agriculture sector in the State.

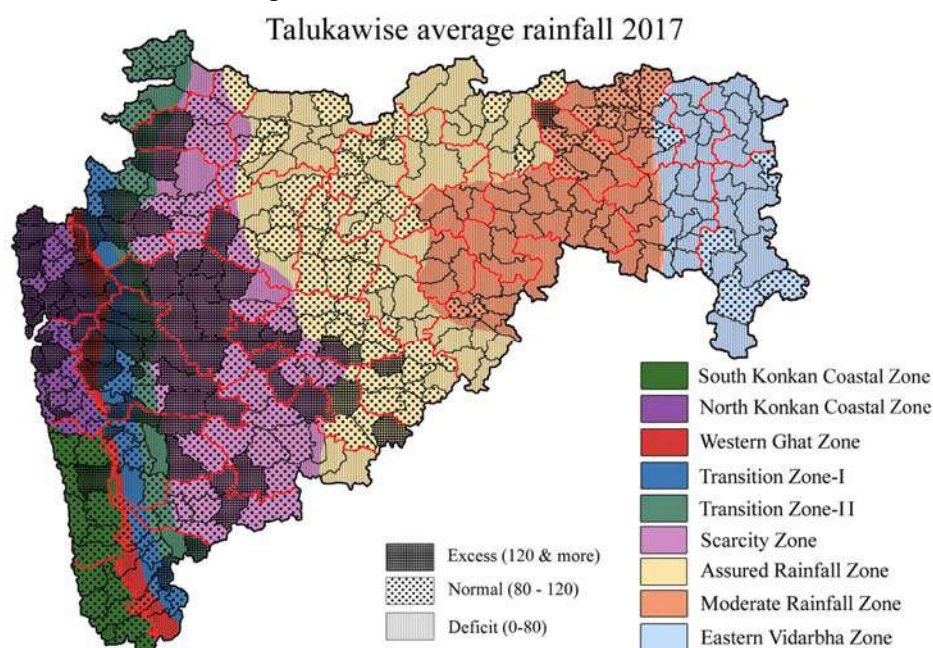

7.1.1 Though, the share of the allied activities in the Agriculture & allied activities sector is comparatively less, its contribution with reference to livelihood is of immense importance. The increasing consumption of fruits & vegetables, milk & milk products, poultry, meat, fish and flowers due to changing lifestyle indicates substantial growth potential. This potential needs to be tapped to the greater extent for enhancing farmers income.

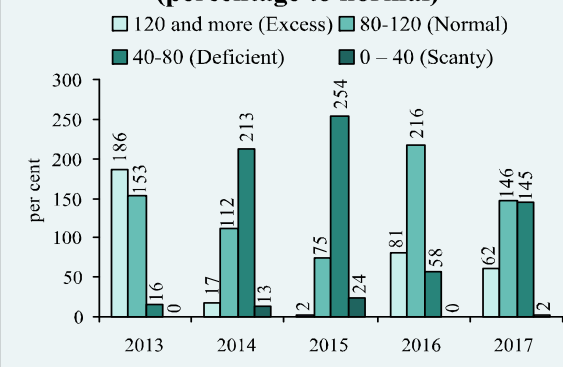

7.1.2 Sustainable Development Goals envisages promotion of sustainable agriculture and ensuring availability & sustainable management of water. Accordingly, the major initiatives like, enhancement of crop productivity, improving yield and quality of horticulture & floriculture, reducing cost of cultivation, integrated farming system approach, promotion of group farming, soil & water conservation for moisture security, creation of quality infrastructure for storage and processing to control wastage, post-harvest technology for value addition, promotion of value addition chain, promoting export of agriculture produce, agriculture credit and risk mitigation are incorporated in the Vision 2030 document of the State.

Agro-climatic profile

7.2 Maharashtra has typical monsoon climate with tropical conditions prevailing all over the State with three distinct seasons of which rainy season comprises of June to September. There are large variations in the quantity of rainfall within different parts of the State. The State has nine agro-climatic zones based on rainfall, soil type and the vegetation.

7.2.1 Monsoon rains arrived on 8th June, 2017 in Konkan region. The total rainfall in the State during 2017 was 84.3 per cent of the normal as against 94.9 per cent during 2016. Classification of districts according to broad category of rainfall received is given in Table 7.1. The monthwise classification of talukas according to rainfall received is given in Table 7.2. The regionwise monthwise actual rainfall data are given in Table 7.3.

Operational holdings

7.3.1 As per the Ninth Agricultural Census (2010-11), number of operational holdings and area of operational holdings was 1.37 crore & 1.98 crore ha as against 0.50 crore & 2.12 crore ha respectively as per the First Agricultural Census (1970-71). Over this period, the average size of holding decreased from 4.28 ha to 1.44 ha. The operational holdings and area in the State as per the Agricultural Census 2010-11 is given in Table 7.4. The average size of holding for SC and ST was 1.27 ha and 1.80 ha respectively. The share of female operational holders was 15.0 per cent with 1.26 ha of average size of holding. The time series data on operational holdings in the State is given

in Annexure 7.1. Operational holdings, area and average size of holdings in selected states as per the Agricultural Census 2010-11 are given in Table 7.5.

Production prospects 2017-18

7.5.1 Kharif crops: During kharif season of 2017, the sowing was completed on 150.45 lakh ha with minor increase over the previous year. The area under cereals, pulses, oilseeds and cotton has decreased by three per cent, three per cent, one per cent and 0.1 per cent respectively while area of sugarcane crop has increased by 43 per cent over the previous year. The production of cereals, pulses, oilseeds and cotton is expected to decrease by four per cent, 46 per cent, 15 per cent and 44 per cent respectively while the production of sugarcane crop is expected to increase by 25 per cent over the previous year. The area and production of principal *kharif* crops are given in Table 7.7.

Table 7.7 Area and production of principal kharif crops

Annual requirement of cereals and pulses

7.6 Estimated monthly per capita household consumption of cereals and pulses based on 68th round (2011-12) of National Sample Survey (NSS) are 9.08 kg and 0.98 kg respectively. The annual requirement of cereals and pulses for household consumption in the State for 2017-18 is estimated to be about 134.2 lakh MT and 14.5 lakh MT respectively. Per capita estimated household consumption of cereals and pulses based on the State sample data of NSS 68th round (2011-12) are given in Table 7.12.

Table 7.12 Per capita estimated household consumption of cereals & pulses

Crop	Per capita household consumption		Annual requirement for 2017-18 [#] (Lakh MT)
	Monthly (kg)	Annual (kg)

Improved seeds

7.7 Maharashtra State Seed Corporation and National Seed Corporation (NSC) are the major public sector organisations in production and distribution of quality seeds. Besides these, private seed producers are also involved in retail sale of seeds of various crops. The GoI has fixed seed replacement targets of 35 per cent for self pollinated crops (paddy, wheat, tur, moong, udid, etc.), 50 per cent for cross pollinated crops (maize, jowar, bajra, sunflower, etc.) and 100 per cent for hybrid crops. The quantity of distribution of improved seeds for *kharif* & *rabi* seasons is given in Table 7.13.

Table 7.13 Quantity of distribution of improved seeds for *kharif* & *rabi* seasons

('000 quintals)

Fertilizers and pesticides

7.8 Anticipated consumption of chemical fertilizers in the State for 2017-18 is 70.05 lakh MT and per hectare consumption of 137.60 kg. It was 61.20 lakh MT with per ha consumption of 126.10 kg for 2016-17. During 2016-17, for distribution of fertilizers there were 46,000 fertilizer distribution outlets, of which about 65 were in public sector & agro-industries, 3,289 were in co-operative sector and 42,646 were in private sector. Use of chemical fertilizers is given in Table 7.14. Use of pesticides is given in Table 7.15. Regionwise use of nitrogenous, phosphatic and potassic chemical fertilizers is given in Table 7.16.

Economic Survey of Maharashtra 2017-18

7.9.3 Reforms in irrigation sector: Maharashtra Water Resources Regulatory Authority (MWRRA), a regulatory mechanism in water sector was established in August, 2005 which was first of its kind in India. In the State 5,326 Water Users Associations (WUA) have been formed upto the end of September, 2017 for management of irrigation system by farmers. The time series data on water charges levied, recovered and outstanding is given in Annexure 7.6.

Electrification of agricultural pumps

7.10.1 Against the target of 1.30 lakh agricultural pumps, 1.25 lakh have been energised by MAHAVITARAN during 2016-17. During 2017-18 upto December, 0.47 lakh agricultural pumps have been energised against the target of one lakh pumps. Efforts are being made to reach the stage of 'electricity connection on demand' and to remove the backlog of electrification of agricultural pumps in backlog notified districts, an amount of ₹ 87.30 crore has been sanctioned for 2017-18.

7.10.2 There are about 40.82 lakh agricultural pumps in the State. Subsidy is provided for purchase of electricity supplied to the agricultural pumps. A provision of ₹ 6,242.45 crore is proposed for 2017-18 for giving electricity subsidy to agricultural pumps as against ₹ 4,510.39 crore for 2016-17.

Agricultural finance

7.11.1 Financial assistance is provided to farmers by way of short-term loans, credit, etc. by government through various banks and co-operative agencies. The National Bank for Agriculture and Rural Development (NABARD) is the apex bank for agricultural & rural development in India. The loans are disbursed through Commercial Banks (CB), Regional Rural Banks (RRB), Maharashtra State Co-operative Bank (MSCB) and District Central Co-operative Banks (DCCB). Loans disbursed by CB, RRB and MSCB/DCCB are given in Table 7.20.

Table 7.20 Loans disbursed by CB, RRB and MSCB/DCCB

\$ Including nationalised banks

7.11.2 The financial institutions directly associated with agricultural finance at grass root level in the State are Primary Agricultural Credit Co-operative Societies (PACS) which provide short-term crop loans to their cultivator members. The PACS advanced loan of ₹ 15,461 crore during 2016-17, of which loan advanced to small & marginal farmers was ₹ 6,314 crore. The corresponding figures during 2015-16 were ₹ 14,611 crore and ₹ 5,933 crore respectively.

7.11.3 Kisan Credit Card Scheme: The Maharashtra State Co-operative Bank and Regional Rural Banks issued 2.33 lakh and 0.22 lakh new Kisan Credit Cards (KCC) respectively in the State during 2016-17. The amount of loan sanctioned to new KCC holders during 2016-17 by these banks was ₹ 395.48 crore and ₹ 88.56 crore respectively. The agriculture loans to farmers by MSCB linked to KCC are given in Table 7.21.

Table 7.21 Agriculture loans to farmers by MSCB linked to KCC

Year	Short term loans		Long term loans	
	No of beneficiaries ('000)	Amount (₹ Crore)	No of beneficiaries ('000)	Amount (₹ Crore)

+ upto October

7.11.4 Chhatrapati Shivaji Maharaj Shetkari Sanman Yojana: The State Government initiated this scheme in June, 2017 to waive crop loan / agriculture loan of farmers who were unable to repay loans due to natural calamities. Under the scheme, online applications from eligible farmers were invited up to 22nd September, 2017. Accordingly 47,46,222 farmers were found eligible for receiving loan waiver, one time repayment and incentive amount under the scheme. Upto December, 2017 an amount of ₹ 10,913.08 crore was credited to loan account of 27,13,055 eligible farmers.

Agricultural marketing

7.12.1 The Maharashtra State Agricultural Marketing Board is mainly entrusted with activities such as keeping necessary co-ordination in working of market committees, development & promotional activities of Agriculture Produce Marketing Committees (APMC), establishment of agro-export zones, horticultural training centres and grading & packing facilities, etc. The quantity and value of arrivals in all the market committees are given in Table 7.22.

Table 7.22 Quantity & value of arrivals in all the market committees

Year	Quantity (Lakh MT)	Value (₹ Crore)
2014-15	247.20	71,281
2015-16	226.20	62,638
2016-17	193.40	41,300

Source : Maharashtra State Agricultural Marketing Board

7.12.2 Under the Maharashtra Agricultural Produce Marketing (Development & Regulation) Act, 779 direct marketing licenses have been issued upto 19th November, 2017. Apart from these, 48 private market licenses have been issued and the National Commodities & Derivatives Exchange (NCDEX) is operating through internet. As per the Agricultural Marketing and Farmer Friendly Reforms Index compiled by NITI Aayog in 2016, the State achieved first rank in the implementation of the marketing reforms and it offers best environment for doing agri-business among all the States/UT's.

7.12.3 Minimum Support Price Scheme : To make the agricultural activity viable as well as to protect the farmer's economy from natural calamities and low prices offered by traders, GoI declares Minimum Support Prices (MSP) for selected crops. Under the scheme, procurement in the State is undertaken by Maharashtra State Co-operative Marketing Federation, Maharashtra State Co-operative Tribal Development Corporation, National Agricultural Co-operative Marketing

Federation and Maharashtra State Co-operative Cotton Growers Federation. The MSP declared for selected crops by GoI are given in Table 7.23.

7.13 Sant Shiromani Shri Savata Mali Shetkari Athavade Baajar Abhiyaan : The State has launched this *abhiyaan* from August, 2016 to reduce the post-harvest losses by way of direct sell of agriculture produce from farmers to consumers on the basis of farm-to-fork model. Various departments of the State Government, Municipal Corporations/ Councils are directed to make available land for these weekly markets for farmers. Farmers, groups of farmers, farmers' production companies, consumer co-operative societies and producers' co-operative societies are free to sell their agriculture produce (fresh, clean and properly weighed) in these markets at cheaper rates to consumers. Under this *abhiyaan*, 133 weekly markets for farmers have been started in the State and farmers are expected to directly sell fruits & vegetables to consumers without any middleman.

Major agricultural development schemes

7.14 Agricultural development schemes of GoI are implemented through State Government and the funds are allocated for various schemes. State Government also implements various important state schemes for development of agriculture sector.

7.15 Rashtriya Krishi Vikas Yojana (RKVY): GoI has approved RKVY to be continued as *Rashtriya Krishi Vikas Yojana* – Remunerative approaches for agriculture & allied sector rejuvenation (RKVY-Raftaar) for the next three years (2017-18 to 2019-2020). RKVY Raftaar has the objective of making farming a remunerative economic activity through strengthening the farmers' effort, risk mitigation and promoting agri-business entrepreneurship. The distribution of funds will be in such a manner that 70 per cent of the total outlay is reserved for growth in production, infrastructure and assets to states, 20 per cent of the total outlay for special sub-schemes under RKVY Raftaar which are of national priority and 10 per cent of the total outlay for innovation and agri-entrepreneurship development projects. The grants utilised for this scheme during 2016-17 was ₹ 418.18 crore and an outlay of ₹ 690.15 crore has been sanctioned for 2017-18.

7.16 National Mission on Agriculture Extension and Technology : The purpose of this mission is to reform & strengthen agricultural extension to enable delivery of appropriate technology and improved agronomic practices to the farmers. It includes sub-missions on Agriculture Extension, Seed and Planting Material, Agricultural Mechanisation and Plant Protection. The grant utilised for this mission during 2016-17 was ₹ 53.40 crore as against ₹ 44.51 crore in 2015-16. During 2017-18 upto December, grant released was ₹ 100.88 crore.

7.17 National Mission on Oilseed and Oilpalm : This scheme was launched from 2014-15 to increase production & productivity of oilseed crops. This mission is implemented through two mini missions on oilseeds and tree borne oilseeds. The grant utilised for this mission during 2016-17 was ₹ 61.25 crore as against ₹ 30.99 crore in 2015-16. During 2017-18 upto January, grant released was ₹ 39.49 crore and the expenditure is ₹ 29.43 crore.

7.18 National Food Security Mission (NFSM): This mission was launched in 2007-08 to increase the production of rice, wheat and pulses through area expansion and productivity enhancement. Coarse cereals and commercial crops viz., cotton, jute and sugarcane have been included under revamped NFSM from 2014-15. During 2016-17, an expenditure of ₹ 11.97 crore for rice, ₹ 4.43 crore for wheat, ₹ 192.17 crore for pulses and ₹ 26.11 crore for coarse cereals has been incurred. During 2017-18 upto January, expenditure of ₹ 5.64 crore for rice, ₹ 83.03 crore for pulses and ₹ 15.01 crore for coarse cereals was incurred.

7.19 Mission for Integrated Development of Horticulture (MIDH): This mission is launched for the holistic development of horticulture is being implemented in 34 districts from 2015-16 with 60:40 sharing pattern of GoI & GoM.

7.19.1 National Horticulture Mission (NHM): This mission has been launched by GoI in 2005-06, with the main objective of increasing the area & productivity under horticulture and also to promote post-harvest management. Maharashtra State Horticulture & Medicinal Plant Board (MSHMPB) was established in 2005 to implement schemes of NHM and National Medicinal Plants Board (NMPB). The ongoing schemes of NHM are integrated in MIDH from 2015-16.

7.19.2 Under MIDH, the MSHMPB received total grants of ₹ 1,707.63 crore and total expenditure incurred is ₹ 1,666.81 crore since inception of NHM upto January, 2018. Expenditure on major components of MIDH is given in Table 7.24.

Table 7.24 Expenditure on major components of MIDH

(₹ Crore)	
Component	Expenditure
Area expansion for high density plantation of mango, guava, oranges, etc. and plantation of grapes, banana, papaya, spices & flower crops, etc.	474.70
Construction of 16,333 community tanks	308.62
Establishment of green house, shed net house, plastic mulching, anti-bird/ anti-hail net, etc. under protected cultivation	277.02
Construction of pack house, ripening chamber, onion storage structure, cold storage, pre-cooling unit, etc. to promote post-harvest management	186.35
Promotion of horticulture mechanisation	48.83
Rejuvenation of old orchards	46.29
Establishment of high-tech nurseries and tissue culture laboratories for production of quality planting material	24.95
Farmers' training/study tours under human resource development	22.47
Promotion of organic farming	21.23
Promotion of integrated pest/nutrient management	20.30
Establishment of 15 mushroom projects	1.89
Promotion of beekeeping	1.19

Source : Commissionerate of Agriculture, GoM + upto January, 2018

7.19.3 The GoM has undertaken a programme to promote horticulture development through establishment of nurseries and granting capital subsidy to small & marginal as well as Scheduled Caste(SC) & Scheduled Tribes(ST) farmers, to encourage them to grow selected fruit crops. This programme was linked with Employment Guarantee Scheme (EGS) since 1990-91, which is subsequently linked with *Mahatma Gandhi National Rural Employment Guarantee Scheme* (MGNREGA). As a result of various initiatives over a period of time, the area under fruit crops has increased from 2.42 lakh ha in 1990-91 to 18.55 lakh ha upto 2016-17. The labour rate given to agricultural labourers and un-skilled labours under MGNREGA during 2016-17 was ₹ 192 and ₹ 201 for 2017-18.

7.19.4 Grapes, mango, pomegranate and banana are the major fruits being exported from the State. The area under various fruit crops during 2016-17 was 7.42 lakh ha of which the area under mango was 1.57 lakh ha, orange 1.08 lakh ha, sweet orange 0.33 lakh ha, pomegranate 1.41 lakh ha, banana 0.82 lakh ha, sapota 0.16 lakh ha and grapes 1.04 lakh ha. The quantity & value of export of various fruits, vegetables & flowers from the State and India are given in Table 7.25.

+ upto October

7.20 **Promotion of Kitchen Garden in Tribal Districts:** The scheme is being implemented in 12 tribal districts of the State. The scheme aims plantation of fruit trees and vegetables in the backyards of the tribal in order to enrich their diet with vitamin A, C and minerals like iron. During 2016-17, an expenditure of ₹ 12 lakh was incurred during 2016-17 and an amount of ₹ 20 lakh is sanctioned for 2017-18.

7.21.1 **Financial assistance to Scheduled Castes (SC)/ Scheduled Tribes (ST) farmers:** This assistance is provided to the beneficiaries whose land holding is upto six ha and annual income is upto ₹ 50,000 for SC & Nav-Buddha and ₹ 25,000 for ST to increase the productivity of their land. The assistance is provided for agriculture inputs, development of land, development & improvement of various means of irrigation, etc.

7.21.2 **Dr. Babasaheb Ambedkar Krushi Swavalamban Yojana:** Under this scheme, financial assistance is provided to the farmers belonging to SC & Nav-Buddha as per above mentioned norms. During 2016-17, the amount utilised was ₹ 196.94 crore as against ₹ 191.19 crore during 2015-16.

7.21.3 **Birsa Munda Krushi Kranti Yojana:** Under this scheme, financial assistance is provided to the farmers belonging to ST as per the above mentioned norms. During 2016-17, the amount utilised was ₹ 72.50 crore as against ₹ 76.19 crore during 2015-16.

7.22 **Crop pest surveillance and advisory project (CROPSAP):** This project is being implemented for control of major pests on the crops in collaboration with various National Agriculture Research Institutes and State Agricultural Universities. The grants utilised for this project during 2016-17 was ₹ 9.88 crore and ₹ 11 crore has been sanctioned for 2017-18.

7.23 **Jalyukta Shivar Abhiyaan:** Under the theme of 'a drought-free state by 2019', the *Jalyukta Shivar Abhiyaan* is being implemented in the State since December, 2014 with a view to permanently overcome the water scarcity situation. The main aim of this *abhiyaan* is to increase ground water level by way of absorption of rain water in earth along with creation of sustainable irrigation facilities. It is targeted to make 5,000 villages every year and 25,000 villages in five years free of water scarcity. During 2017-18 as on 12th January, number of villages selected are 5,018 in which 7,683 works are completed and 6,440 works are in progress. The progress of *Jalyukta Shivar Abhiyaan* is given in Table 7.26.

Table 7.26 Progress of Jalyukta Shivar Abhiyaan

Particulars	Unit	2015-16	2016-17

7.24 **Magel Tyala Shet Tale Yojana:** GoM has launched this ambitious scheme of farm ponds for farmers in the State. Under the scheme, subsidy is given with priority to the small & marginal farmers to create farm ponds for conservation of water in their farms. The scheme envisages

creation of permanent assets for holding water. This scheme has helped the farmers to save water in their own farm and use it for agriculture. Individual farmers or a group of farmers having minimum 0.60 ha farm area are eligible for the benefit of subsidy under this scheme. In first phase (2016-17 & 2017-18), it is targeted to create 1,12,311 farm ponds, of which 60,496 are completed upto January, 2018.

7.25 Watershed development programme: Since majority of area in the State is rainfed, various schemes are implemented to increase the productivity of dry land farming, prevention of deterioration of soil and water conservation. Completed and ongoing watersheds are given in Table 7.27.

Table 7.27 Completed and ongoing watersheds

Scheme	Number of watersheds			Expenditure incurred on selected watersheds upto March, 2017 (₹ Crore)
	Selected	Completed	Under execution	
National watershed development programme (micro watershed)	324	255	69	138
River Basin development programme (micro watershed)	271	226	45	498
Western Ghat development programme (mega watershed)	16	0	16	137
Integrated watershed area development programme (micro watershed)	22,539	10,855	22,830	7,458
NABARD assisted watershed (mega watershed)	43	0	43	81
Integrated watershed management programme	14,935	2,858	931	2,574
Total	38,128	14,194	23,934	10,886

7.26 National Mission on Sustainable Agriculture: It includes sub-missions on Soil Health Management and Distribution of Soil Health Cards, implementation of Integrated Nutrient Management (INM) & organic farming, Rainfed Area Development, e-Governance and On Farm Water Management.

7.26.1 Soil Health Management (SHM) & Distribution of Soil Health Cards (SHC): The Soil Health Mission is introduced to promote the use of integrated nutrient management for maintaining soil health and improving soil fertility. In the State, 31 soil testing laboratories are established for examining soil and water samples along with five fertilizer testing laboratories (FTL) at Amravati, Aurangabad, Nashik, Pune & Kolhapur. In order to create the awareness about soil health status and suggesting measures for the improvement of soil health, SHCs are distributed to the farmers in phased manner. The grant utilised for this purpose during 2016-17 was ₹ 45.49 crore and ₹ 11.22 crore was released during 2017-18 upto December. The 129.77 lakh SHCs were distributed during 2015-16 and 2016-17. During 2017-18 till December, 18.89 lakh SHCs were distributed.

7.26.2 Paramparagat Krishi Vikas Yojana (PKVY): INM and organic farming is being implemented for improvement of soil health and to minimise the use of chemical fertilizers and pesticides in order to maintain sustainability in agricultural production and productivity. This scheme is initiated to encourage small & marginal farmers for the use of organic components. Under this programme, funds of ₹ 140.72 crore are sanctioned by GoI for three years (from 2016-17 to 2018-19) for organic farming. Also, 932 clusters are to be formed (each of 50 acre area) and 20,346 ha area covered as per Participatory Guarantee Systems (PGS) organic certification and 40,762 farmers have been included. For the next three years (2017-18 to 2019-20), new 326 clusters/groups have been approved by Government. The grant utilised for this purpose during 2016-17 was ₹ 35.98 crore and ₹ 49.29 crore has been released during 2017-18 upto December.

7.26.3 Rainfed Area Development Programme: The programme targets at increasing agricultural productivity of rainfed areas in a sustainable manner by adopting appropriate farming system based approaches such as Integrated Farming System (IFS) and minimising risks associated with climatic variabilities. The grant utilised for this purpose during 2016-17 was ₹ 34.82 crore and ₹ 20.83 crore has been released during 2017-18 upto December.

7.26.4 Submission on e-Governance – National e-Governance Plan: Maharashtra is among the seven states selected for National e-Governance plan for Agriculture. Soil health, fertilisers, pesticides & seeds, crop & good agricultural practices, forecast weather & Agro-Met, prices, arrivals & procurement points, electronic exports & imports, marketing infrastructure, scheme monitoring, fisheries, irrigation, livestock and drought management are the 12 services to be delivered through this programme. For 2016-17, an amount of ₹ 773 lakh was sanctioned.

7.26.5 Pradhan Mantri Krishi Sinchai Yojana (PMKSY): The scheme is being implemented to enhance the area under cultivable land by promoting most efficient irrigation system like sprinkler & drip. Under PMKSY 'Per Drop More Crop', ₹ 620.67 crore is sanctioned for the year 2017-18. The State scheme grants of ₹ 100.45 crore is made available for Marathwada. GoM has deposited ₹ 165.26 crore of subsidy in the bank accounts of 1,03,314 farmers during 2017-18 upto 15th February. As per the operational guidelines received from GoI for 2017-18, subsidy norm for small and marginal farmers are 55 per cent and other farmers are 45 per cent. For accepting applications from farmers, e-thibak software is open from 1st May, 2017 to 15th March, 2018 and 4.80 lakh applications have been received upto 15th February, 2018. Micro-irrigation area brought under this scheme from 1986 to 2017 is about 21 lakh ha in the State. Yearwise sprinkler & drip irrigation sets distributed and expenditure incurred are given in Table 7.28.

Table 7.28 Yearwise sprinkler & drip irrigation sets distributed & expenditure incurred

Year	Sprinkler irrigation sets		Drip irrigation sets		Expenditure (₹ Crore)
	No. of sets	Area (ha)	No. of sets	Area (ha)	
2014-15	52,180	43,098	2,00,496	1,70,719	688.41
2015-16	33,898	33,898	1,12,244	1,02,041	445.98
2016-17	64,385	45,510	1,51,399	1,33,931	575.27

Source : Commissionerate of Agriculture, GoM

7.27 Dry Land Farming Mission: This mission has been initiated to bring sustainability in crop production in the dryland area. It mainly includes protective irrigation facilities and mechanism for in-situ moisture conservation along with protected cultivation and primary processing & marketing of agricultural produce. The grant utilised for this mission during 2016-17 was ₹ 13.88 crore as against ₹ 29.62 crore in 2015-16. During 2017-18 upto December, grant released was ₹ 24.74 crore.

7.28 Pradhan Mantri Fasal Bima Yojana: This scheme is being implemented from *kharif* 2016 in the State in which 15 *kharif* and 8 *rabi* crops are covered. The erstwhile National Agricultural Insurance Scheme has been integrated in this scheme. During 2016-17, number of farmers participated were 118.01 lakh wherein area insured was 70.85 lakh ha with sum assured of ₹ 21,843.43 crore and gross premium paid was ₹ 4,010.66 crore. Compensation of ₹ 1,919.97 crore was paid to 27.85 lakh beneficiaries.

7.29 Weather Based Crop Insurance Scheme for Fruit Crops: In the State, weather based fruit crop insurance scheme is being implemented for grapes, pomegranate, banana, orange, sweet orange, guava, chikoo, mango and cashew. The premium is being shared in the ratio of 25:25:50 per cent by central: state: farmer respectively as per GoI norms. Nearly two lakh ha area is targeted to bring under insurance protection to minimise the future economic losses of the farmers. The grant utilised for this scheme during 2016-17 was ₹ 371.33 crore as against ₹ 95.62 crore in 2015-16. During 2017-18 upto December, grant sanctioned is ₹ 443.26 crore.

7.30 Gopinath Munde Farmers Accident Insurance Scheme: This scheme was launched in 2015-16 to give financial assistance to the aggrieved family members of the ill-fated farmers. Under the scheme, insurance cover is provided to 1.37 crore 7/12 abstract holding farmers in the age group of 10 to 75 years for 13 perils. During 2016-17, the government paid premium of ₹ 31.04 crore towards insurance for the policy period from 1st December, 2016 to 30th November, 2017. The progress of the scheme is given in Table 7.29.

Table 7.29 Progress of Gopinath Munde Farmers Accident Insurance Scheme

Policy period ^{\$}	Insurance premium paid by Govt. (₹ Crore)	Total claims submitted (no.)	Claims paid (no.)	Claims in progress (no.)	Claims rejected (no.)	Compensation given to farmers (₹ Crore)
2015-16	27.24	3,901	2,559	124	1,218	50.43
2016-17	31.04	2,040	540	1,418	82	10.75

Source: Commissionerate of Agriculture, GoM

\$ 1st December to 30th November

7.31 Scarcity and natural calamity : During April to November, 2016 about 21.46 lakh ha area in the State was affected by floods, hailstorm, excessive and untimely rains. During April to October, 2017 as per primary report about 1.29 lakh ha area of the State was affected due to excessive rains, stormy winds, floods and untimely rains.

7.32 Agriculture, Education & Research: The Indian Council of Agricultural Research (ICAR) has identified Maharashtra into nine National Agricultural Research Zones for developing location specific technology. The State is further divided into 72 Eco-units as per soil and climate. The State has four Agricultural Universities namely Dr. Balasaheb Sawant Konkan Krishi Vidyapeeth, Mahatma Phule Krishi Vidyapeeth, Vasantao Naik Marathwada Krishi Vidyapeeth and Dr. Panjabrao Deshmukh Krishi Vidyapeeth carrying out research in their respective regions to generate location specific technology for sustaining crop production.

New Initiatives for development of agriculture sector

7.33 Unnat Sheti-Samruddha Shetkari Campaign: GoM has initiated this campaign from *kharif* 2017-18 with the objective of Doubling Farmer's Income by 2022. The campaign is mainly to increase the income of farmers through increasing the productivity of major crops and maximum participation of farmers in the crop insurance schemes to protect them from the losses incurred due to natural calamity. From 2017-18, taluka has been decided as a basic planning unit for agricultural development & increase in productivity. Under the campaign, thrust of government is on efforts to increase the productivity of major crops upto the genetic yield potential, diversification of crops, reduction in cost of cultivation, farmers awareness to the method of marketing considering the ups and downs in the rates, to encourage ancillary activities of farming, to create association of farmers through farmers' productive companies and to develop their commercial capacity, post-harvest handling of farm produce and value addition etc. Integration of various schemes is being done for awareness and publicity. Subsidies for various agriculture inputs, implements for farm mechanisation, drip irrigation sets & other fundamental facilities for agriculture (*shet tale, kanda chawl, shed-net, green house, plastic linings, etc.*) is to be directly deposited to the farmers' bank accounts alongwith use of information technology for implementation of schemes.

7.34 MAHAVEDH: To collect timely data on various weather components, *MAHAVEDH* project is operationalised by GoM which is a network of Automatic Weather Stations (AWS) in each revenue circle across the State. It is being established through Public Private Partnership (PPP) in Built, Own and Operate (BOO) mode. These AWS will record five weather parameters viz. rainfall, air temperature, relative humidity, wind speed and wind direction. AWS shall record the real time

weather data with 10 minutes interval and it will be transferred to Central Data Centre on hourly basis. The quality weather data fetched from the *MAHAVEDH* will be used for crop insurance scheme, weather forecasting, crop advisories, research and development work by Universities or by ICAR, implementation of welfare schemes of the Government, disaster management or for any other purpose involving larger public interest. In first phase 2,057 AWS are installed against the target of 2,065.

7.35 *Project on Climate Resilient Agriculture*: This project is initiated to protect the farming from drought and it is implemented in selected districts of Vidarbha & Marathwada through World Bank (WB) assistance in six years period with 70:30 share of WB and GoM. This project is renamed as *Nanaji Deshmukh Krishi Sanjivani Prakalp* and ₹ 298.90 lakh has been released during 2017-18 for preparation of project implementation plan and establishment of Project Management Unit.

7.36 *Baliraja Chetana Abhiyaan*: Integration of the schemes implemented by various government departments to get the maximum benefits for the farmers in the suicide prone areas thereby increasing their will power is the objective of this *abhiyaan*. Presently the *abhiyaan* is undertaken in two districts viz. Yavatmal and Osmanabad. Under the *abhiyaan*, distressed farmers are identified through village level committees by conducting survey and various activities like creating awareness about government schemes & ensuring the individual benefits through government schemes, counselling of the family head, health camps with psychologist and social workers services, trainings for use of modern technology for maximum crop production with minimum expenses & minimal use of water are undertaken. The committee is expected to use Corporate Social Responsibility (CSR) funds additional to ₹ 10 crore grant given to the district every year under the *abhiyaan*.

7.37 *Development of Seed Park* : Development of Jalna Seed Park has been sanctioned by Government to boost the seed industries in this area. The estimated project investment is about ₹ 109 crore of which ₹ 50 crore funding is expected from Modified Industrial Infrastructure Upgradation Scheme of GoI, ₹ 25 crore state share and remaining investment from private investors.

7.38 *Mukhyamantri Sour Krishi Vahini Yojana* : This scheme will help in reducing input cost and enhance production of agriculture product. The farmers will get cheap and assured electricity across the State through solar feeder scheme in next three years. Under this scheme, approval has been given to demonstration projects at Ralegan Siddhi and Kalamb. Initially, the solar power will be distributed to only dedicated feeders for agriculture.

7.39 *Mukhyamantri Krishi Sanjeevani Yojana* : This scheme was declared from October, 2017 for all agricultural pump holder electricity consumers of the State to pay their electricity bills overdue. Under this scheme, for the electricity bills overdue more than ₹ 30,000, it is permitted to pay in ten equal installments of 45 days each and for the overdue less than ₹ 30,000, it is permitted to pay in five equal installments of three month each. GoM shall consider to waive off the interest and penalty on the basis of the installments being paid within time.

7.40 *National Agriculture Market (NAM)* : e-NAM is a pan-India electronic trading portal which networks the existing APMC mandis to create a unified national market for agricultural commodities. This provides a single window service for all APMC related information and services and includes commodity arrivals & prices, buy & sell trade offers, provision to respond to trade offers, among other services. While material flow of agriculture produce continues through mandis, an online market reduces transaction costs and information asymmetry. Through this portal, 30 mandis from the State are already connected and work of connecting next 30 mandis approved by GoI has been initiated upto December, 2017.

ANIMAL HUSBANDRY

7.41 Animal husbandry is a supportive occupation to supplement farm income by generating gainful employment and it also provides essential nutrients at low cost to the livestock rearing families. In view of this, Government is framing and implementing policies for genetic upgradation of the livestock.

Livestock census

7.42 As per the 19th Livestock census 2012, the State ranks sixth at national level with total livestock of about 3.25 crore. Livestock per lakh population was about 29 thousand in 2012. The State ranks third at national level with poultry population of about 7.78 crore which is 10.7 per cent of poultry population of India. The livestock as per the 19th Livestock census is given in Table 7.30 and time series data is given in Annexure 7.7.

Table 7.30 Livestock as per 19th Livestock census (2012)

('000)

Veterinary region	Livestock					Total poultry birds [#]

7.42.1 Preparatory work of 20th Livestock census has been initiated, in which detailed information on all recognised breeds of livestock, poultry will be collected apart from data on socio-economic conditions of the owners of livestock & poultry and people involved in fisheries related activities. As per digital India initiative from GoI, the 20th Livestock Census will be conducted with the use of tablets.

Veterinary health care infrastructure

7.43 The State has provided facilities for animal health care upto village level through a network of the veterinary institutions. Veterinary healthcare infrastructure is given in Table 7.31.

Table 7.31 Veterinary health care infrastructure

(As on 31st March, 2017)

Major livestock products

7.46 Maharashtra is the second largest meat producer state in India with share of 11.4 per cent. The State ranks seventh in milk production and per capita availability of milk in the State is 243 grams per day as against 352 grams per day at the national level. The State ranks fifth in eggs production and the per capita availability of eggs in the State is 47 per annum as against 69 eggs per annum at the national level. As per recommendations of National Institute of Nutrition per capita per annum consumption of eggs has to be 180. Livestock and poultry products in the State is given in Table 7.34 and estimated production of meat, milk, egg & wool in selected states during 2016-17 is given in Table 7.35.

Table 7.34 Livestock and poultry products in the State

Year	Meat (‘000 MT)	Milk (‘000 MT)	Egg (Crore)	Wool (‘000 kg)

National Programme for Bovine Breeding & Dairy Development

7.47 National Programme for Bovine Breeding & Dairy Development is a 100 per cent centrally sponsored programme implemented in the State by the Maharashtra Livestock Development Board for strengthening and expansion of animal breeding services, preservation of indigenous breed and generation of self-employment for rural youth. The programme has two components viz. National Programme for Bovine Breeding (NPBB) and National Programme for Dairy Development (NPDD).

Objectives of the NPBB programme are :

- To arrange AI services for cattle and buffalo at farmers' doorstep
- To produce high genetic merit bulls for frozen semen doses production and natural services
- Implement programme for conservation, development and preservation of recognised indigenous bovine breed
- To provide quality breeding inputs in breeding track of important indigenous breed so as to prevent the breeds from deterioration and extinction

Objectives of the NPDD programme are :

- To create and strengthen infrastructure for production of quality milk including cold chain infrastructure linking farmers to consumers
- To create and strengthen infrastructure for procurement, processing and marketing of milk
- To create training infrastructure for training of dairy farmers
- To strengthen dairy co-operative societies / producers companies at village level
- To increase milk production by providing technical input services like cattle-feed, mineral mixture etc.
- To assist in rehabilitation of potentially viable milk federation/unions

Rashtriya Gokul mission

7.47.1 NPBB was started from the year 2015-16. GoI has approved funds of ₹ 52.41 crore for the years 2015-16 to 2017-18. To achieve objectives of NPBB, GoI decided to implement *Gokul Gram Yojana* as a part of *Rashtriya Gokul mission* and approved fund of ₹ 52.41 crore, out of which ₹ 15 crore has been received upto 2016-17. Of this ₹ 12.50 crore are received for strengthening of three bull mother farms in the State and remaining ₹ 2.50 crore for implementation of NPBB through the Maharashtra Livestock Development Board. An expenditure of ₹ 9.79 crore was incurred upto December, 2017 of which ₹ 8.30 crore was mainly incurred on strengthening of two bull mother farms, procurement of 600 high genetic *gaolao* cows & pandharpuri buffaloes on each bull mother farm and remaining ₹ 1.49 crore was incurred on frozen semen laboratories, strengthening of existing AI centre & managerial grants.

National Mission on Bovine Productivity

7.47.2 The National Mission on Bovine Productivity (NMBP) is implemented with the objective of conservation and development of indigenous breeds under *Rashtriya Gokul mission* using embryo transfer technology. NMBP was launched in November, 2016 with the aim of enhancing milk production and productivity thereby making dairying more remunerative to the farmers and doubling their income. Under this mission, the Pashu Sanjivani animal wellness programme, encompassing tagging of cows/buffaloes of the State along with provision of animal health cards (*Nakul Swasthya Patra*) and uploading the data on national database is implemented. During 2017-18 grant of ₹ three crore was disbursed by GOI for issuing health card and tagging of 54.03 lakh milch animal in the State.

National Livestock Mission

7.48 National Livestock Mission was launched by GoI in the year 2014-15, by merging various schemes of sheep, goat, poultry, pig, livestock insurance, feed and fodder development and skill development, technology transfer and animal husbandry extension activities for socially and economically backward classes.

The main objectives of the mission are :

- Sustainable growth and development of livestock sector, including poultry
- Increase availability of fodder and feed to substantially reduce the demand-supply gap
- Capacity building of state functionaries and livestock owners through strengthened extension machinery to provide quality extension service to farmers
- Promoting skill based training and dissemination of technology for reducing cost of production and improving production of livestock
- Promoting initiatives for conservation and genetic upgradation of indigenous breeds of livestock in collaboration with farmers/farmers' groups/co-operatives, etc.

- Promoting innovative pilot projects and mainstreaming of successful pilot projects relating to livestock sector
- Providing infrastructure and linkage for marketing, processing and value addition
- Promoting risk management measures including livestock insurance

7.48.1 Under the National Livestock Mission, total funds received from GoI in the year 2016-17 was ₹ 13.38 crore and an expenditure of ₹ 10.35 crore was incurred. During 2017-18, GoI has sanctioned ₹ 11.90 crore.

Gowardhan Govansh Seva Kendra

7.49 Taking a proactive step to protect cow and its progeny, the State has approved setting up of 'Gowardhan Govansh Seva Kendra' in 34 districts of the State, except Mumbai city and Mumbai Suburban districts. The objectives of the scheme are:

- Caring for livestock which are useful for dairy products, farming, animal husbandry and unproductive/useless bulls which are not suitable for carrying out any burden
- Providing feed, water and shelter for these livestock
- Implementation of fodder production programme for livestock in these centres
- Encouragement for production of various products, fertilizers, gobar gas and other by-products from cow urine and cow dung.

7.49.1 During 2017-18, funds budgeted for setting up of 'Gowardhan Govansh Seva Kendra' is ₹ 34 crore (₹ one crore for each District).

7.50 Various schemes are being implemented by the State to uplift the rural poor through the livestock rearing, to create entrepreneurship and to generate employment in rural areas. Progress of selected schemes is given in Table 7.36.

Table 7.36 Progress of selected schemes

Scheme	2014-15		2015-16		2016-17	
	Beneficiaries (no.)	Expenditure incurred (₹ Lakh)	Beneficiaries (no.)	Expenditure incurred (₹ Lakh)	Beneficiaries (no.)	Expenditure incurred (₹ Lakh)
State Level						
6/4/2 Milch animal group distribution scheme	825	1,806	1,489	1,819	2,276	1,749
Stall-fed supply of 10 goats & 1 male goat group distribution	1,942	981	2,101	1,050	2,324	1,119
Poultry farming (avocation) by rearing 1,000 broiler birds	1,021	1,405	1,696	2,244	923	1,238
District Level						
Distribution of milch animal and feed supply for Scheduled Caste beneficiaries	1,366	2,321	2,955	2,192	2,848	1,827
Supply of 10+1 goat unit to Scheduled Caste beneficiaries	1,905	815	2,197	954	2,685	1,493

Source: Office of the commissioner of Animal Husbandry, GoM

Mahamesh Yojana

7.51 *Raje Yashwantrao Holkar Mahamesh yojana* is aimed at promotion of sheep rearing for Nomadic Tribes-C beneficiaries. Under the scheme 75 per cent subsidy is given for distribution of 20+1 sheep unit with infrastructure, distribution of improved male sheep, providing infrastructure for rearing sheep & balanced feed for sheep unit and 50 per cent subsidy given for purchasing of mini silage baler cum wrapper machine & installation of animal feed units. Under this scheme ₹ 5.56 crore has been approved by GoM and ₹ 3.89 crore released during 2017-18.

Livestock insurance scheme

7.52 Livestock insurance scheme is being implemented in the State by Maharashtra Livestock Development Board since 2006-07. The main objective of the scheme is to provide protection to the cattle holders against any eventual losses due to death of animal because of natural calamity, accident or disease. In the year 2016-17, funds received under the scheme was ₹ 8.92 crore and expenditure incurred was ₹ 8.92 crore. During 2017-18, fund disbursed for implementation of the scheme was ₹ 3.33 crore.

7.52.1 The insurance is covered by New India Assurance Company Ltd. During 2016-17, under this scheme 2.98 lakh animals were insured. There were in all 8,707 claims, of which 8,327 claims were settled amounting to ₹ 23.87 crore.

Poultry development

7.53 Poultry farming plays an effective role in rural development. It helps the rural population to earn regular income. Number of poultry birds supplied through central hatcheries and availability of eggs is given in Table 7.37.

Swayam Prakalp

7.54 *Swayam Prakalp* has been initiated for supply of eggs in children's diet in *Anganwadi* and creation of self-employment in scheduled tribe area in 16 districts of the State for the period of 2017-18 to 2019-20. Under this scheme 104 mother units of poultry will be created to provide 45 chicks of four weeks old. The total project cost is ₹ 22.56 crore. Training and capacity building of beneficiaries will be done by Maharashtra State Rural Livelihood Mission.

Table 7.37 Number of poultry birds supplied through central hatcheries and availability of eggs

Year	No. of poultry birds supplied (Lakh)	Availability of eggs (per capita per annum)	
		State	All-India
2012-13	8.68	41	58
2013-14	9.87	43	61
2014-15	8.21	44	63
2015-16	8.86	46	66
2016-17	6.38	47	69

Dairy Development

7.55 Dairy is a supplementary activity to agriculture, which has potential for generating additional income & employment opportunities for the rural households besides improving nutritional levels. The State ranks seventh in milk production in India. Milk production and per capita availability are given in Table 7.38 and regionwise milk production is given in Table 7.39.

Table 7.38 Milk production and per capita availability

Year	Milk production (lakh MT)		Per capita availability (grams per day)	
	State	All-India	State	All-India
2012-13	87.34	1,324.31	213	299

2014-15	95.42	1,463.14	228	322
2015-16	101.52	1,554.91	239	337
2016-17	104.02	1,636.94	243	352

Source: Office of the Commissioner of Animal Husbandry, GoM

7.56 During 2016-17 there were 108 milk processing plants and 155 chilling centres with capacity of 91.17 lakh litre and 38.46 lakh litre per day respectively under government and co-operative sectors together. The average daily collection of milk by the government and co-operative dairies was 0.82 lakh litre & 44.67 lakh litre respectively during 2016-17 and 0.72 lakh litre & 47.82 lakh litre respectively during 2017-18 upto December. There are 188 cold storages with capacity of 7,796.07 MT, of which 165 cold storages with capacity of 7,369.60 MT are with private sector.

Fisheries

7.57 The State has a coastline of 720 km with 173 fish landing centres and the area suitable for marine fishing is 1.12 lakh sq.km. There are 16,218 marine fishing boats in operation, of which 13,178 are mechanised. In addition to this, the area suitable for inland and brackish water fishing in the State is 4.19 lakh ha and 0.10 lakh ha respectively. There are 30 fish seed production centres in the State with 2,414 lakh spawn production capacity per year for catering to inland fishing. Fish production and exports are given in Table 7.40.

7.58 Under the National Agricultural Development scheme, since 2011-12, development of 19 jetties worth ₹ 70 crore has been undertaken, of which work of 13 jetties is completed, four jetties in progress and two jetties cancelled.

Neelkranti Mission

7.59 GoI has declared the *Neelkranti Mission* i.e. Blue revolution. Accordingly GoM has framed the policy for *Neelkranti Mission* in 2017 with following main objectives.

- To fully tap the total fish potential of both in inland and marine sector and triple the production by 2020
- To double the income of the fishers and fish farmers with special focus on increasing productivity and better marketing post harvest infrastructure including e-commerce, other technologies and global best innovations
- To triple the export earnings by 2020 with focus on benefits flow to the fishers and fish farmers

7.59.1 To achieve these objectives 21 schemes are being amalgamated in seven broad plans viz. Plan for ground water reservoirs, wetlands and cold water, Plan for brackish water, Plan for providing basic infrastructure in inland water bodies, Plan for capture fisheries / cage culture (marine), Plan for basic infrastructure (marine), Plan for saving cum relief welfare for fishermen, Plan for housing welfare. During 2016-17 Central and State share of ₹ 13.63 crore & ₹ 7.70 crore respectively has been released for implementation of this scheme, whereas during 2017-18, provision of ₹ 23.0 crore has been made by GoI.

Sericulture

7.60 Sericulture is an agro-based industry which has high potential to generate employment opportunities in rural areas. Mulberry silk development programme is implemented in 24 districts of the State. Information of mulberry plantation and silk production is given in Table 7.41.

Table 7.41 Mulberry plantations and silk production

7.60.1 Tasar silk development programme is implemented in four districts viz. Gadchiroli, Chandrapur, Bhandara and Gondia. Area under plantation of Ain and Arjun trees (on which Tasar silkworms are grown) is 18,866 ha in these four districts. During 2016-17 production of raw Tasar silk was 27.34 MT while during 2017-18 upto December it was 6.67 MT.

Forest

7.61 Total forest area of the State at the end of the year 2016-17 was 61,724 sq km (provisional) constituting about 20.06 per cent of geographical area of the State, as against the target of 33 per cent set under National Forest Policy, 1988. The jurisdiction of the total forest area in the State is divided amongst Forest department (55,433 sq km), Forest Development Corporation of Maharashtra (FDCM) (3,554 sq km), Private forest brought under possession of Forest department (1,179 sq km) and Revenue department (1,558 sq km). Out of the total forest area 51,070 sq km was reserved, 6,602 sq km was protected and 4,052 sq km was unclassified forest. As per 'India State of Forest Report- 2017 (ISFR)', very dense forest constitutes 17.2 per cent, moderately dense forest 40.8 per cent, open forest 42.0 per cent of the total forest cover in the State. The total mangroves cover of the State is 304 sq km showing an increasing of 82 sq km over that reported in ISFR-2015. Circlewise distribution of forest area and forest cover of selected states are given in Table 7.42 & Table 7.43 respectively.

Table 7.42 Circlewise distribution of forest area as on 31st March, 2017

Wild Life, National Parks and Sanctuaries

7.62 There are six national parks, 48 sanctuaries and six conservation reserves in the State. According to 'Status of Tigers in India - 2014' report, number of estimated tigers in the State is 190 as against 169 in 2010. An exercise of Phase IV monitoring (Camera Trap) was carried out during 2014-15 for counting the number of tigers in the State, which revealed that there were 203 tigers. Area of projects, national parks & sanctuaries and expenditure incurred are given in Table 7.44.

+ upto December

7.65 The State has taken up a massive plantation programme intending to plant 50 crore saplings in the period of three years. After a successful drive of 2.81 crore sapling plantation on 1st July, 2016, the State through public movement targeted to plant four crore saplings in the period 1st July to 7th July, 2017 which was succeeded by planting 5.43 crore saplings. During this period about 1.3 crore saplings each were planted in Nashik and Nagpur region followed by one crore in Aurangabad region & about 0.6 crore each in Konkan, Pune and Amravati region.

Social Forestry

7.66 During 2016-17 in all 69 lakh seedlings were planted on about 838 ha & 2,534 km of community land and supplied 44 lakh plants for plantations on private land. During 2017-18 upto December 51 lakh seedlings were planted on about 869 ha & 3,892 km of community land and supplied 33 lakh plants for plantations on private land. Area of plantations under major schemes is given in Table 7.47.

Sant Tukaram Vangram Yojana

7.67 *Sant Tukaram Vangram Yojana* was launched in 2006-07, with a view to create awareness about the importance of forest & wild life, to protect the forest from illegal tree cutting, encroachments, etc. Under this scheme, total 12,517 Joint Forest Management Committees (JFMC) with nearly 29.70 lakh members were constituted in 15,500 villages. JFMC manages 27.04 lakh ha of forest area.

Industry & Co-operation

8. INDUSTRY AND CO-OPERATION

INDUSTRY

8.1 As it has been emphasised in the Sustainable Development Goals, developing the resilient industrial infrastructure in the State will help to cater to the employment opportunities and the economy to become more robust in the near future, thereby, reducing the heavy dependence of population on agricultural sector. It also brings in the much needed foreign investment. With the advent of the fourth industrial revolution, tremendous opportunities are waiting to leapfrog many stages of development, thus accelerating the journey towards becoming a developed economy.

Initiatives of the State

8.2 The State has always been the first choice of domestic and foreign investors. Realising this, the State has made conscious efforts to build its Industry sector by introducing various reforms time-n-again. Following policies have aimed at improving business environment thereby leading to inclusive growth of the Industrial sector in the State.

- Industrial Policy with focus on retaining the State's leading position in industrial investment,
- Single Window Policy to provide all clearances at one place to the investor,
- Coir Industry Policy to promote rural entrepreneurship and women empowerment
- Electric Vehicle Manufacture Policy to retain the State's leading position in manufacturing of the electric vehicle and its parts and promote its export
- Fintech policy with a view to promote the Fintech sector in the State
- Space and Defence Production Policy to empower the MSMEs create competitive international standard skilled manpower
- Textile Policy to strengthen the cotton sector, rejuvenate the silk & wool sector and innovative approach to promote non-conventional yarn and green energy
- Retail Trade Policy to uphold the State's leadership in the retail trade,
- IT Policy with focus on maintaining the State's leadership in IT/ITES sector,
- Electronic Policy to create globally competitive Electronics System Design and Manufacturing industry in the State,
- Maharashtra Maritime Development Policy to promote development of industrial clusters/ free trade warehousing zones/ coastal economic zones in the vicinity of ports,
- Policy for SC/ST entrepreneurs for active involvement of socially disadvantaged groups entrepreneurs in the main stream of industrial growth,
- Bio-Technology Policy to deal with the agro industry,
- Special Economic Zone Policy to boost additional economic activity

8.2.1 The Magnetic Maharashtra - Convergence 2018, a global investment summit, was organised in February, 2018 to showcase the various reforms initiated by GoM and to attract investment and generate employment opportunity. In this summit, 4108 proposals were signed worth investment of ₹ 12.07 lakh crore and proposed employment of 36.77 lakh.

8.2.2 Startups are the seeds of future business of any economy. Hence it is very important to encourage and nurture the new businesses of today. Recognising their potential, the State is taking an active role in identifying, recognizing and facilitating these new ventures by instituting the Magnetic Maharashtra: Convergence 2018 Startup awards. This recognition will help to accelerate the economic activity in the State. Also, the creation of new start-ups and upgrading the existing ones will create jobs and employment, and improve the level of knowledge and creativity among masses.

8.2.3 Recently, the State has launched a special Women Entrepreneurs Policy 2017. The State is first in the country to have a separate policy for women entrepreneurs. The objectives of the Policy for Women Entrepreneurs 2017 are:

- To encourage participation of women entrepreneurs
- To improve the women entrepreneurship from the current nine per cent to 20 per cent
- To create environment which assures entrepreneurship
- To provide technical, operational and economic assistance thereby enhancing the employment opportunities to women.

Ease of Doing Business

8.3 Ease of Doing Business indicates simpler, speedy and hassle-free regulations for businesses. List of 372 reforms spanning across 15 departments were released under Business Reform Action Plan 2017 which were needed to be undertaken by the participating States and UTs within stipulated timeframe. The State has implemented and submitted evidences for 372 reforms of which, 348 reforms have been approved by GoI.

Maharashtra Industry, Trade and Investment Facilitation Cell (MAITRI)

8.4 A Government to Business (G2B) Portal, MAITRI is a completely online-based one stop shop for existing and prospective investors to get consolidated information about the investment process. As a Single Window Cell, it has been initiated by GoM in February, 2014 to provide all clearances at one place to existing and prospective investors, to give information about investment process with regards to expanding the existing units or set up new units, to give online & time bound approvals and to work as a grievance redressal mechanism for industries. Efforts are being made by MAITRI to make available 38 enterprise related services from 16 departments, of which at present 19 services have been made available to the entrepreneurs. Upto November, 2017 MAITRI has catered to 980 grievances of 506 units. Of these, 901 grievances have been resolved and remaining 79 applications are under process.

Udyog Aadhaar

8.5 The Ministry of Micro, Small and Medium Enterprises (MSME), GoI has launched a new program called Udyog Aadhaar. Former cumbersome process of registration has been eliminated by introduction of a one-page registration form that would constitute a self-declaration format under which the new & existing MSME will self-certify its existence, bank account details, promoter/owner's Aadhaar details and other minimum basic information required. Based on this, the MSMEs can be issued online, a unique 12 digit registration number i.e. Udyog Aadhaar Number. This has made the registration process easier and faster compared to the time and efforts taken which used to get consumed for the former procedure of applying and verification of documents for the MSME registration. Once the enterprise gets registered, the entrepreneur will be eligible for all government benefits and schemes like low rate interest, easy loan, loan without guarantee, subsidies, etc. Since 2015 upto December, 2017 number of MSMEs registered for Udyog Aadhaar are 3.59 lakh, of which 2.95 lakh are micro, 0.60 lakh are small and 0.03 lakh are medium enterprises.

Industrial Investment

8.6 Since August, 1991 to December, 2017 in all 19,826 industrial proposals with an investment of ₹ 11,89,815 crore were approved. Of this, 8,974 projects (45.3 per cent) with an investment of ₹ 2,92,252 crore (24.6 per cent) were commissioned and generated employment of about 12.67 lakh.

8.6.1 IT continues to attract maximum investment of ₹ 3,94,886 crore (33.2 per cent of total investment) with 525 approved proposals since August, 1991 to December, 2017 followed by fuel industry & metallurgical industry with an investment of ₹ 1,43,138 crore (12.0 per cent) and

₹ 1,02,081 crore (8.6 per cent) respectively. These three industries accounted for almost 53.8 per cent of the total approved investment. The number of proposals approved and commissioned in the State by industry type are given in Table 8.1.

Table 8.1 Number of proposals approved and commissioned by industry type

(August, 1991 to December, 2017)

Industry type	Approved proposals		Commissioned projects	
	No.	Investment (₹ Crore)	No.	Investment (₹ Crore)

8.6.4 Mega Project Policy has been implemented in the State since 2005. The State has approved 545 mega projects since inception to December, 2017 with an investment of ₹ 4,06,130 crore and proposed employment of 4.6 lakh. Eligibility certificates have been issued to 170 projects with an actual investment of ₹ 70,769 crore and proposed employment of about 1.16 lakh.

Investment in Micro, Small and Medium Enterprises

8.6.5 The manufacturing and services categories of enterprises have been classified into Micro, Small and Medium enterprises (MSMEs) based on their investments in plant & machinery for manufacturing enterprises and on equipments in case of enterprises providing services.

8.6.6 During September, 2015 GoI issued a notification to all District Industry Centres about obtaining Udyog Aadhaar memorandum of MSMEs thereby furnishing all the information regarding their enterprise online. Upto December, 2017 number of MSMEs having obtained Udyog Aadhaar memorandum were 3,58,837 with investment of ₹ 85,362 crore creating employment of 27.55 lakh. Region-wise information of MSMEs is given in Table 8.3.

Table 8.3 Regionwise information of Udyog Aadhaar MSMEs

(October, 2015 to December, 2017)

Foreign Direct Investment

8.6.7 The continuous inflow of FDI in the State is result of several initiatives taken by the government for Ease of Doing Business, policies, quality infrastructure, encouragement and skilled manpower. The State has remained in the forefront in terms of FDI inflow in the country. As per the reports of the Department of Industrial Policy & Promotion, GoI, the FDI inflows in the State since April, 2000 to September, 2017 is ₹ 6,11,760 crore, which is 31 per cent of total FDI inflow at All-India level.

Exports from Maharashtra

8.7 The main products exported from the State are gems & jewellery, petrochemicals, readymade garments, cotton yarn, metal & metal products, agro-based products, engineering items, drugs & pharmaceuticals and plastic & plastic items. The State is taking initiatives like giving awards for export performance and implement space rent subsidy scheme to Small Scale Industries for participation in International Exhibitions. Exports through Maharashtra and India are given in Table 8.4.

Table 8.4 Exports through Maharashtra and All-India

Special Economic Zones

8.8 In accordance with the Special Economic Zone (SEZ) policy adopted by the State with effect from February, 2006 in all 246 SEZ proposals have been received upto October, 2017. As on 31st October, 2017 in all 28 SEZs were executed with total investment of ₹ 35,024 crore on an area of 4,087 ha generating employment of about 5.25 lakh.

IT Parks

8.9 Maharashtra Industrial Development Corporation (MIDC), City and Industrial Development Corporation of Maharashtra Limited (CIDCO) and Software Technology Parks of India have developed 37 public IT parks which are functioning with investment of about ₹ 18,000 crore generating about 2.68 lakh employment.

8.9.1 For inviting private participation in creating world class infrastructure for IT industry, 506 private IT parks have been approved. Of these, 185 IT parks are functioning with investment of ₹ 4,738 crore with about 6.32 lakh employment. The remaining 321 IT parks with proposed investment of ₹ 12,828 crore are expected to generate about 17.10 lakh employment opportunities. The private IT parks are located in Pune (177), Mumbai city & Mumbai suburban (165), Thane (150), Nagpur (5), Nashik (5), Aurangabad (3) and Wardha (1) districts.

Bio-technology Parks

8.10 Two public BT Parks have been developed in the State at MIDC Jalna and MIDC Hinjewadi (Pune). Six private BT parks are proposed with an investment of about ₹ 305 crore. Twelve BT-SEZs under public sector are proposed in the State with an proposed investment of about ₹ 4,733 crore and expected employment generation of about 1.65 lakh. Upto October, 2017 there are 50 units registered under MSMEs having investment of ₹ 261 crore and expected to generate employment of 0.87 lakh whereas, there are 16 units registered under Large units having investment of ₹ 1,120 crore and expected to generate employment of 0.71 lakh.

Delhi-Mumbai Industrial Corridor

8.11 Delhi-Mumbai Industrial Corridor (DMIC), India's most ambitious infrastructure programme, is a planned industrial development project between India's capital Delhi and its financial hub Mumbai. It aims to develop new industrial cities as 'Smart Cities' by converging next generation technologies across infrastructure sectors. Spread across six States, this flagship programme covers two industrial areas viz. *Shendra-Bidkin* and *Dighi* port in the State. Perspective planning for the entire DMIC corridor has been completed and the master planning and preliminary engineering has been undertaken for the cities identified as part of phase-I of DMIC corridor. Aurangabad Industrial City (AURIC), a well-planned and Greenfield smart industrial city, is being developed across an area of 10,000 acres in the State as part of DMIC.

Co-operative Industrial Estates

8.12 The State initiated developing industrial estates in areas other than MIDC on co-operative basis with an objective of decentralization of industries concentrated in urban areas to rural areas, thereby creating more opportunities in rural areas. As on 31st December, 2017 total 142 co-operative industrial estates are registered, of which 107 co-operative industrial estates, having 8,037 units in operation and about 1.79 lakh employment, are functioning. Of the total engaged employment, 48.7 per cent are in Pune region, 27.9 per cent are in Nashik region and 16.3 per cent in Konkan region (including Mumbai) and 7.1 per cent in the rest. So far, State has contributed share capital of about ₹15.83 crore to 93 co-operative industrial estates.

Package Scheme of Incentives

8.13 In order to encourage dispersal of industries to the industrially less developed areas, GoM is implementing a 'Package Scheme of Incentives' (PSI) for new or expansion units located in such regions. Since its inception in 1964, the scheme was amended from time to time. The latest is PSI-2013, which will remain in operation from April, 2013 to March, 2018. Eligible units in the private sector, state public sector/joint sector, co-operative sector and only mega projects of central public sector are considered for providing incentives under PSI-2013. Under the scheme, during 2017-18 upto October, an amount of ₹ 1,855 crore was disbursed as incentive to eligible MSMEs, large scale industries and mega projects. Disbursements under this scheme are given in Table 8.5.

Table 8.5 Disbursement under Package Scheme of Incentives

(₹ Crore)

Particulars	Disbursement		
	2015-16	2016-17	2017-18 ⁺

Industrial Cluster Development Programme

8.14 As a key strategy for enhancing the productivity and competitiveness of MSMEs, GoI has announced scheme for development of potential clusters to facilitate deployment of available resources for effective implementation and more sustainable results in medium to long term. In this context, GoI's Micro, Small Enterprises - Cluster Development Programme and GoM's Maharashtra State Industrial Cluster Development Programme are being implemented all over the State.

8.14.1 **Micro, Small Enterprises - Cluster Development Programme:** Under this programme, 19 cluster projects have been granted final approval for construction of Community Facility Centres (CFC) and five cluster projects have been approved in-principal by GoI. So far total grants of ₹ 134 crore have been released by GoI.

8.14.2 **Maharashtra State Industrial Cluster Development Programme:** Under this programme, 101 cluster projects have been approved by GoM under capacity building programme. Of these, 24 cluster projects have been granted final approval for construction of CFCs and six cluster projects are approved in-principal by GoM. So far total grants of ₹ 27 crore have been released by GoM.

8.14.3 **Modified Industrial Infrastructure Upgradation Scheme:** The scheme aims at enhancing competitiveness of industries by providing quality infrastructure through PPP model in selected functional clusters. Central assistance upto 50 per cent of the project cost subject to a ceiling of ₹ 50 crore is given for each approved project.

Maharashtra Industrial Development Corporation

8.15 As on 31st March, 2017 there are 47,412 units having investment of ₹ 1,73,774 crore creating employment of 13.19 lakh. About 92 per cent of 83,042 developed plots are allotted to entrepreneurs. Information regarding industrial units in MIDC is given in Table 8.6.

Maharashtra Small Scale Industries Development Corporation

8.16 The Maharashtra Small Scale Industries Development Corporation (MSSIDC) assists entrepreneurs for the development of small scale industries. The turnover of MSSIDC is given in Table 8.7

Maharashtra State Khadi and Village Industries Board

8.17 The main functions of the Maharashtra State Khadi and Village Industries Board (MSKVIB) are to organise, develop and expand activities of Khadi and Village Industries (KVI) in the State. Financial assistance of ₹ 29.02 crore in the form of subsidy was given to KVI units in 2015-16 and ₹ 30 crore are proposed to be disbursed in 2016-17. Performance of KVI in the State is given in Table 8.8.

8.17.1 Under Artisan Employment Guarantee Scheme, employment opportunities were provided to 2.66 lakh artisans in 2016-17. During 2017-18, employment opportunities are expected to be provided to 1.14 lakh artisans.

Minerals

8.18 Bhandara, Chandrapur, Gadchiroli, Nagpur, Gondiya and Yavatmal districts in Vidarbha region, Satara and Kolhapur in Western Maharashtra and Raigad, Ratnagiri and Sindhudurg districts in Konkan region have deposits of minerals (coal, limestone, manganese ore, bauxite, iron ore, kyanite, fluorite (graded), chromite, etc.). The total potential mineral area in the State is about 58 thousand sq km, which is about 19 per cent of the State's total geographical area. As on March, 2017 in all 194 major minerals mines, with 52,446 employment are working in the State. The total value of minerals extracted during 2016-17 was ₹ 8,723 crore. The value of coal extracted during

2012-13	1.91	1,376	3.7
2013-14	1.93	1,495	3.4
2014-15	1.60	3,161	1.3
2015-16	1.63	3,224	1.3
2016-17	1.66	3,300	1.4

Source : MSKVIB

2016-17 was ₹ 7,494 crore (85.9 per cent of the total value of minerals extracted). The total value of minerals extracted during 2017-18 (upto September, 2017) was ₹ 2,645 crore. The production of major minerals along with their values is given in Annexure 8.3.

Textile

8.19 The State has an excellent infrastructure to play a key role in the growth of the textiles industry. It accounts for about 25 per cent of the country's cotton production. The State contributes 10.4 per cent to the country's textile and apparels output. Also, the State accounts for 11.1 per cent of the country's employment in the sector. As on September, 2017 there are 188 spinning & 36 composite textile mills in the State with installed capacity of 48.39 lakh spindles and 43,863 rotors. It produces nearly 293 million kg of cotton yarn which is nearly eight per cent of India's total production. During 2017, upto September, 155 million kg of cotton yarn has been produced.

Tourism

8.20 To promote the State as *numero uno* tourist destination, to develop tourism infrastructure across the State and to facilitate investments in the tourism sector, the State has formulated Maharashtra Tourism Policy 2016, which aims at making Maharashtra a leading tourist destination by 2025 and attract investments to the tune of ₹ 30,000 crore, along with creation of one million additional jobs in this industry. Maharashtra Tourism Development Corporation (MTDC) is the nodal agency for implementation of this policy in the State.

8.20.1 In order to provide clean & affordable accommodation and food facility for tourists, MTDC has launched 'Bed and Breakfast scheme'. Currently, 1,350 facilitators are registered with MTDC under this scheme. MTDC is also managing 21 tourist accommodations. MTDC organises different events viz. Pune Festival, Ellora Festival, Elephanta Festival, etc. Number of tourists visited in the State during 2016 was about 12 crore, of which about 11.65 crore were domestic and about 0.46 crore were foreigners.

8.20.2 Taking into consideration changing trends in tourism, MTDC has launched the scheme of 'Mahabhraman', to bring different experimental projects viz. agro-tourism, village tourism, food tourism, safaris, Tribal lifestyles, etc. under one roof. Currently, 86 facilitators are registered with MTDC under this scheme.

Annual Survey of Industries

8.21 The Annual Survey of Industries (ASI) is the major source of industrial statistics. It provides estimates of various aggregates like fixed & working capital, input, output, value added, employment etc. pertaining to registered manufacturing sector. ASI covers all factories registered under the sections 2 m(i) and 2m(ii) of the Factories Act, 1948 and Beedi & Cigar units registered under Beedi & Cigar Workers (Conditions of Employment) Act, 1966.

8.21.1 ASI 2014-15 results reveal that the State is at the top position in terms of Gross Value Added and wages to workers with share of 20.5 per cent and 15.7 per cent at All-India level. The State is at second position in number of factories, number of workers and fixed capital with share of 12.4 per cent, 12.1 per cent and 13.6 per cent respectively.

8.21.2 The contribution of the State in total value of output, working capital and in the Net Value Added (NVA) in the country was 16.3 per cent, 17.2 per cent & 21.4 per cent respectively. Selected indicators of industries are given in Table 8.9.

Figures in brackets indicate percentage to All-India

8.21.3 Major industries in terms of total value of output during 2014-15 are food products & beverages (14.0 per cent), coal & refined petroleum products (13.0 per cent), chemicals & chemical products (12.6 per cent), basic metals (10.2 per cent) and motor vehicles, trailers (8.9 per cent). These industry groups accounted for 58.7 per cent value of output of all industries and 50.3 per cent of fixed capital during 2014-15. Important characteristics of industries in the State according to ASI are given in Annexure 8.1.

Graph 8.1 : Statewise share of GVA with respect to India of selected states (2014-15)**Graph 8.2 : Fixed & working capital, GVA in Maharashtra**

8.21.4 Results of ASI 2014-15 reveal that per factory 'value of goods & services produced' and 'net value added' in the State increased by 7.0 and 6.1 per cent respectively than the previous year. Important indicators of ASI results are given in Table 8.10.

All-India Index of Industrial Production

8.22 All-India Index of Industrial Production (IIP) measures changes in level of production and therefore, is free from influences of price changes. This short-term indicator is of paramount importance to the Government for policy framing purposes and also to various organisations. All-India IIP is compiled and published monthly by Central Statistics Office (CSO), GoI. Recently, the base year of IIP has been revised to 2011-12 from the previous base year 2004-05. The general All-India IIP has increased from 118.2 in April-December, 2016 to 122.6 in April- December, 2017. Series of IIP at All-India is given in Annexure 8.2. Groupwise All-India IIP is given in Table 8.11.

Table 8.11 Groupwise Index of Industrial Production in India

(Base Year 2011-12=100)

Item	Weight	IIP (April to December)

CO-OPERATION

8.23 Co-operation movement is an effective instrument in economic development of rural areas and improving in socio-economic conditions of the under privileged in the State. The basic nature of co-operative societies is to encourage the values of self-help, democracy, equality and solidarity. The movement which was confined mainly to the field of agricultural credit was subsequently spread to other sectors like agro-processing, agro-marketing, non-agriculture, housing, dairy, storage, textiles, consumer stores etc.

8.24 As on 31st March, 2017 there were about 1.95 lakh co-operative societies in the State, with about 525 lakh members. Co-operative societies in brief is given in Table 8.12 and details of co-operative societies in Maharashtra is given in Annexure 8.4.

Agricultural credit through co-operative societies

8.25 Agricultural credit co-operative banks have three tier structure. The Maharashtra State Co-operative Bank is the Apex body, the District central co-operative banks are working at district level and Primary agricultural credit societies are working at village level. These societies play a lead role in finance and promotion of agriculture & allied activities in the State. Maharashtra State Co-operative Agriculture Rural Multipurpose Development Bank Ltd and District Co-operative Agriculture Rural Multipurpose Development Banks (29) are under liquidation. Information of agricultural co-operative banks is given in Table 8.13.

8.26 Primary Agricultural Credit Societies (PACS) provide short term agricultural credits mainly for seasonal agricultural operations. As on 31st March, 2017 there are 21,089 PACS in the state which include 21 Farmer service societies and 889 Adivasi Co-operative societies having 0.55 lakh and 7.49 lakh members respectively. Of which, about 56.3 per cent PACS were in loss. As compared to previous year, number of PACS in loss decreased marginally i.e. by 0.2 per cent and number of loanee members increased by 2.4 per cent. Loans disbursed to small & marginal farmers by PACS increased by 6.4 per cent during 2017. Information of PACS is given in Table 8.14.

Dr. Punjabrao Deshmukh interest rebate scheme

8.27 Interest subsidy is given to motivate farmers for regular repayment of the short term crop loan. Under this scheme, interest subsidy of three per cent is given for the loan up to ₹ one lakh and one per cent is given for loan exceeding ₹ one lakh but less than ₹ three lakh. The farmer has to repay the loan regularly by 30th June of each year. Under the scheme, during 2016-17 subsidy of ₹ 184.89 crore is given to 13.87 lakh beneficiaries and during 2017-18 upto December, subsidy of ₹ 100.50 crore is given to 6.94 lakh beneficiaries.

Agro-processing co-operatives

8.28 Agro-processing co-operatives play an important role in the development of rural economy by providing employment, thereby ensuring reasonable returns to the farmers. The State provides financial assistance to societies for setting up agro-processing units. Co-operative sugar factories, cotton ginning & pressing, spinning mills, handloom & powerloom, dairy societies & dairy unions and fisheries societies are constituents of agro-processing co-operatives. As on 31st March, 2017 there were 17,582 agro-processing co-operatives having 46.28 lakh members.

Co-operative sugar factories

8.28.1 Of the total sugar factories in India, maximum (31 per cent) are located in the State, followed by 24 per cent in Uttar Pradesh. Information of co-operative sugar factories is given in Table 8.15.

Fisheries co-operative societies

8.29 There were 3,263 primary fisheries co-operative societies, working in the State as on 31st March, 2017. In addition, there were 36 fisheries co-operative unions and two federations working in this sector. Fish & fish products sold by these societies increased by 18.8 per cent and amount of loss decreased by 6.6 per cent as compared to the previous year. Information of fisheries co-operative societies is given in Table 8.20.

Co-operative marketing societies

8.30 Co-operative marketing societies have a three-tier organisational structure. The Maharashtra State Co-operative Marketing Federation Ltd. is the apex body. The District co-operative marketing societies and the Primary co-operative marketing societies are functioning at district and village level respectively. At the end of March 2017, co-operative marketing societies in loss were about 42.1 per cent as compared to 39.4 per cent in previous year. Information of co-operative marketing societies is given in Table 8.21.

Non-Agricultural co-operative credit societies

8.31 As on 31st March, 2017 there were 20,465 non-agricultural credit societies, of which 13,445 urban co-operative credit societies, 6,535 salary earners' co-operative credit societies and 485 urban co-operative banks in the State. Non-agricultural co-operative credit societies in loss were 21.8 per cent. About 23 per cent urban co-operative banks in the State are under liquidation. Information of non-agricultural credit societies is given in Table 8.22.

Other co-operative societies

8.32 As on 31st March, 2017 there were 1,01,542 co-operative housing societies in the State with 30.16 lakh members. There were 10,898 labour contract societies having 6.47 lakh members and 250 forest labour societies with 61,152 members.

Infrastructure

9. INFRASTRUCTURE

9.1 Globalisation is the reality of new era and to make progress quality infrastructure is inevitable. Resilient infrastructure is the basic requirement to achieve balanced, inclusive and sustained economic growth. The component of infrastructure are energy, transport (surface, rail, water & air), communication, etc.

ENERGY

9.2 Energy is essential in enhancing the quality of life and sustained economic growth. Ensuring adequate, reliable and stable power is one of the most important critical factor in infrastructure development.

Electricity

9.3 Electricity is significant form of energy and is essential for all facets of life. The State has unveiled an ambitious plan to provide electricity supply for all.

Installed capacity

9.4 The total installed capacity as on 31st March, 2017 in the State was 35,166 MW of which share of public sector was 39.3 per cent, private sector was 54.4 per cent (of which 33 per cent non-renewable & 21.4 per cent renewable) and Public-Private Partnership (PPP) (Ratnagiri Gas Power Project Ltd.) was 6.3 per cent. The installed capacity of generating electricity in the State as on 31st March, 2016 was highest in India. The installed capacity has increased by 7.9 per cent during 2016-17 and the Central sector allocation to the State has increased by 1.3 per cent than the previous year. The sourcewise installed capacity is given in Table 9.1.

Graph 9.1 : Installed capacity in public and private sector in the State

Electricity generated

9.5 The total electricity generated (including renewable sources) in the State was 1,15,046 Million Units (MU) during 2016-17 and during 2017-18 upto December it was 74,968 MU. The share of public, private and public-private partnership in total electricity generation during 2016-17 was 43.3 per cent, 52.7 per cent and four per cent respectively. The sourcewise electricity generated is given in Table 9.2.

Electricity consumed

9.7 Aggregate consumption of electricity in the State during 2016-17 was 1,08,455 MU, as against 1,16,743 in 2015-16. The consumption of electricity by the industrial sector was largest (31.2 per cent), followed by agriculture (26.1 per cent) and domestic sector (24.8 per cent) in the State. Sectorwise electricity consumption is given in Table 9.4.

9.10 The time series data regarding installed capacity, electricity generated, sectorwise electricity consumed and per capita ultimate consumption of electricity is given in Annexure 9.1.

Demand and supply of electricity

9.11 The State has taken various measures for capacity addition, improving Transmission & Distribution (T & D) network and energy conservation, which has resulted in improved supply position. During 2016-17, the average peak demand of MAHADISCOM was 16,903 MW with load shedding of 37 MW, whereas it was 17,121 MW with load shedding of 82 MW during 2017-18 upto November. The supply & shortfall of electricity at average peak demand is given in Table 9.7.

Table 9.7 Supply & shortfall of electricity at average peak demand

(MW)

Year	Average peak demand	Supply	Shortfall
2013-14	14,406	13,830	576
2014-15	15,812	15,392	420
2015-16	15,948	15,850	98
2016-17	16,903	16,866	37
2017-18 ⁺	17,121	17,039	82

+ upto November

Transmission and distribution network infrastructure

9.12 Improvement in T & D network infrastructure is an ongoing process which involves measures like modernisation of Extra High Voltage (EHV) sub-stations, replacement of faulty meters, load reduction on overloaded HT & LT circuits by providing additional transformers, erection & commissioning of new sub-stations and lines under various schemes along with anti-theft drive undertaken by MAHATRANSCO and MAHADISCOM.

9.13 The transmission capacity of MAHATRANSCO was about 1,19,263 Mega Volt Ampere (MVA) with the network of 44,685 circuit km transmission lines and 652 sub-stations by 2016-17. During 2016-17, the transmission capacity of 8,398 MVA was added through the line length of 985 circuit km and 19 sub-stations and the transmission capacity of 2,110 MVA was added through line length of 1,017 circuit km and eight sub-stations during 2017-18 upto December. The transmission losses of MAHATRANSCO were 3.63 per cent for 2016-17 and 3.35 per cent during 2017-18 upto November.

9.14 The distribution network of MAHADISCOM has 3,257 sub-stations, 9,92,989 circuit km line length and 5,83,725 distribution transformers by the end of 2016-17. During 2017-18 upto December, 147 sub-stations, 6,900 circuit km line length and 7,510 distribution transformers were added. During 2016-17 16,72,342 meters were replaced and 5,38,899 meters were replaced during 2017-18 upto October. Under anti-theft drive, 46,530 cases were detected and amount of ₹ 17.03 crore was recovered during 2016-17. Amount of ₹ 11.27 crore was recovered from 32,240 cases detected during 2017-18 upto October. The aggregate technical and commercial (AT & C) losses of MAHADISCOM were 22.1 per cent, Tata power 0.93 per cent and Reliance infrastructure 3.63 per cent during 2017-18 upto October.

Graph 9.4 : AT & C and Distribution losses of MAHADISCOM

9.15 The contribution of MAHADISCOM to the distribution utilities in the State was 84.5 per cent followed by Reliance infrastructure 7.3 per cent, Tata power 4.1 per cent and BEST 4.1 per cent during 2016-17. The distribution losses are given in Table 9.8

Table 9.8 Distribution losses

(per cent)

Licensee	Distribution losses			
	2014-15	2015-16	2016-17	2017-18 ⁺

⁺ upto September

9.16 *Ujwal Discom Assurance Yojana (UDAY)*: The scheme for the financial turnaround of power distribution companies (State-owned DISCOM) has been approved by GoI in 2015 with an objective to improve the operational and financial efficiency of the State DISCOM. Under this scheme an amount of ₹ 4,959.75 crore has been transferred by GoM to MAHADISCOM during 2016-17. The State has completed the feeder metering, rural feeder audit and distribution of Light-Emitting Diode (LED), bulbs whereas distribution transformer metering is in progress.

9.17 *Integrated Power Development Scheme*: GoI has launched the scheme in 2015 for urban areas (statutory towns) only. As per census 2011, in all 254 towns having population more than 15,000 are considered under the scheme. The objectives are strengthening of sub-transmission distribution network, metering of distribution transformers / feeders / consumers and IT enablement of distribution sector. GoI has approved projects of ₹ 2,300.43 crore and released ₹ 258.05 crore to the State, of which expenditure of ₹ 104 crore was incurred upto December, 2017.

Capacity addition

9.18 **Thermal power:** Maharashtra State Power Generation Company Ltd. has accorded approval for implementation of the action plan for installation and commissioning of Flue-gas desulfurisation (FGD) project at various thermal power stations of MAHAGENCO. Capacity of addition projects at Chandrapur 2,500 MW, Bhusawal 1,000 MW, Paras 1,250 MW, Khaparkheda 500 MW and Koradi 1,320 MW are in process.

9.19 **Renewable energy:** Wind, solar, biomass, biogas, sea waves, geo-thermal, etc. are the renewable, clean and eco-friendly energy sources. GoM has notified Maharashtra Energy Development Agency (MEDA) as the designated agency to co-ordinate, regulate and enforce the provisions of the Energy Conservation Act, 2001. MEDA is actively engaged in propagation & promotion of renewable energy and implementation of energy conservation programmes.

9.20 GoM has adopted the policy of achieving the target of renewable purchase obligation upto 10 per cent in line with GoI. Accordingly, policies have been announced for grid connected electricity generation through renewable energy sources. The State ranks third after Rajasthan and Jammu & Kashmir in terms of estimated potential and second after Tamil Nadu in terms of installed capacity of renewable power generation projects in India. Potential and installed capacity of renewable energy is given in Table 9.9.

Table 9.9 Potential and installed capacity of renewable energy

(MW)

Regulatory measures and electricity tariffs

9.21 Maharashtra Electricity Regulatory Commission (MERC) has been set up for determination of tariff, regulation of power purchase and procurement process of transmission & distribution utilities, promotion of competition, efficiency & economy in the electricity sector. Average tariffs of electricity in 2017-18 are given in Table 9.10

Table 9.10 Average Tariffs of electricity in 2017-18

(₹ per unit)				
Category of user	MAHADISCOM	Reliance infrastructure	Tata power	BEST

9.22 After notifying the Rooftop Solar PV Net Metering Regulations, 2015 in all 3,100 consumers have been connected with 31.5 MW capacity upto October, 2017.

9.23 **Energy conservation programme and other measures for renewable energy:** A large number of stand-alone renewable energy devices have been distributed on a subsidised basis. More than 12.24 lakh sq.m. solar collector area (solar water heating system), 1.62 lakh solar lanterns, 0.45 lakh solar home lights, 1.16 lakh solar street lights have been installed in the State through market mode system. The achievements under energy conservation programme and other measures are given in Table 9.11.

Table 9.11 Achievements under energy conservation programme and other measures

9.24 Village electrification, network improvement and energy conservation: Of the total 40,959 inhabited villages (as per Census 2011) 40,913 villages are electrified through conventional energy upto December, 2017 in the State. The schemes & programmes for village electrification, network improvement and energy conservation are given below.

9.24.1 Deen Dayal Upadhyay Gram Jyoti Yojana : GoI has launched this 100 per cent centrally sponsored scheme since 2015 for rural areas and sanctioned ₹ 2,164.15 crore for the State. It is proposed to provide electricity connection to 12.48 lakh rural households (including 3.96 lakh BPL households).

9.24.2 Energisation of agricultural pumps : During 2016-17 about 1,25,522 agricultural pumps were energised and 47,140 agricultural pumps were energised during 2017-18 upto December. For removing the backlog of electrification of agricultural pumps Govt. has sanctioned grant of ₹ 87.3 crore during 2017-18 and efforts are being made to reach the stage of 'electricity connection on demand'.

9.24.2.1 There are about 40.82 lakh agricultural pumps in the State. Subsidy is provided for purchase of electricity supplies to the agricultural pumps. A provision of ₹ 6,242.45 crore is made during 2017-18 for giving electricity subsidy to agricultural pumps as against ₹ 4,510.39 crore during 2016-17.

9.24.3 *Atal Saur Krushi Pump Yojana* : This scheme is being implemented in the State since 2015 and upto December, 2017 about 4,576 solar agricultural pumps are commissioned against a target of 7,540.

9.24.4 *Mukhyamantri Saur Krishi Vahini Yojana* : This scheme is announced recently and aims to provide solar power units to the farmers at a cheap rate and is specifically targeting to feed the agro-pumps & to give farmers uninterrupted 12 hour power supply.

9.24.5 Domestic Efficient Lighting Programme: This programme was launched in June, 2015 under which the existing CFL and incandescent lamps of domestic consumers are being replaced by LED. The programme is being implemented by Energy Efficient Services Ltd. (a joint venture of PSU of Ministry of Power, GoI) and facilitated by MAHADISCOM in the State. MERC approved project design document for 3.86 crore LED bulbs distribution to MAHADISCOM with estimated expenditure of ₹ 553.93 crore, leading to estimated annual savings of 750 MU with expected demand reduction of about 293 MW. A target of distributing three crore LED bulbs within two financial years has been set. As on 31st December, 2017 about 2.17 crore LED bulbs have been distributed in the State.

9.25 **Renewable Purchase Obligation (RPO) & Renewable Energy Certificates (REC)**

Mechanism: Renewable Purchase Obligation is the obligation mandated by the MERC under the Act, to purchase minimum level of renewable energy out of the total consumption by the obligated entity (the distribution licensees, grid connected captive generating plants and open access consumers).

9.26 REC is a market based instrument to promote renewable energy and to address the mismatch between available RE sources and the requirement of the obligated entities to meet their RPO. MERC has declared MEDA as the state agency for RPO, its compliance and implementation of REC framework. As per this regulation, obligated entity has to purchase minimum level of renewable energy out of the total consumption by them. As per MERC's RPO-REC Regulation 2010 (upto 2017-18), minimum quantity of purchase from renewable energy sources (in terms of energy equivalent in KWh) target is two per cent for solar and 10.5 per cent for other renewable energy. RPO achievements are given in Table 9.12.

Table 9.12 RPO achievements

(Per cent)

Other forms of energy

Petroleum and natural gas

9.27 The total consumption of petroleum products shows increasing trend. Consumption of major petroleum products in comparison with previous year indicates rise of 3.2 per cent and 6.1 per cent respectively for India and Maharashtra during 2016-17. Consumption of major petroleum products in India and Maharashtra is given in Table 9.13.

9.29 Mahanagar Gas Limited, Maharashtra Natural Gas Limited and Gas Authority of India Ltd. (GAIL) are the operating entities of Piped Natural Gas (PNG) connections, Compressed Natural Gas (CNG) stations and CNG vehicles for the State. As on March, 2017 there are 1,233 CNG stations and about 30.45 lakh CNG vehicles in India of which 245 stations and 6.86 lakh vehicles are in the State. There are 36.14 lakh PNG connections in India of which 10.03 lakh connections are in the State.

9.30 **Pradhan Mantri Ujjwala Yojana:** The scheme aims to safeguard the health of women & children by providing them with a clean cooking fuel-LPG, so that they don't have to compromise their health in smoky kitchens or wander in unsafe areas collecting firewood. Under this scheme, LPG connections will be provided to BPL families with support of ₹ 1,600 per connection in the next three years. Ensuring women's empowerment, especially in rural India, the connection will be issued in the name of women of the household. Identification of the BPL families will be done through Socio Economic Caste Census Data.

Modified direct benefit transfer scheme for LPG consumers

9.31 There are about 2.63 crore domestic LPG consumers in the State. Out of these, about 1.34 crore consumers have single bottle connection and about 1.28 crore consumers have double bottle connection. Annual cap per LPG connection is upto 12 subsidised LPG bottles as per the policy of GoI. Modified direct benefit transfer scheme to LPG consumers in the State has been launched in November, 2014. As on 31st December, 2017 the number of active LPG consumers in the State is about 2.37 crore, LPG AADHAR seeded consumers are about 2.08 crore. The cumulative number of consumers voluntarily giving up the subsidy benefits for LPG was 16.90 lakh as on 31st December, 2017.

TRANSPORT AND COMMUNICATION

9.32 An efficient transport and communication system is a prerequisite for increase in productivity and sustained socio-economic development. Surface, water and air transport are the modes of transport while posts, telephones, cellphones and internet services are the components of the communication system. Innovation and technical advancement in the field of transport and communication has tremendously benefitted in leveraging these services.

Surface transport

Road network

9.33 The road network consists of highways, district roads, village roads and internal city roads. Road development plan 2001-21 is being implemented in the State with a target to develop 3.37 lakh km roads. The total road length maintained by PWD and ZP (excluding road length maintained by other agencies) at the end of March, 2017 was 3.03 lakh km. During 2016-17, an outlay of ₹ 4,050 crore was approved and an expenditure of ₹ 3998.01 crore was incurred. The road length maintained by PWD and ZP is given in Table 9.15. The yearwise road length by type of road in the State is given in Annexure 9.2 and districtwise road length according to breadth in 2016-17 is given in Annexure 9.3.

Table 9.15 Road length maintained by PWD and ZP

Central Road Fund

9.34 GoI introduced Central Road Fund (CRF) scheme in 2001-02 to allocate and disburse funds for the development and maintenance of national highways, rural roads, state roads (roads of interstate connectivity and economic importance) and construction of roads either under or over the railways by means of a bridge and erect suitable safety works at unmanned rail-road level crossings. Progress of CRF in the State is given in Table 9.16.

Pradhan Mantri Gram Sadak Yojana

9.35 The scheme is being implemented since 2000 and basic objective of *Pradhan Mantri Gram Sadak Yojana* (PMGSY) is to provide all-weather road connectivity to the unconnected habitations in the rural areas with a population of 500 & above (250 & above for tribal areas). The GoI has sanctioned PMGSY-II (sharing pattern is 60 per cent of GoI and 40 per cent of GoM) in 2013 for the states achieving 100 per cent target of connectivity to the unconnected habitations and 75 per cent target of upgradation. Under this programme, only upgradation of roads can be undertaken. A target of upgradation of 2,620 km road length has been given to the State by GoI.

9.35.1 A target of 27,207 km of road length for connecting 8,808 habitations in the State has been set under PMGSY for the year 2017-18. Upto November, 2017 road length of 25,665 km has been created by connecting 8,584 habitations. The progress of PMGSY is given in Table 9.17. The total road length constructed and/or upgraded and number of habitations connected under PMGSY since inception are given in Table 9.18.

Table 9.17 Progress of PMGSY

Year	Habitations connected (no.)	Road length (km)	Expenditure (₹ Crore)

Chief Minister Gramsada Yojana

9.36 Chief minister *Gram Sadak Yojana* is being implemented in the State from 28th October, 2015 for connecting unconnected habitations and upgradation of existing rural roads. The target upto March, 2017 for upgradation is 8,634 km road. During 2017-18 upto December the road length upgraded is 1,614 km and expenditure incurred was ₹ 2,250 crore.

Projects of Maharashtra State Road Development Corporation

9.37 Maharashtra State Road Development Corporation (MSRDC) has completed 19 projects with estimated cost of ₹ 8,081 crore and incurred expenditure of ₹ 7,874 crore upto October, 2017. The total toll collected from the partially and fully completed projects upto October, 2017 was ₹ 7,636 crore as against the total expenditure of ₹ 8,710 crore. Status of on-going projects of MSRDC is given in Table 9.19.

Maharashtra Samruddhi Mahamarg

9.38 This proposed corridor is eight lane expressway connecting Mumbai to Nagpur (701 km long and 120 m wide) and will enable travellers to cover the distance in eight hours. This expressway will pass through 10 districts, 26 tehsils and 390 villages and thereby it will connect 24 districts. At the crossing points of state and national highways an innovative idea of development of 24 *Krusha Samruddhi Kendra* is proposed. This corridor is proposed to connect industrial places (Butibori, Wardha, Amravati, Jalna, Chikalthana, Shendra, Waluj and Sinnar), tourist & pilgrimage places (Sewagram, Karanja (Lad), Lonar, Sindkhedraja, Ellora and Shirdi). This work is proposed through Engineering, Procurement and Construction (EPC) basis. The total land required is 8,513.19 ha, of which 5,165.28 ha including 1,130.05 ha government land is acquired. The total estimated cost of the project is ₹ 46,000 crore and an expenditure of ₹ 438.56 crore is incurred upto October, 2017.

Projects of Mumbai Metropolitan Region Development Authority

9.39 Mumbai Metropolitan Region (MMR) comprises of area under eight municipal corporations, nine municipal councils and about one thousand villages of Thane & Raigad districts. Mumbai Metropolitan Region Development Authority (MMRDA) has undertaken various infrastructure projects in MMR. Status of on-going transport projects in MMR are given in Table 9.20.

Public passenger road transport facility

Maharashtra State Road Transport Corporation

9.43 Share capital of GoI and GoM in Maharashtra State Road Transport Corporation (MSRTC) as on 31st March, 2017 is ₹ 56.77 crore and ₹ 1,341.21 crore respectively. MSRTC carried an average of 66.95 lakh passengers per day during 2016-17. Effective kms operated per day has decreased by about 1.4 per cent and the percentage load factor (including value of

concessions) has decreased by 0.8 percentage points over the previous year. Rates of passenger tax on income from rural, air-conditioned and urban passenger transport as on 31st March, 2017 were 17.5 per cent, 5.5 per cent and 3.5 per cent respectively. The percentage of villages and population served by MSRTC is given in Table 9.23 and the operational statistics of MSRTC is given in Table 9.24.

Railways

9.48 Railway is the major mass transport system. Freight and passenger traffic are the two major segments of the railways. The railway route length in the State as on 31st March, 2017 was 6,165 km (including 381 km of Konkan railway), which is 9.2 per cent of the total railway route length (67,368 km) of India. The work of doubling of the route length of 35 km between Panvel & Pen is completed. The status of on-going railway works in the State is given in Table 9.29.

Table 9.29 Status of on-going railway works(As on 30th June, 2017)

Name of the route	Route length (km)	Total project cost (₹ Crore)	Physical progress (per cent)

Mumbai suburban railway

9.49 Suburban rail network is the major mode of mass transport in Mumbai. Two zonal railways, viz. Western railway and Central railway operate Mumbai suburban railway system. The Harbour line and Trans Harbour line are parts of the Central railway. A fleet of 258 local trains is utilised to run 2,979 train services, daily carrying on an average 76.5 lakh passengers. Number of accidental deaths and injured (causewise) on Mumbai suburban railway route is given in Table 9.30.

+ upto October, 2017

Navi Mumbai metro rail project

9.52 CIDCO has finalised four metro rail corridors for development in phases. CIDCO is developing an elevated Metro Rail first line from CBD Belapur-Pendhar having length of 11.10 km in first phase at an estimated project cost of ₹ 3,063.63 crore and the work is in progress. The expenditure incurred upto October, 2017 is ₹ 1,315.37 crore.

Nagpur metro rail project

9.53 Nagpur metro rail project consists of length of 38.22 km and 36 stations. The entire stretch of this project will be divided into two corridors viz. North-South corridor of 19.66 km length with 17 stations and East-West corridor of 18.56 km length with 19 stations. The cost of this project is estimated at ₹ 8,680 crore. The total and required is 87.95 ha, of which 79.39 ha land has been acquired. The expenditure incurred upto December, 2017 is ₹ 2787.39 crore.

Pune metro rail project

9.54 Pune metro rail project consists of two corridors viz. Chichwad to Swargate of 16.59 km length and Vanaz to Ramwadi of length 14.66 km and estimated cost of this project is ₹ 11,420 crore. This project is expected to be completed by 2021. The total land required is 44.25 ha, of which government land is 31.57 ha, of this 20 ha has been acquired. The expenditure incurred upto December, 2017 is ₹ 207 crore.

Water transport

9.55 The maritime sector is of crucial importance as it plays a vital role in sustaining growth in trade and commerce. The State has constituted a comprehensive Maharashtra Port Development policy in 2016. In this policy, emphasis is laid on integrated development of ports along with providing boost for promoting industries along the 720 km coastline. The policy also has a special component related to upgradation of integrated infrastructure promising connectivity between ports, railways and roads. The emphasis is also on promoting industries & businesses in ship manufacturing & repair along the coastal stretch. The State is undertaking various projects for construction of new and refurbishment of existing passenger facilities under inland water transport projects.

Major ports

9.56 The State has two major ports, operated by Mumbai Port Trust (MbPT) and Jawaharlal Nehru Port Trust (JNPT). During 2016-17, MbPT and JNPT handled 630.48 lakh MT and 621.51 lakh MT cargo traffic respectively. Operational statistics of major ports is given in Table 9.33.

Table 9.33 Operational statistics of major ports

Non-major ports

9.57 Dhamankhol-Jaigad, Dighi and Lavgan-Jaigad (Angre port) ports are commissioned. Pre-construction activities are in progress for Rewas-Aware, Vijaydurg and Redi ports. Apart from these ports, there are number of captive and multi-purpose jetties set up within the limits of non-major ports, which also undertake cargo handling. Operational statistics of non-major ports is given in Table 9.34.

Table 9.34 Operational statistics of non-major ports

Particulars	2015-16	2016-17	2017-18 ⁺
Cargo traffic handled (lakh MT)	288.49	348.94	227.92
<i>Of which</i> a) Import	244.74	290.09	194.33

Sagarmala programme

9.58 This programme aims to promote port-led development. The vision is to reduce logistics cost for EXIM and domestic trade with minimal infrastructure investment. As a part of *Sagarmala*, projects have been identified across the areas of port modernisation and new port development, port connectivity enhancement, port led industrialisation and community development. The work of construction of breakwater and roll on roll off (roro) service at Mandwa is in progress. The construction of roro jetty at Gorai, Vasai, Bhayender, Narangi, Kharwadeshwari, Manori and Ghodbunder is proposed under the programme.

Marina

9.59 Marinas would help decongest water areas by eliminating un-authorised/ un-organised anchorages. Under the Ist phase, development of infrastructural facilities for anchoring 30 boats will be taken at creek at Belapur near Panvel. The work is expected to be completed by December, 2019. The yachts, speed boats anchored near Gateway of India can be anchored under this project. The journey time between Gateway of India to Belapur will be reduced to 15 minutes.

Air transport

9.60 Airports Authority of India (AAI) along with Mumbai International Airport Ltd. has built the new integrated Terminal T2 with a capacity to handle 40 million passengers per annum at *Chhatrapati* Shivaji International Airport, Mumbai. There are three international and 13 domestic airports functioning in the State. The passenger and cargo traffic handled at Baramati, Kolhapur, Solapur, Nanded, Osmanabad, Latur and Yavatmal is meagre. Ojhar airport, Nashik carried about 1,73,151 MT and 1,01,783 MT cargo during 2016-17 and 2017-18 (upto December) respectively. Operational statistics of passenger and cargo traffic of selected airports in the State are given in Table 9.35.

Table 9.35 Operational statistics of selected airportwise passenger and cargo traffic

neg. negligible

9.60.1 Daily flight operations at Nanded Airport from Hyderabad commenced on 27th April, 2017 and from Mumbai commenced on 16th November, 2017.

9.60.2 To reduce air-traffic congestion in *Chhatrapati* Shivaji International Airport, an additional airport has been proposed at Navi Mumbai in four phases through PPP with estimated cost of about ₹ 16,704 crore. The airport is planned for capacity of 60 million passengers per annum & the first phase will be developed for minimum from CIDCO.

9.60.3 The Multimodal International Passenger and Cargo Hub Airport at Nagpur (MIHAN) project comprises of developing existing airport as an international and cargo hub airport. This is being implemented through MIHAN India Ltd., a joint venture company comprising of Maharashtra Airport Development Company Ltd. and AAI. The Request for Proposal (RFP) prepared for up-gradation and modernisation of Dr. Babasaheb Ambedkar International Airport, through PPP on Design, Build, Finance, Operate & Transfer basis is prepared.

Communications

9.61 Posts, telephones, voice-video and data telecommunication are major components of the communication system. The operational statistics of postal services is given in Table 9.36.

9.62 The internet subscriber base in the State as on 30th September, 2017 was 5.45 crore which is highest among all the states.

9.63 The total number of landline connections at the end of September, 2017 in the State was 48.38 lakh. The landline and cell phone connections per lakh population were 3,985 and 1,08,874 respectively. Data of landline and cell phone connections is given in Table 9.37.

Social Sector

10. SOCIAL SECTOR

10.1 The main objective of planned development is to ensure improvement in the quality life of the people, especially weaker and vulnerable sections of them. A healthy, educated and skilled workforce can contribute to economic development more effectively. Hence it emphasises social sector development. Qualitative services through public participation provide the best results in the social sector development. The disadvantaged, the disabled & the discriminated are also given due weightage in the State planning for their appropriate needs. Accordingly the links among the human development approach, the Vision 2030 agenda and the Sustainable Development Goals are inter-related to social development.

EDUCATION

10.2 Education is the most crucial input for empowering youth with knowledge, skills & vocational trainings by providing them access to productive employment which will ultimately help to boost economic growth of the State. Education system has challenges like the changing dynamics of the population's requirement with quality education, affordable vocational trainings, access to higher education, innovation & research, etc. Keeping in view these challenges, various educational programmes are being implemented through the joint venture of GoI and GoM in the State. To further enhance the quality of technical education institutes viz. Indian Institute of Information Technology, Indian Institute of Management have been established. Government initiated schemes like *Rashtriya Uchchatar Shiksha Abhiyan*, choice based credit system, self-finance universities to enhance academic standards and quality of higher education and State has enacted the new Maharashtra Public Universities Act, 2016 to meet the challenges of globalisation, privatisation and liberalisation.

School education

10.3 The right to education of children in the age group of 6-14 years was enacted in the State to provide free & compulsory education. Also, it is imperative to provide "education for all, quality education" to all the children. There has been significant progress to provide primary education and secondary education. Though the major responsibility for basic education lies with the State Government, the local self-government bodies, both in rural and urban areas are associated with school education. Educational programmes, especially for primary education, are executed through collaborative efforts of the State Government and local bodies. Use of modern technology for providing education services have a significant impact not only on the quality of education but also on its accessibility to the rural areas. During 2016-17, the State Government's expenditure on primary education was ₹ 19,486 crore. Primary (Std I to VIII) educational institutions & enrolment are given in Table 10.1 and regionwise details are given in annexure 10.1.

Sarva Shiksha Abhiyan

10.4 The Sarva Shiksha Abhiyan (SSA) is a comprehensive and integrated flagship programme of GoI to provide compulsory and free education to children between the age group of 6 to 14 years in a time bound manner. The SSA has made significant progress in achieving universal access and quality education through its sub programmes with variety of interventions such as opening of new schools, construction of schools & additional classrooms, toilets & drinking water facility, providing text books as well as periodic training & academic resource support, etc. In order to make digital class rooms in all schools, funds are being made available to the schools through various sources e.g. Government, Corporate social responsibility (CSR), public participation, etc. The expenditure incurred on SSA during 2016-17 was ₹ 1,981.43 crore while during 2017-18 upto December it was ₹ 1,343.58 crore. Some important indicators of primary (Std I to VIII) education are given in Table 10.2

Systematic Administrative Reforms for Achievement of Learning

10.5 Throughout the year various types of statistical information is required from the schools, wherein U-DISE provides information with a very limited academic parameters and the teachers have to keep on reporting about the required information from time to time under e-Governance. Schools across the State have been directed to enter details about their students, staff members online through special software called Systematic Administrative Reforms for Achievement of Learning by Students (SARAL), with which the required Management Information System / statistical reports can be generated online anytime.

Secondary and higher secondary education

10.6 The number of secondary & higher secondary educational institutes in the State are 26,879 during 2017-18, with 66.48 lakh enrolment. During 2016-17, the State Government's expenditure on secondary & higher secondary education was ₹ 16,089 crore. Secondary & higher secondary (Std IX to XII) educational institutions and enrolment therein are given in Table 10.3.

Inclusive Education of Disabled

10.7 'Inclusive Education of Disabled' programme is being implemented in the State to ensure quality education to Children With Special Needs (CWSN) in a normal set up with a normal peer group for their emotional progress and socially integrate them. This programme includes identification and medical assessment of CWSN, providing rehabilitation and educational support services like Braille books, spectacles, hearing aids & appliances, speech trainer, etc. During 2016-17, number of children benefited were 2.55 lakh and an expenditure incurred was ₹ 58.99 crore. During 2017-18, in all 2.27 lakh children were benefited and an expenditure of ₹ 40.57 crore was incurred.

Rashtriya Madhyamik Shiksha Abhiyan

10.8 *Rashtriya Madhyamik Shiksha Abhiyan* (RMSA) scheme was launched in 2009 with the objective to enhance access to secondary education and also improve its quality. The expenditure incurred on RMSA during 2016-17 was ₹ 19.15 crore, while during 2017-18 upto December, it was ₹ 36.99 crore. Some important indicators of secondary and higher secondary education are given in Table 10.4.

Pragat Shaikshanik Maharashtra Programme

10.9 To enhance the quality of education for school going children, GoM launched 'Pragat Shaikshanik Maharashtra Programme' in 2015-16. Under this programme, special action plan has been made to identify the basic capabilities of students to ensure age/ gradewise expected educational capability in all students so that no child should be below standard level. 'State Learning Achievement Survey' has been conducted to identify the basic capability and learning level of students. For this, three educational development tests are taken in a year for all students of I to

+ upto January

VIII standard, of which one is basic test and other two are evaluation tests under continuous and comprehensive evaluation. These tests are conducted by Maharashtra State Council of Educational Research and Training Institute. To achieve the goal of 'Pragat Shaikshanik Maharashtra Programme', Government is providing need based and demand-driven trainings to teachers. GoM is trying to persuade companies to put money in the school system by using their corporate social responsibility (CSR) funds to boost educational facilities in the State and 3,683 schools were benefitted in the year 2017-18. Progress of 'Pragat Shaikshanik Maharashtra Programme' is given in Table 10.5.

Out-of-school

10.10 According to Right to Education Act, efforts are being made to bring every out of school child in the age group of 6-14 years in educational stream, in order to avoid any child out of school or outside education. Hence, it is necessary to search out of school children, enroll them in school and teach them regularly. During the year 2017-18 upto December 48,379 children were out of school. Special training for 36,185 children was proposed, of which 15,529 were enrolled and efforts are being made to enroll the remaining.

Schemes to encourage education

10.11 To encourage children to participate in education and to ease the financial burden of parents, the GoM is providing concessions through various schemes to the students. Progress of selected schemes to encourage education is given in Table 10.6.

Table 10.6 Progress of selected schemes to encourage education

Girls education

10.12 GoM is implementing various schemes to promote girls education. Free of cost school bus service for girls in rural areas is provided and bicycles are distributed to the needy girls studying in class VIII to XII and living within five kilometers from school in selected 125 talukas under Maharashtra human development programme. Progress of a few selected schemes is given in Table 10.7.

Maharashtra Cadet Corps

10.14 The main objective of this scheme is to inculcate qualities like leadership, brotherhood, sportsmanship, national unity, social service, etc. amongst the students. The scheme is being implemented on optional basis for students of standard VIII and IX. During 2015-16 about 10.68 lakh students participated and an expenditure of ₹ 3.58 crore was incurred. During 2016-17 an expenditure of ₹ 3.07 crore was incurred.

Annual Status of Education Report-2017 (ASER)

10.15 ASER 2017, a household survey facilitated by 'Pratham' was carried out all over India in 1,641 villages of 28 districts of 24 states covering 25,726 households and 14,574 male & 15,941 female youth who are in the age group of 14 to 18 years. This is the first time that ASER has focused on an age group (14-18 years). The sample for this first attempt was limited to one or two districts per state. This survey was conducted in only two sample districts in the State viz, Ahmednagar and Satara, in 120 villages covering 1,900 households with 2,329 youths. Activity, ability, awareness and aspirations are the four major components captured in ASER 2017. Some important findings of the survey for the State are given below.

Ahmednagar District

- About 90.7 per cent of youth in the 14-18 years age group are still within the formal education system upto XII standard, five per cent are enrolled for under graduate course and 4.3 per cent are not enrolled anywhere.
- The enrollment gap between male and female in the formal education system increases with age. There is hardly any difference between boys' and girls' enrolment at age 14-16 years, but at age 18 years female not enrolled are 8.2 per cent as compared to 5.8 per cent male
- About 6.1 per cent of youth are taking vocational course. This includes those who are enrolled in school or college as well as those who are not currently enrolled
- The percentage of youth having reading ability to read Std II level text was found to be 86.0 per cent
- The percentage of youth who could divide by simple arithmetic was 34 per cent and who can perform subtractions was 26.6 per cent
- The percentage of youth who could read complete sentence in english was 67.1 per cent, reading word was 17 per cent and identifying small letters was 16 per cent

Satara District

- About 87.6 per cent of youth in the 14-18 years age group are still within the formal education system up to XII standard, 6.4 per cent are enrolled for under graduate course and 6.0 per cent are not enrolled anywhere
- The enrolment gap between male and female in the formal education system increases with age. There is not much difference between boys' and girls' enrolment at age 14-16 years, but at age 18 years, female not enrolled are 18.1 per cent as compared to seven per cent male
- About 6.2 per cent of youth are taking vocational course. This includes those who are enrolled in school or college as well as those who are not currently enrolled
- The percentage of youth having reading ability to read Std II level text was found to be 87.6 per cent
- The percentage of youth who could divide by simple arithmetic was 39.1 per cent and who can perform subtractions was 25.1 per cent
- The percentage of youth who could read complete sentence in english was 73.4 per cent, reading word was 13.8 per cent and identifying small letters was 12.8 per cent

Sainiki schools

10.16 There are 42 *Sainiki* schools at primary, secondary and higher secondary levels in 33 districts of the State, of which four schools are exclusively for girls, 34 schools are exclusively for boys and four are for co-education. During 2017-18 total enrolment in these schools was 18,924.

Sports education

10.17 The State Government has established '*Shiv Chhatrapati Kridapeeth*' in Pune with the motive of promoting sports and develop excellence by upgrading the skills of sports persons. This *Kridapeeth* conducts sports skill tests for the students of age group 8 to 14 years and imparts specific training for about 8 to 10 years to selected students in 17 different games. There are 11 sports academies under the *Kridapeeth*. So far, 25 students from these academies were awarded *Shiv Chhatrapati* State Sports Award and 73 players had represented the nation in international

competitions. The State spends on an average ₹ 9,000 per trainee per month. For 2017-18, in all 627 trainees were selected. Medals received by students of sports academies are given in Table 10.9.

Table 10.9 Medals received by students of sports academies

Adult literacy

10.18 According to the Population Census-2011 about 1.63 crore adults (age 15 years and above) in the State are illiterate. To increase adult literacy 'Sakshar Bharat Scheme' is implemented in the districts, which has female literacy rate less than the national average or less than 50 per cent. This scheme is implemented in 7,315 grampanchayats from 93 tahsils of 10 districts targeting 14.4 lakh illiterates. Under the scheme, adult illiterates are provided with functional literacy which includes knowledge of letters and numbers as well as basic literacy, in which new literates are allowed to give IIIrd, Vth and VIIIth standard level basic literacy test. Formal education certificate equivalent to that level is issued to each of the successfully passing person. It also includes skill development through vocational training. Total 14,630 motivators and 138 co-ordinators are appointed in Adult Education Centers at 7,315 grampanchayats. Upto August, 2017, number of new literates who received formal education certificate was 15.89 lakh. Also some innovative schemes like 'Each one Teach one', 'Sakshar Bharat Mahotsav' are implemented with community participation.

Higher & Technical education

10.19 Higher education helps in creating technical and skilled human resources as an important input necessary for the overall economic development. It covers education in agriculture, veterinary, medical, pharmaceutical, engineering, technical and vocational trades, etc. alongwith general higher education. Apart from universalising elementary education, the Government is taking efforts to expand opportunities in higher education also. There are 22 State universities, out of which four universities are for agriculture, one university for health science courses, one university for veterinary science, one for technology and 15 other universities for general courses (including *Shreemati Nathibai Damodar Thackersey* University, Mumbai which is exclusively for women, *Yashwantrao Chavan* Open University, Nashik for non-formal education and *Kavi Kulguru Kalidas* University, Nagpur for conduct of studies, research, development and spread of Sanskrit language). In addition to these, there are 21 deemed universities, one central university, four private universities and five institutes of national importance universities in the State. Details of streamwise institutions, their intake capacity and number of students admitted in first year of the course for the year 2017-18 are given in Annexure 10.2 to 10.5. Higher education statistics based on All-India Survey on Higher education in the State is given in Table 10.10.

Table 10.10 Higher education statistics in the State(As on 30th September)

Indicator		2014-15	2015-16	2016-17
Number of Universities		45	45	49

Maharashtra Public Universities Act, 2016

10.20 To meet the challenges of globalisation, privatisation and liberalisation the State enacted the new Maharashtra Public Universities Act, 2016 which has come into force from March, 2017. The Act would impact around 11 state public universities and over 5,000 colleges in the State. Key focus of this Act is to promote academic autonomy & excellence, skill based education through democratic process in the higher education. Maharashtra State Commission for Higher Education & Development is in charge and responsible for planning, monitoring, coordinating and evaluating authority. Understanding the importance of information technology education, the Act includes board of information technology which will help to create an umbrella structure to use application software & technology in academics, finances & administration to deploy technology in all domains of activities & associated tasks of the universities and to project the funds required for that purpose.

National Law Universities

10.21 The Government has established National Law Universities in Mumbai, Nagpur & Aurangabad to provide quality law education in the State. Maharashtra is the only State with three national law universities viz. Mumbai established in the year 2015, Nagpur and Aurangabad established in 2016 and 2017 respectively.

Self-financed Universities

10.22 To provide an all-inclusive access to high standard of education, foster a positive environment for knowledge, research and innovation, the Government decided to establish self-financed universities in the State. So far 11 self-financed universities have been established. Some of the renowned educational groups such as Amity, Symbiosis, Dr. D.Y. Patil, etc. have setup campuses in the State. The initiative will be helpful in improving opportunities in higher education through proactive participation and investment by the private sector.

Choice Based Credit System

10.23 The Choice Based Credit System (CBCS) is a concept wherein students get an opportunity to choose optional courses/certifications while pursuing regular course from a wide range of prescribed courses categorised into core subjects, elective courses, soft skill courses, etc. This helps students to provide choice to gain knowledge across various disciplines. Students can opt for

courses of their choice and pursue skills to enhance employability. The Government has taken great efforts in bringing CBCS into the under-graduate level for almost all the public universities & its affiliated colleges in the State and implementation of the same at the post graduate level is under way.

Rashtriya Uchchatar Shiksha Abhiyan

10.24 *Rashtriya Uchchatar Shiksha Abhiyan* (RUSA) is a centrally sponsored scheme, launched in 2013 which aim to provide strategic funding to eligible higher educational institutions. The scheme is norm based & outcome dependent. The scheme aims at attaining higher levels of access, equity and excellence in higher education with greater efficiency, transparency, accountability & responsiveness. New Model Degree Colleges have been setup in the seven educationally backward districts of the State where gross enrolment ratio in higher education is less and upto 2017-18 an amount of ₹ 143.50 crore was released. Some of the key initiatives under RUSA are:

- Maharashtra is the first state in the country to receive RUSA grant of ₹ 20 crore under 'Research and innovation and quality improvement' for setting up innovation and technology transfer hubs
- For scale up/technology transfer/commercialisation 15 research projects have been selected and funded ₹ 4.10 crore
- Six centres for technology development and technology transfer have been setup in six universities.

Establishment of educational institutes

10.25 In order to enhance the quality of technical education, GoM with assistance of GoI has established two new Indian Institute of Information Technology (IIITs) at Pune and Nagpur in the State. The IIITs in the State are providing the right kind of exposure, experience and knowledge that imbibes the spirit of innovation and entrepreneurship in the field of information technology within the youth of the State as well as the country. Indian Institute of Management, Nagpur an autonomous institution under Ministry of Human Resource Development, GoI started functioning in academic year 2015-16.

Rajarshi Chatrapati Shahu Maharaj tuition fees scholarship scheme

10.26 *Rajarshi Chatrapati Shahu Maharaj* tuition fees scholarship scheme is being implemented in the State to provide scholarships to students belonging to economically backward class category. The scheme was enhanced to include around 605 professional & non- professional courses being offered by various universities and colleges across the State. In 2016, the limit for the annual family income of the applicant has been increased from ₹ one lakh to ₹ six lakh. During the year 2016-17 about 1.54 lakh students benefitted under the scheme and an expenditure of ₹ 471.39 crore has been incurred. During the year 2017-18 it is estimated that 1.65 lakh students will be benefitted and a budgetary provision of ₹ 510 crore has been made.

PUBLIC HEALTH

10.27 The State has been at the forefront of healthcare development in India. Healthcare facilities are being provided by public, private and voluntary sectors from basic to advanced health care services. Public health services aim at providing reliable, accountable, adequate, qualitative, preventive and curative health care to the population with focus on improving maternal and child health. In addition, public health facilities are also provided considering local needs, particularly for tribal and rural communities. 'Ensure healthy lives and promote well-being for all at all ages' is one of the prime goal of Sustainable Development. Health indicators of selected states are given in Table 10.11.

Table 10.11 Health indicators for selected states

Indicator	All-India	Andra Pradesh	Gujarat	Karnataka	Kerala	Madhya Pradesh	Maharashtra	Rajasthan	Uttar Pradesh
Crude Birth Rate ^{\$} (2016)	20.4	16.4	20.1	17.6	14.3	25.1	15.9	24.3	26.2

\$ Per 1,000 population

10.28 The GoM has created three-tier health infrastructure to provide comprehensive health services. The primary tier comprises of Sub-centres, Primary Health Centres (PHC) and Community Health Centres (CHC). The sub-district hospitals and district hospitals constitute secondary tier whereas, well equipped medical colleges and super-speciality hospitals located in major cities are at tertiary level. The health infrastructure of the State Government is given in Table 10.12 and its series is given in Annexure 10.6.

10.29 The sub-centre is the lowest unit of public health infrastructure and covers services such as maternal & child health care, treatment of minor ailments, referrals as well as health care awareness. As per government norms, a sub-centre is to be set up for a population of 3,000 in tribal areas and a population of 5,000 in non-tribal areas. Similarly, a PHC for a population of 20,000 in tribal and a population of 30,000 in non-tribal areas and a Community Health Centre (CHC) as referral centre for every four to five PHCs covering a population of 80,000 to 1.2 lakh is set up. At present there are 2,057 Sub-centre, 315 PHC and 67 CHC in the tribal areas of the State. The number of Sub-centres, PHC and CHC functioning in selected states are given in Table 10.13.

Table 10.12 Health infrastructure of the State Government

(As on 31st December, 2017)

Type of Institution	No.
Sub-centres	10,580
Primary Health Centres	1,814
Rural Hospitals (CHC)	360

10.30 To cater need of medical professionals, a number of medical and paramedical institutions including Ayurveda, Yoga & Naturopathy, Unani, Siddha and Homeopathy (AYUSH) institutions have been set up. After getting the degree, the allopathy medical practitioners have to register to Maharashtra Medical Council, Mumbai and renew their licence every five years. Upto January, 2018 in all 1,40,610 (of which 62,891 are post graduate) allopathy doctors have registered and 86,678 doctors have renewed their licence. Based on the data of registered medical practitioners estimated doctor population ratio is 1:1,365 in the State.

National Health Mission

10.31 The National Health Mission (NHM) was launched in 2013 to enable universal access to affordable, accountable and quality health care services. The National Health Mission is one of the flagship programmes which encompasses its two Sub-Missions, the National Rural Health Mission (NRHM) and the National Urban Health Mission (NUHM). The main components of the programme include Health System Strengthening in rural and urban areas, reproductive, maternal, neo-natal, child and adolescent health and control of communicable and non-communicable diseases. Some of the targets set under Vision-2030 are:

- To reduce infant mortality rate to 10
- To reduce maternal mortality ratio to 19
- To reduce under five mortality rate less than 15
- To reduce incidence rate of TB cases (per 1,000 persons) to 0.33
- To increase beds per lakh population to 150
- To reduce doctor population ratio to 1:1,000

National Rural Health Mission

10.31.1 The National Rural Health Mission (NRHM) was launched in April, 2005 to provide accessible, affordable and quality health care to the rural population, especially the vulnerable groups. NRHM further aims to provide overarching umbrella to the existing programmes of health and family welfare including Reproduction and Child Health Programme-II, malaria, blindness, iodine deficiency, filaria, tuberculosis, leprosy and for integrated disease surveillance. The NRHM attempts to make effective integrations of health determinants like sanitation & hygiene, nutrition and safe drinking water.

10.31.1.1 Under NRHM, 40 Mobile Medical Units are operating to provide health care services for populations living in remote, inaccessible areas of the State. Every unit consists of doctor, nurse, radiologist, lab attendant, pharmacist, helper and driver one each. Telemedicine technology is available at 23 District Hospitals, 39 Sub District/Rural Hospitals and Six Medical colleges.

In all 3,262 Medical Officers including specialists under NRHM are providing health services to 43,943 villages and about 145 lakh people are benefited through the scheme. Under the scheme, 60,500 ASHA workers are appointed upto December, 2017. Sickle Cell Disease Control Programme is implemented in 21 districts where Sickle Cell Disease is more prevalent.

10.31.1.2 Under NRHM for 2016-17, GoI has approved project implementation plan of ₹ 1,828.46 crore and expenditure of ₹ 1,068.33 crore was incurred. For 2017-18 project implementation plan of ₹ 2,227.52 crore is approved and expenditure incurred is ₹ 755.22 crore upto December. Physical achievements under NRHM are given in Table 10.14.

Reproductive and Child Health Programme - II

10.31.2 Reproductive and Child Health Programme (RCH) - II is being implemented to enhance child health status and population stabilisation thereby reducing Maternal Mortality Ratio (MMR), Infant Mortality Rate (IMR) and Total Fertility Rate (TFR). Under the programme, during 2015-16 expenditure of ₹ 453.20 crore, during 2016-17 expenditure of ₹ 459.01 crore and during 2017-18 upto December expenditure of ₹ 207.86 crore was incurred. Trends of some health indicators are given in Table 10.15 and the series is given in Annexure 10.7.

Navsanjivani Yojana

10.31.2.1 *Navsanjivani Yojana* (NSY) is being implemented to reduce MMR and IMR in tribal areas of 16 districts covering 8,419 villages. Under NSY, 173 Mobile Medical Squads each having one medical officer with para medical staff and a vehicle, are formed. These squads visit every village & hamlet to identify malnourished & sick children for providing health services at their homes. Children are also shifted to the nearest health centre, if required. Under NSY various schemes like *Matrutva Anudan Yojana*, *Dai meetings*, pre monsoon activities, provision of food & compensation for loss of wages, etc. are being implemented.

Matrutva Anudan Yojana

10.31.2.1.1 *Matrutva Anudan Yojana* is being implemented under NSY to provide health services like antenatal care registration, regular health check-up and required medicines to pregnant women in tribal areas. Under the scheme, amount of ₹ 400 is given in cash for visiting health centre for antenatal check-up and medicines worth ₹ 400 are provided. Progress of *Matrutva Anudan Yojana* is given in Table 10.16.

Table 10.16 Progress of Matrutva Anudan Yojana

Year	Expenditure incurred (₹ Crore)	Number of beneficiaries
2015-16	3.02	77,797
2016-17	4.34	74,564

Janani Suraksha Yojana

10.31.2.2 *Janani Suraksha Yojana* is being implemented to promote institutional deliveries in rural and urban areas to reduce infant and maternal mortality in BPL, SC and ST families. The scheme aims at lowering MMR by ensuring that all deliveries conducted by skilled birth attendants (SBA). Under the scheme an amount of ₹ 700 per beneficiary in rural areas and ₹ 600

Table 10.17 Progress of Janani Suraksha Yojana

Year	Expenditure Incurred (₹ Crore)	Number of beneficiaries (lakh)

per beneficiary in urban areas is given within seven days after delivery in the institutions. While, for delivery at home by SBA, ₹ 500 is given to the beneficiary in rural as well as urban areas. For the delivery by caesarean, upto ₹ 1,500 is given to the beneficiary as reimbursement of the expenditure incurred. Progress of *Janani Suraksha Yojana* is given in Table 10.17.

Universal Immunisation Programme

10.31.3 Universal Immunisation Programme is being implemented with the aim to provide high quality immunisation services to pregnant women, infants and children in various age groups in order to prevent mortality, morbidity and disability from vaccine preventable diseases such as Tuberculosis, Diphtheria, Whooping cough, Tetanus, Polio, Hepatitis B, Measles, etc. During 2015-16 expenditure of ₹ 41.68 crore, during 2016-17, expenditure of ₹ 38 crore and during 2017-18 upto December, expenditure of ₹ 27.88 crore was incurred on the programme. Progress of Universal Immunisation Programme is given in Table 10.18.

Ayurveda, Yoga & Naturopathy, Unani, Siddha and Homoeopathy

10.31.7 The health services provided by AYUSH network largely focuses on primary health care. In the private and not for profit sector, there are several clinics, dispensaries, hospitals and nursing homes for inpatient care and specialised therapies like *Panchkarma*. In the State 65 Ayurvedic hospitals, 466 ayurvedic dispensaries, six unani hospitals, 25 unani dispensaries and 48 homeopathic hospitals exists. Upto 2017, there are 79,623 ayurveda doctors (of which 3,553 are post graduate) and 7,060 unani doctors registered with Maharashtra Council of Indian Medicine and 67,276 homeopathy doctors (of which 2,098 are post graduate) are registered with Maharashtra Council of Homeopathy.

National Urban Health Mission

10.31.8 The National Urban Health Mission (NUHM) was launched in 2013 to meet health care needs of the urban population with the focus on urban poor, by making available to them essential primary health care services and reducing their out of pocket expenses for treatment. This will be achieved by strengthening the existing health care service delivery system, targeting the people living in slums and converging with various schemes relating to wider determinants of health like drinking water, sanitation, school education, etc. The mission primarily focuses on slum dwellers and other marginalised groups of all cities/towns with a population above 50,000. For 2016-17, project implementation plan of ₹ 311.53 crore was approved by GoI and an expenditure of ₹ 84.59 crore was incurred. For 2017-18 project implementation plan of ₹ 211.43 crore was approved (for Mumbai ₹ 59.28 crore and ₹ 152.15 crore for rest of 94 cities/towns) and an expenditure incurred upto December was ₹ 66.83 crore.

Maharashtra Emergency Medical Services

10.31.9 Maharashtra Emergency Medical Services provide pre-hospital health services to patients through life support ambulances while transporting them to nearby hospitals for further treatment. There are 233 ambulances with advanced life support system and 704 equipped with basic life support system. This emergency service can be availed by dialing a toll free number 108. Patients served in emergency are given in Table 10.22.

Table 10.22 Patients served in emergency

Revised National TB Control Programme

10.31.10 The programme aims to achieve 'TB free India' as Tuberculosis (TB) is an infectious disease. The DOTS (Directly Observed Treatment Short Course) strategy ensures that infectious TB patients are diagnosed and treated effectively till cure, by ensuring availability of the full course of drugs and a system for monitoring patient compliance to the treatment. During 2016 suspected number of TB patients per lakh population was 203 and cure rate was 82 per cent, while during 2017 upto December suspected number of TB patients per lakh population was 203 and cure rate was 84 per cent.

National Programme for Control of Blindness

10.31.11 National programme for Control of Blindness is being implemented mainly for cataract surgeries & screening of school children with provision of spectacles to the students having refractive errors. The goal of this program is to reduce the prevalence of blindness from 1.4 per cent to 0.3 per cent by 2020. During 2016-17 against the target of 7.50 lakh cataract surgeries, 6.96 lakh surgeries were performed, while during 2017-18 upto December, against the same target achievement was 4.85 lakh surgeries.

National Leprosy Eradication Programme

10.31.12 National Leprosy Eradication Programme was launched by GoI with the objective of elimination of leprosy (prevalence of less than 1 case per 10,000 population in all districts), strengthen Disability Prevention & Medical Rehabilitation of persons affected by leprosy, reduction in the level of stigma associated with leprosy. During 2016-17, number of newly reported and active leprosy cases was 15,012 and 9,887 respectively. Corresponding figures during 2017-18 upto December are 13,696 and 13,402 respectively.

Family Welfare Programme

10.31.13 The main objective of the Family Welfare Programme is to stabilise population. Sterilisation and spacing between the births of two children are important aspects of the programme. More emphasis is given on propagation of spacing methods like Copper-T (IUD), conventional contraceptives, etc. Information of family welfare sterilisation programme is given in Table 10.23.

Table 10.23 Information of family welfare sterilisation programme

Mahatma Jyotiba Phule Jan Arogya Yojana

10.32 Erstwhile Rajiv Gandhi *Jeevandayee Arogya Yojana* is continued in the name of Mahatma Jyotiba Phule *Jan Arogya Yojana* from April 2017. This scheme is being implemented in collaboration with the National Insurance Company to provide cashless medical facilities for treating patients belonging to BPL families holding yellow ration card, *antyodaya* & *annapurna* ration card, APL families holding saffron ration card and white ration card holding farmer families from 14 farmer suicide prone districts (Aurangabad, Jalna, Parbhani, Hingoli, Beed, Nanded, Osmanabad, Latur, Amravati, Akola, Washim, Buldana, Yavatmal and Wardha) with indentified diseases. The scheme provides 971 types of tertiary care and high expended surgeries/therapies along with 121 follow up procedures in 30 identified specialised categories. The scheme provides coverage for meeting all expenses relating to hospitalisation of beneficiary up to ₹ 1.5 lakh & in case of renal transplant surgery ₹ 2.5 lakh per family per year. A cashless medical facility through 492 empanelled hospitals is provided under the scheme. This scheme is completely paperless and beneficiaries holding valid ration card and photo identity proof can avail treatment in any of the empanelled hospitals across the State. Regionwise performance of Mahatma Jyotiba Phule *Jan Arogya Yojana* is given in Table 10.24

National AIDS Control Programme

10.33 Maharashtra State AIDS Control Society is established to implement National AIDS Control Programme (NACP) effectively in the State. The focus of NACP is on awareness campaigns and education & surveillance of specific groups of population. Surveillance is undertaken through screening of blood samples of patients from the clinics of sexually transmitted diseases and women seeking antenatal care. Information of HIV/AIDS cases is given in Table 10.25.

Table 10.25 HIV/AIDS cases

State Blood Transfusion Council

10.34 The prime objective of State Blood Transfusion Council is to provide adequate & safe blood and its components, at reasonable rates. Since year 2000, free blood is being provided to Sick Cell children as well as Thallesemia and Hemophilia patients. Information about blood collection is given in Table 10.26.

Table 10.26 Information about blood collection

Epidemic Control Programme

10.35 Under this programme, outbreaks as well as sporadic cases of water borne diseases like Cholera, Gastro, Acute Diarrhoea/dysentery, Infective hepatitis, Typhoid, etc. are monitored. To control occurrences and deaths due to these diseases, containment measures are taken. Number of attacks & deaths due to sporadic & outbreaks of these diseases are given in Table 10.27.

Transplantation of Human Organs

10.36 GoI has enacted the Transplantation of Human Organs (THO) Act, 1994 to regulate removal, storage and transplantation of human organs for therapeutic purposes and for prevention of commercial dealings in human organs. There are 188 centres registered in the State, out of which 153 centres are registered for single organ transplantation, 35 for multiple organ transplantation. There are 278 centres for eye donation, eye bank & keratoplasty. Number of transplantations performed is given in Table 10.28.

WOMEN AND CHILD DEVELOPMENT

10.37 Empowered woman makes valuable contribution in productivity not only for family, but also for community, which in turn helps in improving prospects of next generation. Empowerment of women can be achieved only when their education, health and financial conditions are improved. Maharashtra is the first State in India to formulate Women Policy which was declared in 1994 and revisited in 2001 and the third Women Policy was declared in 2014. Some of its objectives are:

- To make available equal opportunities to women in all sectors
- To take effective measures to bring female and male birth rates at par
- To promote interests and rights of all women in the society at each level of decision- making process of the Government
- To undertake preventive measures to liberate women from undesirable traditions causing injustice to them
- To take special efforts to eliminate injustice caused to women belonging to Scheduled Castes, Scheduled Tribes, Vimukta Jati Nomadic Tribes and Minority groups
- To strive to promote rights of women employed in the unorganised sector
- To create a violence-free and safe environment at home and at work place for women to utilise their full abilities

10.38 Some important women development schemes being implemented in the State are:

10.38.1 Government Women Hostels, Women Shelter Homes, Protective Homes, State Homes:

These are established to rehabilitate helpless, destitute, abandoned, endangered, oppressed women and maiden mothers in the age group 16 to 60 years by providing basic facilities like food, clothes, shelter, protection, medical and legal aid if needed and employment opportunities. If a woman stays for more than 30 days in the institute, she receives a grant of ₹ 1,000 per month as the benefit under revised 'Maher' scheme. If she stays with her children, additional grant of ₹ 500 for first child and ₹ 400 for second child is provided. If a beneficiary woman stays for more than 90 days in the institute, she is provided with training of vocational skills useful for employment like sewing, weaving, aesthetics, file and spices making, etc. Efforts are made for arranging marriages of unmarried and divorced women. A grant of ₹ 25,000 is provided for the marriage of the woman admitted in the institute. There are 20 women protection homes run by the state government and 9 women shelter homes run by NGOs in the State. Under the scheme during 2016-17 an expenditure of ₹ 11.84 crore was incurred on 1,743 beneficiaries and during 2017-18 upto November an expenditure of ₹ 6.46 crore was incurred on 1,875 beneficiaries.

10.38.2 **Women counselling centres:** There are 39 women counselling centres in the State through which counselling support is provided to women victims to help them to get rid of the psychological stress. In addition to this, it has been decided to set up 105 counselling centres, one centre each in three talukas of 35 districts. So far, 97 counselling centres have been approved. Under the scheme during 2016-17 an expenditure of ₹ 3.44 crore was incurred on 105 beneficiaries and during 2017-18 upto November an expenditure of ₹ 3.21 crore was incurred on 105 beneficiaries.

10.38.3 **Shubh Mangal Samuhik Vivah Yojana :** The scheme is applicable to daughters of farmers, farm labourers, widows and destitute women with annual income upto ₹ one lakh in all districts of the State. Grant of ₹ 10,000 is provided to each couple for marrying in either group marriage ceremonies or for separate marriages by registering in marriage registration offices. A volunteer organisation is given a grant of ₹ 2,000 per couple for maximum two group marriage ceremonies in a year containing 5 to 100 couples each. Under the scheme during 2016-17 an

expenditure of ₹ 54 lakh was incurred on 540 beneficiaries and during 2017-18 upto November an expenditure of ₹ 14 lakh was incurred on 140 beneficiaries.

10.38.4 Manodhairya Scheme : The main objective of the scheme is to rehabilitate the victims (women and children) of rape and acid attacks by providing them with financial assistance of either up to ₹ three lakh or up to ₹ 10 lakh (depending on the severity of the psychological or physical impact of the crime on victim), free medical facilities to victims in all government, semi government, private hospitals and in hospitals of municipalities, municipal corporations, free medical facilities in all government and semi government hospitals for HIV/AIDS affected victims of such unfortunate incidents, counselling and legal assistance by trained trauma team, vocational training and employment. An amount of ₹ 30,000 is disbursed to victim for medical expenses within seven days of receiving documents. The District or State legal services authority disburses the 25 per cent of the approved financial assistance (excluding ₹ 30,000 disbursed for medical expenses) in cash to victims or relatives of victims and remaining 75 per cent of the approved financial assistance in the form of Fixed Bank Deposit of 10 years duration within 120 days after detailed inquiry. Under the scheme during 2016-17 an expenditure of ₹ 43.22 crore was incurred on 2,356 affected persons and during 2017-18 upto November an expenditure of ₹ 16.65 crore was incurred on 823 affected persons.

10.38.5 Protection officer under Protection of Women from Domestic Violence Act 2005 : Protection of Women from Domestic Violence Act 2005 and Rules 2006 therein are being implemented in the State since 2006. As per this Act, the domestic violence affected women can obtain orders for protection, shelter, custody of children, financial assistance and compensation for loss. Services like free legal and medical aid, counselling, etc. are also provided to victims through shelter homes and legal services authority. Under the scheme during 2016-17 an expenditure of ₹ 13.30 crore was incurred on 1,185 affected women and during 2017-18 upto November an expenditure of ₹ 14.25 crore was incurred on 1,185 affected women.

10.39 Various women specific centrally sponsored schemes being implemented in the State are:

10.39.1 Hostels for working women : Under the scheme, financial assistance is provided for construction of hostel building or running of hostel in rented premises for those working women who may be single, widowed, divorced, separated, married but whose husband or immediate family does not reside in the same area and for women undergoing training for job with gross monthly income not exceeding ₹ 50,000 in metropolitan cities and ₹ 35,000 in any other place. Provision of day care centre for children of inmates of the hostel is an important aspect of this scheme. Hostel inmates are charged rent for their stay. There are 87 such hostels functioning in the State. During 2016-17 under the scheme, 9,484 women and during 2017-18 upto December 8,351 women received benefits.

10.39.2 Support to Training and Employment Programme (STEP) : The scheme aims to provide vocational skills and competencies related to employability and entrepreneurship to poor women in the age group 16 years and above. Under the scheme, training of skills in fields like agriculture, horticulture, fisheries, dairy, animal husbandry, sericulture, food processing, handlooms, tailoring, stitching, embroidery, zari, handicrafts, computer & IT enabled services, spoken English, gems & jewellery, travel & tourism, hospitality, etc. is being imparted. There are three projects functioning in the State. During 2016-17 under the scheme 115 beneficiaries and during 2017-18 upto December 30 beneficiaries received benefits.

10.39.3 Swaadhar : Under the scheme, women in difficult circumstances like destitute, homeless, widows, deserted by families, women prisoners released from jails without family support, trafficked women rescued from brothels, etc. are rehabilitated by providing protection, shelter, care, education & vocational training. There are 28 Swaadhar homes functioning in the State. During 2016-17 under the scheme 1,126 women and during 2017-18 upto December 863 beneficiaries received benefits.

10.39.4 **Ujjwala** : The objectives of the scheme are to combat the trafficking of women for sexual exploitation and to facilitate their rescue, re-integration into society and rehabilitation by providing protection, safe shelter, medical care, legal aid, education and vocational training. There are 20 institutes functioning in the State. During 2016-17 under the scheme 904 women and during 2017-18 upto December, 602 women received benefits.

10.39.5 **Pradhan Mantri Matru Vandana Yojana**: The scheme aims to reduce maternal & child mortality rates and improve health status of mothers & newborn children by inducing pregnant & lactating mothers to consume nutritious diet. A financial assistance of ₹ 5,000 is provided to pregnant women in three instalments.

Participation of women in decision making

10.40 The GoI has decided to provide one-third reservation for women in local bodies, however, the State Government has extended it upto 50 per cent. Information of number of seats reserved for women in local bodies in the State is given in Table 10.29.

Table 10.29 Information of reservation for women in local bodies in the State

(As on 31st December, 2017)

Mahila Arthik Vikas Mahamandal

10.41 The *Mahila Arthik Vikas Mahamandal* (MAVIM) is the nodal agency for implementing various women empowerment programmes in the state through Self Help Groups. MAVIM has received funds of ₹ 39.17 crore in 2017-18 under various schemes and an expenditure of ₹ 28.27 crore was incurred upto December.

10.41.1 **Tejaswini** : This programme is being implemented in the state since 2007 in 10,495 villages of 33 districts with the goal of women empowerment through creation of SHGs with active participation of women. The major focus of the programme is to build grassroot public institutions of SHGs, to provide micro finance services to SHGs, livelihood & micro enterprise development and women empowerment & social equality. Through this programme MAVIM has successfully established a network of 78,318 Self Help Groups (SHGs) and 361 Community Managed Resource Centres (CMRCs) with the active participation of 9,39,816 women from poor families. Under the scheme during 2016-17 an expenditure of ₹ 20.12 crore was incurred on 41,642 beneficiaries and during 2017-18 upto December an expenditure of ₹ 22.23 crore was incurred on 47,460 beneficiaries.

10.41.2 **Women empowerment under scheduled caste component schemes** : With similar objectives of *Tejaswini* scheme, this scheme is being implemented for women belonging to scheduled castes. Under the scheme during 2016-17 an expenditure of ₹ 64 lakh was incurred on 10,303 women and during 2017-18 upto December an expenditure of ₹ 17 lakh was incurred on 8,125 women.

10.41.3 SHG is a good medium for economic empowerment of women. During 2017-18 upto December, total saving of SHGs was about ₹ 136.48 crore and the total internal loan disbursed was ₹ 204.46 crore. SHGs received loan of ₹ 283.08 crore from various financial institutions during the year 2017-18 upto December. Information of women SHGs is given in Table 10.30.

⁺ upto December

10.41.4 **Community Managed Resource Centres:** Community Managed Resource Centres (CMRC) is a community owned and managed institution registered as a society catering around 200-250 SHGs situated within the radius of 15-20 km from the cluster. They provide additional services essential for the development of SHGs. Starting from basic services like bank linkages,

CMRCs have now initiated social enterprises such as agro service centres, agro equipment banks, cattle feed production and vocational training centres. CMRCs have been successful in extending bank linkages to poor women and availing loan of ₹ 1,633 crore to SHGs in last eight years. Repayment of these loans has successfully been maintained upto 98 per cent. About 80 per cent of CMRCs established by MAVIM are financially independent due to income sources like loan commissions received from banks, service charges received from SHGs for implementation of various development programmes for them and income earned through social enterprise activities.

Crimes against women

10.42 ‘Crime against Women’ is direct or indirect physical or mental cruelty to women. Crimes reported in which women are victims are given in Table 10.31.

Maharashtra State Commission for Women

10.43 The Maharashtra State Commission for Women is a statutory body which regularly holds hearings/public hearings on complaints filed by women victims, provides free legal services and counselling. An innovative initiative called ‘Women Commission at your doorstep’ was implemented extensively across the State by organising divisionwise and districtwise public hearings, with the primary objective to give victim women a platform to resolve their issues and interact unhesitantly. This has helped the commission to dispose off matters in large numbers as early as possible. It also organises various workshops, training programmes and seminars all over the state on different women related issues like self defence programmes, awareness about gender equality, legal literacy, cyber crime, implementation of Prevention of Domestic Violence Act 2005, Sexual Harassment of Women at Workplace (Prevention, prohibition & redressal) Act 2013, rehabilitation of acid attack victims, preparation of guidelines for creche, etc. During 2016-17 an expenditure of ₹ 1.52 crore was incurred on these activities and during 2017-18 upto December an expenditure of ₹ 1.79 crore was incurred.

Child Development

10.44 Children, the future of country, constitute its vital resource. Hence, they need special attention and care during childhood years. Various schemes for child development are being implemented in the state.

10.44.1 **Integrated Child Protection Scheme:** Programmes like shelter homes, special adoption resource agencies, child welfare committees, juvenile justice boards, District child protection society, State child protection society, Government/NGO children homes, observation homes, after care homes, etc. are included under a new umbrella scheme namely Integrated Child Protection Scheme (ICPS). Componentwise expenditure incurred on beneficiaries is given in the Table 10.32.

Table 10.32 Componentwise details of expenditure on beneficiaries under ICPS

(₹ Lakh)

Components	No. of Units	Expenditure 2016-17	No. of beneficiaries	Expenditure 2017-18 ⁺	No. of beneficiaries
Open shelter home	03	39.00	98	8.67	105

+ upto November

10.44.2 **Observation homes :** Children in conflict with law and detained by police for judicial inquiry are admitted in these homes as per orders of Juvenile justice boards. There are 12 government observation homes in 11 districts with intake capacity of 600 children. In addition, there are 48 NGO observation homes (19 for girls and 29 for boys) with intake capacity of 4,275 children. The government provides grant-in-aid of ₹ 900 per month per inmate.

10.44.3 **Children homes :** Children upto 18 years of age who need care and protection like orphan, abandoned, missing, HIV/AIDS affected in need of special care, endangered and oppressed children are admitted in these homes. They are rehabilitated by providing with facilities like food, clothes, shelter, medical help, counselling, education, training and recreation. There are 25 government children homes with intake capacity of 2,665 children. In addition, there are 848 NGO aided children homes with total intake capacity of 71,747 and 63 NGO un-aided children homes with intake capacity of 3,840 children. Government provides ₹ 1,215 per month per inmate and ₹ 1,305 per month for HIV/AIDS affected child, to these homes as grant-in-aid. Under the scheme during 2016-17 an expenditure of ₹ 25.66 crore was incurred on 8,689 beneficiaries and during 2017-18 upto December an expenditure of ₹ 18.27 crore was incurred on 10,983 beneficiaries.

10.44.4 **After care homes :** Children have to leave children homes after completing 18 years of age. However, some of them are not fully rehabilitated due to incomplete training or education and are in need of food, clothes and shelter. Such children are rehabilitated in after care homes. Residential facilities, food, clothes, education, medical facilities, counselling, vocational guidance, etc. are provided to the inmates till completion of education or getting employment. There are six Government & three NGO after-care hostels in the State with total intake capacity of 600 & 110 respectively. The Government provides grant-in-aid of ₹ 1,215 per month per inmate to these homes.

10.44.5 **Foster care scheme (*Bal Sangopan Yojana*) :** The scheme is being implemented in the State to provide family life to orphan, destitute, needy and homeless children. There are 137 NGOs in the State providing foster care to 13,004 children. Under the scheme during 2016-17 an expenditure of ₹ 7.75 crore was incurred on 13,863 beneficiaries and during 2017-18 upto November an expenditure of ₹ 1.19 crore was incurred on 11,043 beneficiaries.

10.44.6 ***Chacha Nehru Bal Mahostav* :** *Chacha Nehru Bal Mahostav* is organised in the second week of November every year in 36 districts and 6 regions to bring forth hidden qualities of all children in the state and preferably of orphan, destitute, needy and homeless children admitted in Government/NGO institutions for rehabilitation and develop feeling of brotherhood & team spirit among them. Different types of competitions like sports, games, elocution, etc. are organised and winners are awarded. Grant of ₹ five lakh for district level and ₹ 5.82 lakh for regional level event is sanctioned. Under the scheme during 2016-17 an expenditure of ₹ 32.82 lakh was incurred and during 2017-18 upto November an expenditure of ₹ 61.13 lakh was incurred.

Integrated Child Development Services

10.45 Integrated Child Development Services (ICDS) programme aims at providing services to pre-school children in an integrated manner so as to ensure proper growth and development of children belonging to rural, tribal and slum areas. The programme is implemented through 97,475 *anganwadi* centres, 13,011 mini *anganwadi* centres and 553 child development projects.

Nutrition Programme

10.45.1 The 'Supplementary Nutrition Programme' (SNP) is implemented under ICDS to meet the minimum nutritional requirements of children, pregnant women and lactating mothers and to provide health care to them. The SNP aims to provide nutritious diet to the children below six years of age and improve the health of pregnant women & lactating mothers belonging to the disadvantaged sections of the society. It also aims to control malnourishment in remote and sensitive areas to minimise infant mortality. Under the scheme during 2016-17 an expenditure of ₹ 787 crore was incurred on 65.98 lakh beneficiaries and during 2017-18 upto November an expenditure of ₹ 479 crore was incurred on 62.20 lakh beneficiaries.

10.45.2 Since 2010-11, children are classified as normal, moderately underweight and severely underweight as per World Health Organisation standards. Percentage of children (0-5 years) according to nutrition grades is given in Table 10.33.

Table 10.33 Percentage of children (0-5 years) according to nutrition grades

+ upto November

10.46 Some important state and centrally sponsored children specific schemes being implemented in the State are :

10.46.1 **Rajiv Gandhi scheme for empowerment of adolescent girls (Sabla)** : The scheme aims to empower adolescent girls in the age group of 11 to 18 years, by providing them knowledge of health, hygiene, nutrition, family & child care, adolescent reproductive & sexual health, home based skills, life skills, vocational skills, etc. They are also given micronutrient take home ration, Iron and Folic Acid supplementation, deworming tablets, regular health check-ups and referral services. This scheme is being implemented in 207 projects in 11 districts. Under the scheme during 2016-17 an expenditure of ₹ 69.74 crore was incurred on 7.83 lakh beneficiaries and during 2017-18 upto January an expenditure of ₹ 59.92 crore was incurred on 8.04 lakh beneficiaries.

10.46.2 **Kishori Shakti Yojana** : The scheme is being implemented only in those districts where 'Sabala' scheme is not implemented. Girls in the age group of 11 to 18 years are given supplementary nutrition, Iron and Folic Acid supplementation, deworming tablets and regular health check-ups. They are also provided training of health, hygiene, nutrition, family welfare, home management, child care, personal and surrounding cleanliness, home based and vocational skills. Under the scheme during 2016-17 an expenditure of ₹ 40.39 lakh was incurred on 2.08 lakh beneficiaries and during 2017-18 upto January 1.34 lakh beneficiaries were benefited.

10.46.3 **Bharat Ratna Dr. APJ Abdul Kalam Amrut Aahar Yojana** : The scheme aims to combat malnutrition arising due to deficiency of calories and proteins in scheduled areas and in additional tribal component schemes area. Since the registration in primary health centres and *anganwadi*/mini *anganwadi* centres, pregnant women and lactating mothers are given one full square meal every day (except Sunday) in a week till the completion of six months after pregnancy. Children between seven months to six years of age registered in the Anganwadi centres are given two

bananas (for vegetarian children) and one boiled egg (for non vegetarian children) four times in a week i.e. for 16 days in the month. Under the scheme during 2016-17 an expenditure of ₹ 132.58 crore was incurred on 4.83 lakh pregnant & lactating mothers and 21.96 lakh children and during 2017-18 upto January 4.06 lakh pregnant & lactating mothers and 22.38 lakh children were benefited.

10.46.4 Rajiv Gandhi National Creche Scheme : The scheme provides creche facility for the children in age group of 6 months to 6 years of working mothers in rural and urban areas with monthly family income upto ₹ 12,000. The children are kept in creche for 26 days per month and 7 hours 30 minutes per day and are provided with services like pre-school education, supplementary nutrition diet, health check-up, vaccination, etc. There are 1,670 creches covered under the scheme.

10.46.5 Beti Bachao Beti Padhao Scheme : The scheme aims to ensure or guarantee the survival, safety and education of the girl child and eradicate gender identity based on gender discrimination. The scheme is being implemented in Beed, Jalgaon, Ahmednagar, Buldhana, Aurangabad, Washim, Kolhapur, Osmanabad, Sangli, Jalna, Hingoli, Solapur, Pune, Parbhani, Nashik and Latur districts.

10.46.6 Mazi Kanya Bhagyashri Yojana : The scheme aims to increase birth rate of girls, prevent prenatal sex determination, provide encouragement & assurance for girls education, improve the health status of girls and is applicable to families with girl children from all sections of society with annual family income upto ₹ 7.50 lakh. If mother/father in a family undergoes family planning operation after the birth of one girl child, a fixed deposit of ₹ 50,000 is kept in the bank in the name of the girl child. If mother/father in a family undergoes family planning operation after birth of two girl children, a fixed deposit of ₹ 25,000 is kept in the bank in the name of each girl child. Only interest can be withdrawn at the age of 6 and 12 years of the girl child and maturity amount (principle and interest) is payable after the completion of 18 years of age of girl child.

Crimes against children

10.47 The offences committed against the children or the crimes in which children are the victims are termed as Crimes against children. Crimes reported in which children are victims are given in Table 10.34.

EMPLOYMENT AND POVERTY

10.48 The level of employment, its composition and the growth in employment opportunities is an indication of the process of development in the economy. Government aims to create conducive environment to generate enough opportunities of employment for the labour force. The Sustainable Development Goals (SDGs), emphasize to end poverty in all its forms and quality & decent employment. The Poverty alleviation programmes along with productive and sustained employment remained forefront objective of the government initiatives.

EMPLOYMENT

10.49 The main sources for data on employment status are Population Census, Economic Census, Employment & Unemployment surveys conducted by Labour Bureau and National Sample Survey. The data on employment in the factories (registered under Factory Act 1948) is available through statutory returns. Besides this, data on employment from public and private sector establishments is collected under Employment Market Information Programme.

Employment as per Population Census 2011

10.50 As per Population Census 2011, there were 4.94 crore workers in the State, of which 34 per cent were females. The Work Participation Rate (WPR) for All-India was 39.8 per cent. Maharashtra ranks fourth having WPR of 44 per cent among major states after Andhra Pradesh, Tamil Nadu and Karnataka. WPR for literate persons is 47.9 per cent and for illiterate it is 33.7 per cent in Maharashtra. As per Census 2011, the percentage of workers working in agriculture and allied sector is 46.1 per cent, while in census 2001 it is 45.1 per cent. The percentage distribution of workers by industrial category as per census 1971 to 2011 is given in Table 10.35 and proportion of workers and WPR by education level in the State is given in Table 10.36. Economic classification of workers as per Population Census 2011 is given in Annexure 10.8.

Table 10.35 Percentage distribution of workers by industrial category

Classification of workers	(per cent)

Employment as per Sixth Economic Census

10.51 The Sixth Economic Census was conducted in 2013-14. It covered all establishments excluding establishments engaged in crop & plantation, public administration, defense, compulsory social security, activities of household as employers of domestic personnel, activities of extra territorial organisation & bodies and illegal activities. The total number of establishments in the State have increased from 41.53 lakh in fifth economic census (2005) to 61.37 lakh in sixth economic census, registering a growth of 47.8 per cent. The growth in employment for the same period was 37.9 per cent. Number of establishments and employment in the State as per fifth and sixth economic census is given in Table 10.37.

Table 10.37 Number of establishment and employment therein as per fifth and sixth Economic Census

(in Lakh)

Particular	Fifth Economic Census [@]	Sixth Economic Census	Percentage rise
Total establishments	41.53	61.37	47.8

Employment as per fifth Employment & Unemployment Survey

10.52 Labour Bureau, GoI in collaboration with Directorate of Economics & Statistics, GoM conducted 5th annual survey on employment & unemployment during 2015-16 for generating State level estimates for labour force.

10.52.1 In the State, for persons of age 15 years & above Labour Force Participation Rate (LFPR) was 52.7 per cent, Worker Population Ratio (WPR) was 51.6 per cent and Unemployment Rate (UR) was 2.1 per cent as per Usual Principal Status (UPS) approach. Labour force parameters for persons of age 15 years & above is given in Table 10.38.

Table 10.38 Labour force parameters for persons of age 15 years & above

Sector		(per cent)

Employment as per National Sample Survey

10.53 The surveys undertaken by the National Sample Survey Office (NSSO) are prime source of employment statistics. These surveys are the part of quinquennial household socio-economic survey programme of NSSO. The volatility in the economy has major implications on the domestic labour market. Therefore, availability of labour force data at more frequent time intervals is required for planning, policy and decision making at various levels. On recommendation of the National Statistical Commission, Ministry of Statistics and Programme implementation constituted a committee on Periodic Labour Force Survey (PLFS) to develop the survey methodology including sample design for generating monthly or quarterly labour statistics. According to the recommendations of the committee NSSO has launched nation-wide PLFS. The survey is being conducted from April, 2017 and will provide labour and employment data for urban area quarterly and for rural area annually.

Factory employment

10.54 The Factories Act 1948 is amended and implemented as Factories (Maharashtra Amendment, 2015) Act from 1st February, 2016. During 2017, upto December the average daily employment in 34,769 working factories registered under Factory Act was about 25.55 lakh. Out of the total working factories, about 26 per cent had 50 or more workers. The percentage distribution of average daily factory employment in the State is given in Table 10.39. The average daily

employment in different industries and working factories & factory employment in the State is given in Annexures 10.9 and 10.10.

Employment Market Information Programme

10.55 The main objective of Employment Market Information (EMI) Programme is to provide information about the structure of employment in public & private sectors to monitor the changes in the level of employment. The number of establishments in public and private sectors and employment therein is collected quarterly under EMI Programme. It covers establishments employing 25 or more employees in Greater Mumbai and 10 or more employees in the rest of the State. The total employment in the State upto September 2017 was 64.44 lakh, of which 27.9 per cent were female. Of the total employment 20.83 lakh was in public sector. The employment in public and private sector under EMI Programme is given in Table 10.40.

candidates and one special centre for differently

10.57.1 The number of persons on the live register of these centres upto December, 2017 was 38.19 lakh. During 2017, number of persons registered with these centres was 5.39 lakh and 2.22 lakh persons were placed against 4.13 lakh notified vacancies. The details of notified vacancies, placement and persons on the live register according to educational qualification are given in Annexure 10.11 and 10.12 respectively.

Programmes for promotion of employment

10.58 The State Government is implementing following programmes for promotion of employment in the State.

- **Employment promotion programme:** On-the-Job training or other practical training to educated unemployed persons
- **Apprenticeship training programme:** Supply of skilled manpower to industries through apprenticeship training
- **Entrepreneurial development training programme:** Motivate and train the educated unemployed youths for self-employment

Beneficiaries of various programmes under promotion of employment is given in Table 10.42.

10.58.3 For imparting training to the youth for updated skills required by industries, 89 Memorandum of Understandings (MoU) have been signed by MSSDS with major industrial groups. As a result, 9.87 lakh youths will skilled and would be employed in next three years. During the year 2017-18, total 1.84 lakh youths were trained upto December, 2017 against the target of 2.95 lakh and 0.52 lakh youths were provided employment or self employment.

Employment generation and poverty alleviation programmes

10.59 Various employment generation programmes focused on poverty allevation are being implemented by GoI as well as GoM. Information of some of these programmes is given below.

Mahatma Gandhi National Rural Employment Guarantee Act

10.59.1 Maharashtra Rural Employment Guarantee Act 1977 (Amendment 2006) is being implemented in rural areas of 34 districts in the State. Under this act following two schemes are being implemented.

I) Mahatma Gandhi National Rural Employment Guarantee Scheme - Maharashtra:- Under this scheme the GoI guarantees 100 days employment per household to rural families whose adult member volunteers to do unskilled manual work. GoI provides grant for expenditure on employment upto 100 days. Additional expenditure on wages beyond 100 days per household is borne by GoM.

II) State Fund Scheme :- As per Maharashtra Rural Employment Guarantee Act 1977 section (7)(Ten), 11,000 *Dhadak Sinchan Vihir yojana* for Nagpur region, Farm Pond on demand and *Bodi* on demand schemes are being implemented with State Fund. The performance of MGNREGA in the State is given in Table 10.45 and State fund schemes is given in Table 10.46. Categorywise number of works and expenditure incurred is given in Annexure 10.13.

Prime Minister's employment generation programme

10.59.4 The Prime Minister's employment generation programme is a centrally sponsored programme being implemented in the State. The main objectives of this programme are to generate employment opportunities through setting up of new self-employment ventures of traditional artisans or unemployed youths to reduce migration to urban areas and increase employment opportunities by increasing wage earning capacity of artisans. In 2016-17, total margin money of ₹ 55.79 crore was disbursed to 2,192 projects, thereby generating employment of 17,233. During 2017-18 total margin money of ₹ 42.05 crore was disbursed to 1,667 projects, thereby generating employment of 13,336 upto December.

Seed money scheme

10.60 This scheme is being implemented by GoM to encourage unemployed youth to take up self-employment ventures through industry, service and business by providing soft loans from institutional finance to meet part of the margin money. Local unemployed person or a group of persons of age 18 to 45 years who have passed standard VII are eligible under the scheme. The agencywise performance of the scheme is given in Table 10.49.

Industrial Relations

10.61 During 2017, number of work stoppages (strikes and lockouts) were 118, which affected 66,007 employees against 144 work stoppages affecting 72,508 employees in the previous year. The number of person-days lost due to work stoppages during 2017 was 17.04 lakh as against 21.29 lakh during 2016. The industrial disputes in the State are given in Annexure 10.14.

POVERTY

10.62 The erstwhile Planning Commission periodically estimated poverty lines and poverty ratios on the basis of large sample surveys on 'Household Consumer Expenditure' conducted quinquennially by the NSSO, GoI. Based on NSS 68th round data of 'Household Consumer Expenditure' survey, poverty estimates for the year 2011-12 have been estimated as per recommendations of Tendulkar Committee.

10.62.1 For 2011-12, the national poverty line is estimated at ₹ 816 per capita per month for rural areas and ₹ 1,000 per capita per month in urban areas. For Maharashtra, poverty line is estimated at ₹ 967 per capita per month in rural areas and ₹ 1,126 per capita per month for urban areas. Proportion of population below poverty line is 24.2 per cent for rural areas and 9.1 per cent for urban areas.

10.62.2 Statewise poverty line and headcount ratio of selected States for 2011-12 are given in Table 10.50.

Table 10.50 Statewise poverty line and headcount ratio of selected states for 2011-12[#]

HOUSING

10.63 Food, clothing and shelter are the basic needs of human beings. Housing activities not only provides shelter but also generates employment. Various government agencies are providing houses at affordable cost to various sections of the society. As a result of urbanization, people from rural areas are shifting to urban areas to find better living opportunities, resulting in increase of demand for all forms of real estates. Government of India has enacted the Real Estate (Regulation and Development) Act - 2016 which is implemented with effect from 1st May, 2017. Under this Act, Government of Maharashtra has established the Maharashtra Real Estate Regulatory Authority (MahaRERA) for regulation and promotion of real estate sector in the State. This Act is a step towards developing the real estate sector infusing transparency, citizen centricity, accountability and financial discipline. Under MahaRERA, total 15,280 projects are registered upto February, 2018. Total 1,771 complaints were registered, of which 782 complaints were resolved.

Urban Housing

10.64 The State has established the Maharashtra Housing and Area Development Authority (MHADA) and the City & Industrial Development Corporation Limited (CIDCO) to overcome housing problems in urban areas. It has also established the Slum Rehabilitation Authority for redevelopment of slums and construction of houses for slum dwellers in urban areas.

Pradhan Mantri Awaas Yojana

10.65 ‘Pradhan Mantri Awaas Yojana (PMAY) - Housing for All by 2022’, a flagship programme of GoI, launched in 2015-16 envisages that every family should have *pucca* house with water connection, toilet facilities, uninterrupted electricity supply and access roads. In urban areas, the scheme covers families in the Economically Weaker Section (EWS), Low Income Group (LIG) and Middle Income Group (MIG). Under this scheme, 382 cities of the State are included. Nearly 79 projects from 39 cities have received approval from Central Sanctioning and Monitoring Committee (CSMC) with an aim to construct 1.93 lakh (out of which 1.41 lakh reserved for EWS) dwelling units.

Maharashtra Housing & Area Development Authority

10.66 GoM has established MHADA in the year 1977 for providing houses at affordable cost in Mumbai and some parts of the State. Since inception upto December, 2017 MHADA has constructed and redeveloped 4,68,940 dwelling units. Dwelling units constructed & plots owned by MHADA are given in Table 10.51.

Table 10.51 Dwelling units constructed & plots owned by MHADA

Jawaharlal Nehru National Urban Renewal Mission

10.69 Jawaharlal Nehru National Urban Renewal Mission (JNNURM), a flagship programme of GoI is a massive city modernisation programme. JNNURM has two components viz. Basic Services to Urban Poor (BSUP) and Integrated Housing & Slum Development Programme (IHSDP) which is aimed at integrated development of slums through projects for providing shelter, basic services and other related civic amenities with a view to providing utilities to the urban poor.

10.69.1 The BSUP scheme is being implemented in 11 Municipal Corporation areas viz. Greater Mumbai, Mira-Bhayander, Thane, Navi-Mumbai, Kalyan-Dombivali, Ulhasnagar, Pune, Pimpri-Chinchwad, Nashik, Nagpur, Nanded and in 3 Municipal Council areas viz. Ambernath, Kulgaon-Badlapur, Bhagur.

10.69.2 Under IHSDP, 119 projects are being implemented in 87 cities excluding Municipal Corporations covered under BSUP scheme. The progress of BSUP and IHSDP is given in Table 10.54.

Slum Rehabilitation Scheme

10.70 Under the Slum Rehabilitation scheme, shelters are being provided to families residing in slums. Since inception (1995) upto December, 2017 number of projects completed is 1,749 and 1,88,127 families residing in slums have been rehabilitated. The progress under this scheme is given in Table 10.55.

Shivshahi Punarvasan Prakalp Ltd.

10.71 *Shivshahi Punarvasan Prakalp Ltd.* was set up with an objective of accelerating slum rehabilitation. Since inception (1998) upto October, 2017 in all 111 buildings comprising of 10,672 tenements were constructed (of which 10,345 tenements have been allotted) and an expenditure of ₹ 469 crore was incurred.

Rural Housing

Pradhan Mantri Awaas Yojana

10.72 Under this scheme, subsidy of an amount of ₹ 1.20 lakh is being provided to homeless and landless beneficiaries in rural areas and ₹ 1.30 lakh is being provided to beneficiaries in naxalite & hilly areas for construction of houses. During 2017-18, about 1.50 lakh houses will be constructed for which GoI has made provision of ₹ 1,130.19 crore and the State has made a provision of ₹ 753.46 crore as the State's share. The progress of PMAY is given in Table 10.56.

Table 10.56 Progress of PMAY

+ upto February

Revised Rajiv Gandhi Gramin Niwara Yojana-II

10.73 This scheme is being implemented for Above Poverty Line (APL) beneficiaries in low income category. The cost of each house is fixed at ₹ one lakh. Of which, a loan of ₹ 0.90 lakh is provided through the apex bank in the district and the remaining ₹ 0.10 lakh is borne by the beneficiary. The interest component of the loan is borne by the GoM as a subsidy. Under this scheme, interest of ₹ 56.95 crore was disbursed to banks through MHADA upto January, 2018.

State housing schemes for ST

10.74 *Shabari, Pardhi & Aadim Jamati Awaas Yojana* are state sponsored schemes being implemented in rural areas for the people belonging to ST community who are houseless or having *kutcha* house. Subsidy of ₹ 1.20 lakh or ₹ 1.30 lakh being provided to beneficiary who is not included in the generated priority list of Socio Economic Caste Census 2011 and having annual income less than ₹ 1.20 lakh for construction of dwelling units. During 2016-17, under *Shabari Awaas Yojana*, out of 21,014 sanctioned dwelling units 6,989 were constructed, under *Pardhi Awaas Yojana*, out of 1,333 sanctioned dwelling units 509 were constructed and under *Aadim Jamati Awaas Yojana*, out of 1,629 sanctioned dwelling units 425 were constructed. During 2017-18, under *Shabari Awaas Yojana* 2,695 dwelling units and under *Pardhi Awaas Yojana* 29 dwelling units are sanctioned by the end of February.

State housing schemes for SC & Neo-Buddhist

10.75 *Ramai Awaas Yojana* is a state sponsored scheme being implemented in rural areas for the people belonging to SC & Neo-Buddhist community who are houseless or having *kutcha* house. Subsidy of ₹ 1.20 lakh or ₹ 1.30 lakh being provided to beneficiary who is not included in the generated priority list of Socio Economic Caste Census 2011 and having annual income less than ₹ one lakh for construction of dwelling units. During 2017-18, sanction for construction of 7,889 dwelling units is given against the target of 0.93 lakh by the end of February.

Assistance for purchase of land

10.76 'Assistance for purchase of land under *Pandit Deendayal Upadhyaya Gharkul Yojana*' has been initiated for those beneficiaries who are eligible under *Pradhan Mantri Awaas Yojana* & other rural housing schemes but are unable to get the benefit due to unavailability of land. Under this scheme a financial assistance upto ₹ 50 thousand for purchase of 500 sq. ft. land is provided. Since implementation upto February, 2018 financial assistance is provided to 890 beneficiaries.

Water Supply and Sanitation

Water supply

10.77 Various schemes are implemented by the State to provide drinking water and proper sanitation. Supply of safe drinking water, in enough quantity is one of the prime requirement to maintain health & hygiene.

National Rural Drinking Water Programme

10.78 The National Rural Drinking Water Programme (NRDWP), a flagship programme of GoI, is being implemented in the State since April, 2009. This programme aims at providing safe and adequate drinking water in rural areas. Progress of NRDWP is given in Table 10.57.

Table 10.57 Progress of NRDWP

Year	No. of villages/wadis tackled		Expenditure (₹ Crore)
	Target	Achievement	
2015-16	1,611	1,566	1,068
2016-17	1,899	1,270	854
2017-18 ⁺	978	265	330

+ upto January

Source: Water Supply & Sanitation Department, GoM

Drinking water sustainability

10.78.1 Drinking water sustainability a component of NRDWP, is being implemented with an objective of conservation of water by conventional and non-conventional measures. Under this programme, measures of strengthening sources of drinking water such as rooftop rainwater harvesting, construction of tanks in hilly areas for storage of rainwater, recharge shaft, recharge trench, cement *nala band*, well deepening, etc. for availability of drinking water on sustainable basis are undertaken. Measures completed under this programme are given in Table 10.58.

Table 10.58 Measures completed under drinking water sustainability programme

Year	Villages/ Habitation (no.)	Completed measures (no.)	Expenditure (₹ Crore)
2015-16	640	2,686	18.16

Water scarcity programme

10.79 Water scarcity programme is implemented every year from October to June in villages and wadis facing water scarcity. The State faced drought during year 2014-15 and 2015-16. However, in year 2016-17, improvement in the rainfall as compared to previous year was observed. In order to tackle scarcity situation, the State disbursed an amount of ₹ 523.12 crore in year 2016-17 and ₹ 193.25 crore in 2017-18 upto January. The regionwise amount disbursed under this programme is given in Table 10.59.

Table 10.59 Regionwise amount disbursed under water scarcity programme
(₹ Crore)

Region	Amount disbursed	
	2016-17	2017-18 ⁺
Konkan	11.07	5.65
Nashik	72.20	21.27
Pune	28.73	36.82
Aurangabad	322.50	43.59
Amravati	71.12	43.53
Nagpur	17.50	42.39
Total	523.12	193.25

+ upto January

Source: Water Supply & Sanitation Department, GoM

10.79.1 The State has taken various measures in order to tackle scarcity situation such as temporary piped water supply, rejuvenation of bore wells and other water sources, water supply by tankers, etc. for scarcity affected villages and wadis. Number of villages/ wadis covered under water scarcity programme is given in Table 10.60.

Table 10.60 Villages/ wadis covered under water scarcity programme

Measures / Works	(no.)			
	Villages		Wadis	
	2015-16 [@]	2016-17 ⁺	2015-16 [@]	2016-17 ⁺
New bore wells	3,446	2,482	2,284	1,570
Temporary piped water supply- special repairs	1,948	1,250	177	142
Special repairs of bore wells	1,869	1,215	1,161	446
Temporary supplementary pipe connection	493	315	20	37
Water supply by tankers/ bullock carts	5,935	3,791	6,679	4,549
Requisition of private wells	8,894	6,848	1,651	1,897
Deepening/mud cleaning	323	267	126	88
Construction of budkies	2	3	0	0

Mukhyamantri Rural Drinking Water Programme

10.80 The State has decided to implement 'Mukhyamantri Rural Drinking Water Programme' (MRDWP) for four years (2016-17 to 2019-20), with provision of ₹ 2,531 crore to improve water supply and to provide clean & sufficient drinking water in the rural areas. The components of the programme are implementation of new water supply schemes, rejuvenation of non-functional regional water supply schemes and maintenance & repairs of regional rural water supply schemes. In all 520 water supply schemes of ₹ 1,175 crore and revival of 18 regional water supply schemes of ₹ 24.73 crore have been approved. During 2016-17 total fund disbursed was ₹ 360 crore and during 2017-18 ₹ 76.07 crore are disbursed upto January, 2018. Performance of MRDWP is given in Table 10.61.

Table 10.61 Performance of MRDWP

Particulars	(₹ Crore)	
	2016-17	2017-18 ⁺
New water supply scheme		
Fund disbursed	247.31	70.32
Expenditure	75.93	3.57
Rejuvenation of non-functional regional water supply schemes		
Fund disbursed	32.69	-
Expenditure	3.92	-
Maintenance & repairs of regional rural water supply scheme.		
Fund disbursed	80.00	45.00
Expenditure	8.92	-

Jalswarajya – II Programme

10.81 A new lending instrument developed by the World Bank in 2012, called 'Programme-for-Result' is used for the *Jalswarajya-II* programme. The objective of the programme is to improve the planning, implementation and monitoring performance of rural water supply & sanitation services and also to improve access to quality and sustainable services in peri-urban villages, water stressed & water quality affected areas. Total cost of this programme is ₹ 1,284 crore, of which ₹ 899 crore (70 per cent) share is of World Bank and ₹ 385 crore (30 per cent) share of GoM. The Performance of *Jalswarajya-II* is given in Table 10.62.

Table 10.62 Performance of *Jalswarajya II*

(₹ Crore)

Year	Amount disbursed		Total Expenditure
	World Bank	GoM	
2014-15	-	50.00	8.99
2015-16	41.91	21.50	27.88
2016-17	35.24	98.80	98.80 [#]
2017-18	-	91.00	86.00 [#]
Total	77.15	261.30	221.67

AMRUT Mission

10.82 *Atal* Mission for Rejuvenation and Urban Transformation (*AMRUT*) covers 44 cities in the State which covers 76 per cent of urban population. This mission aims to give financial support to these cities for development of basic infrastructure facilities of water supply and sewerage on priority.

10.82.1 Under this mission from 2015-16 to 2017-18 total 36 water supply projects of ₹ 4,053 crore were approved for 35 cities. Of which, projects of ₹ 10 crore were completed and projects of ₹ 3,324 crore are under progress. Total 29 sewerage projects of ₹ 2,868 crore were approved for 29 cities, of which projects of ₹ 1,150 crore are under progress upto February, 2018.

Maharashtra Suvarna Jayanti Nagarotthan Maha-Abhiyan

10.83 Maharashtra *Suvarna Jayanti Nagarotthan Maha-Abhiyan* is implemented in municipal corporations (D class), municipal councils and nagar panchayats in the State since 2010, with a view to create infrastructure in the urban local bodies. Total 98 projects of ₹ 5,423 crore were approved under this Mission which comprises of 38 water supply, 31 road development, 22 sewerage, three storm water drainage projects and other four infrastructure projects. Out of that 16 projects are completed and remaining projects are under progress.

Sanitation

10.84 Adequate sanitation is essential for the protection & promotion of individual's and community health. Various schemes are being implemented by the State to improve sanitation conditions.

Swachh Bharat Mission

10.85 *Nirmal Bharat Abhiyan* has been renamed as *Swachh Bharat Mission* on 2nd October, 2014 and will be continued for five years upto 2nd October, 2019. The objectives of this mission are to ensure cleanliness in rural areas, to stop the practice of open defecation, construction and utilisation of latrine at household level. The focus of the scheme is to make toilet facility available in every house and make India Open Defecation Free (ODF) by 2nd October, 2019.

10.85.1 As per guidelines under *Nirmal Bharat Abhiyan*, the base line survey (BLS) was conducted in the State for all grampanchayats during the period 2nd October, 2012 to 31st January, 2013. According to this survey, 55 per cent households were without toilet facilities. Including BLS 2012 and under this mission, upto 31st January, 2018 total 1.07 crore individual toilets are constructed. Out of 1.07 crore toilets 47 lakh individual toilets are constructed in last three years (2015-16 to 2017-18) with an expenditure of ₹ 3,557 crore upto January, 2018. Target for construction of remaining 4.26 lakh toilets is March, 2018. Regionwise toilets constructed and Declared ODF grampanchayat in selected states are given in Table 10.63 & 10.64 respectively.

Table 10.63 Regionwise toilets constructed

(Lakh)

Region	Total Household	Houshold provided toilets ⁺	Per cent

10.85.2 As per census 2011, there are 8.31 lakh households in urban areas do not have toilet facility within their premises. Upto December, 2017 total 7.33 lakh toilets were constructed, of which 6.33 lakh were individual household latrines, 0.62 lakh were community toilets and 0.37 lakh were public toilets (seats). During the period of 2015-16 to 2017-18 total fund of ₹ 1,224 crore was disbursed under this mission.

Maharashtra Sujal and Nirmal Abhiyan

10.86 The objective of this Abhiyan is to achieve adequate & qualitative services at affordable rates to implement technological, financial and managerial reforms in the sector of urban water supply, sewerage, toilet construction and solid waste management. Since inception (2008-09) upto January, 2018 administrative approval was given to 258 water supply and sanitation works of ₹ 1,224.97 crore and an amount of ₹ 863.53 crore has been disbursed. An expenditure of ₹ 46.01 crore was incurred during 2016-17 and ₹ 17.07 crore during 2017-18 upto January, 2018.

ENVIRONMENT CONSERVATION

10.87 Ecosystem is facing impact of various human activities which not only brought physical but also chemical changes in the atmosphere. Rapid industrialisation, migration, urbanisation, etc. are continuously depleting the natural resources and deteriorating the environmental quality. The need of environment conservation arises due to various types of pollution in air, water, noise, etc.

10.88 Maharashtra Pollution Control Board (MPCB) is implementing various environmental legislations in the State. It plays a key role in abatement & control of pollution by generating relevant data, providing scientific information, giving technical inputs for policy formulation, creating public awareness about the clean & healthy environment and attending the public complaints regarding pollution.

Air pollution

10.89 Air pollution is caused by various gases and toxins released by industries, factories and combustion of fossil fuels. Air pollution adversely affects the ecosystem. Air (Prevention & Control of Pollution) Act, 1981 has been enacted for the prevention, control and abatement of air pollution. National Air Quality Monitoring Programme (NAMP) implemented by MPCB assesses the present and anticipated air pollution through continuous air quality survey/ monitoring programs. The air quality monitoring is done for various types of pollutants in the atmosphere such as Respirable Suspended Particulate Matter (RSPM), Sulphur dioxide (SO₂), Oxides of Nitrogen (NO_x) at 77 stations spread in 19 districts. Use of low sulphur content diesel, lead free petrol, CNG/ LPG as an alternative fuel, making PUC mandatory, banning 15 years old vehicles and converting eight year old vehicles to CNG / LPG are some of the important measures being taken to restrict air pollution. As on 31st March, 2017 out of 80.85 lakh CNG/LPG convertible vehicles in the State, number of vehicles fitted with LPG kit was 1.30 lakh (1.6 per cent) and number of vehicles fitted with CNG kit was 5.83 lakh (7.2 per cent) against 1.28 lakh and 5.58 lakh respectively in the previous year. The average data on ambient air quality reported at major monitoring stations during January to October, 2017 is given in Table 10.65.

Table 10.65 Average ambient air quality at major monitoring stations during January to October, 2017

Water pollution

10.90 Any change in the physical, chemical and biological properties of water that has a harmful effect on living things is termed as 'water pollution'. Water (Prevention & Control of Pollution) Act 1974, has been enacted for the prevention & control of water pollution and maintaining or restoring the water quality. The MPCB regularly monitors the water quality across 250 water quality monitoring stations for both surface (155 on rivers, 34 on sea/creeks, 10 on drains, one on dam) and ground water (24 bore wells, 24 dug wells, one hand pump, one tube well) under two programs of National Water Monitoring Programme (NWMP) project titled Global Environment Monitoring System (GEMS) and Monitoring of Indian National Aquatic Resources (MINARS). Surface water samples are monitored every month whereas the ground water samples are monitored every six months to check the quality. Water quality at 39 spots of Godavari, Krishna, Panchganga and Bheema rivers in the State under NWMP during 2016-17 is given in Table 10.66.

Table 10.66 Water quality at 39 locations of rivers during 2016-17

Parameters							
pH value		Bio-chemical Oxygen Demand		Dissolved Oxygen		Fecal Coliform	
6.0 to 9.0 [#]		3 mg/l [#]		4 mg/l [#]		MPN / 100 ml [#]

Source :MPCB # Central Pollution Control Board's Water quality criteria, Class C

MPN – Most Probable Number

10.91 The estimated sewage generated in the area of 27 Municipal Corporations during 2016-17 was 6,265 million litres per day (MLD) of which about 3,897 MLD (62.2 per cent) sewage was treated. MPCB on priority installs sewage treatment plants in the cities situated near river side. MPCB does not allow any industry to discharge sewage without treatment. The sewage generated and treated in the area of urban local bodies during 2016-17 is given in Table 10.67.

Table 10.67 Sewage generated and treated in the area of urban local bodies during 2016-17

Local body	Reporting local bodies	Sewage generated (MLD)	Sewage treated (MLD)	Per cent treated
Municipal Corporation	27	6,265	3,897	62.2
A Class Municipal Council	12	189	97	51.3

Nagar panchayat	6	16	3	18.8
Total	260	7,298	4,050	55.5

Source : MPCB

10.92 Municipal Solid Waste (MSW) treatment process involves both mechanical and biological treatment. All the 27 Municipal Corporations in the State are instructed to allocate 25 per cent of the annual budget for sewage and solid waste treatment as they altogether generate almost 86 per cent sewage and solid waste in urban areas, whereas remaining urban local bodies generate 14 per cent. Solid waste generated and treated in the area of urban local bodies during 2016-17 is given in Table 10.68.

Table 10.68 Solid waste generated and treated in the area of urban local bodies during 2016-17

Local body	Reported local bodies	Solid waste		Per cent treated
		Generated (MT/day)	Treated (MT/day)	
Municipal Corporation	27	20,334	7,120	35.0
A Class Municipal Council	16	890	140	15.7
B Class Municipal Council	54	1,049	133	12.7

Noise pollution

10.93 As per Noise Pollution (Regulation & Control) Rules-2000, zonewise specified standards of noise level limits are given in Table 10.69.

10.94 In order to assess the impact of noise pollution, Ambient Noise Level Monitoring Programme is conducted for two consecutive (one working and one non-working) days every year by MPCB in major cities for a period of 48 hours. The noise levels are measured at the same locations on both days during the same period. Day-night noise levels in selected cities are given in Table 10.70.

Table 10.69 Zonewise standards of noise level limits

(decibel)			
Zone Code	Zone	Limits	
		Day time	Night time
A	Industrial	75	70
B	Commercial	65	55
C	Residential	55	45
D	Silence zone	50	40

Industrial pollution

10.95 At the end of March, 2017 total 85,882 industries are under the purview of MPCB. Under Common Effluent Treatment Plant (CETP) scheme financial support is provided to install pollution control equipment for treatment and disposal of hazardous solid waste generated from small scale industrial units. CETPs are commissioned in 25 industrial areas covering 7,927 industries. During 2016-17 effluent quantity treated on an average was about 215.85 million litres/day. Classification of industries based on the pollution index for 2016-17 is given in Table 10.71.

Table 10.71 Classification of industries based on pollution index for 2016-17

Hazardous waste

10.96 There are 6,496 hazardous waste generating industries in the State. Common facilities for management of hazardous waste have been set up at four major sites, namely Taloja & Trans Thane Creek industrial areas of MIDC in Thane, Ranjangaon in Pune and Butibori in Nagpur. Information about hazardous waste treated at common facility centers is given in Table 10.72.

Table 10.72 Hazardous waste treated at common facility centers

(lakh MT)

Year	Type of Treatment			Total
	Direct Land fill	Land fill after treatment	Incinerable	
2014-15	0.89	1.19	0.49	2.59
2015-16	0.79	1.60	0.58	2.98
2016-17	1.22	1.73	0.55	3.51

Source : MPCB

10.97 Installation of Global Positioning System (GPS) for tracking of hazardous waste transporting vehicles has been made mandatory in the State. MPCB authorised 127 hazardous waste transporters upto December, 2017.

e-Waste

10.98 e-Waste management is a global concern. During 2016-17 for recycling of e-waste MPCB authorised 64 e-Waste collection centers and 64 industries having environmentally sound technology with total recycling/ dismantling capacity of 74,650 MT per year under e-Waste (Management) Rules, 2016.

Bio-medical waste

10.99 As per Bio-Medical Waste Management Rules-2016, MPCB has started issuing authorisation to Health Care Establishments (HCEs) for disposal of bio-medical waste. There are in all 52,704 HCEs in the State. The bio-medical waste generated from these HCEs is treated and disposed by 34 Common Bio-Medical Waste Treatment and Disposal Facilities, of which 32 are operating on incineration basis and remaining on deep burial basis. During 2016-17 on an average around 71,512 kg per day bio-medical waste was treated and disposed off.

Plastic waste

10.100 Plastic products have become an integral part in our daily life as a basic need. It has been observed that disposal of plastic waste creates several environmental issues due to improper collection, segregation and disposing system. Estimated plastic waste generated during 2016-17 is 1,285 MT per month. In all 276 units are registered with MPCB as per the Maharashtra Plastic Carry Bags (Manufacture & Usage) Rule-2006 and Plastic Waste (Management & Handling) Rule 2011. The MPCB for enforcement of these rules formed vigilance squad of 12 regional officers and carried out survey of plastic carry bags manufacture units. Notices have been issued to 88 units for operating the unit without registration. As per Maharashtra Plastic Carry Bags (M & U) Rules-2006, the minimum thickness limit of carry bags is 50 μ .

Environmental clearance

10.101 Under the Environment (Protection) Act-1986, the Central Government constituted Maharashtra Coastal Zone Management Authority (1998), State Level Environment Impact Assessment Authority(2008) and State Level Expert Appraisal Committee (SEAC) in the State for Coastal Regulation Zone (CRZ) recommendations and environmental clearances respectively. The State has constituted three SEACs to speed up the processing of proposals.

10.102 From January, 2016 environment clearances are granted through online services. The State has granted environment clearances to 161 applications upto December, 2017 through online process. In 2017-18 Maharashtra Coastal Zone Management Authority issued CRZ recommendations to 301 projects upto December, 2017 under Coastal Regulation Zone (CRZ) Notification, 2011.

Lake conservation plan

10.103 The objective of this plan is to prevent degradation of lakes. To prevent degradation of lakes, the State has included 51 lakes under 'National Lake Conservation for degraded lakes' scheme since 2007. The total amount of ₹ 630 lakh has been sanctioned for the conservation of these lakes by GoM in 2017-18 and ₹ 485 lakh has been released upto December, 2017.

Mangroves conservation

10.104 Mangroves are buffers between the land and sea. Coastline throughout the world are facing serious problems of coastal erosion and threat of rising sea levels due to global warming. Mangroves not only help in preventing soil erosion but also act as a catalyst in reclaiming land from seas. Mangroves conservation contributes to the sustainable management of forest resources of the landscapes of coastal wetlands for better well-being and mitigation of vulnerability to climate change.

10.105 As per report of Forest Survey of India-2017, out of 720 km of coastal line of the State, mangrove covers 304 sq. km. Twenty species of true mangroves have been reported from the coast of the State. Mangrove forests and estuaries are the breeding and nursery grounds for a number of marine organisms including the commercially important shrimps, crabs and fish species. Hence, loss of mangroves not only affects indirectly but there are direct economic repercussions through loss of fishing activities.

10.106 The State has allocated a fund of ₹ 24 crore in 2017-18 to develop various livelihood activities based on mangroves. For sustainable mangrove conservation, GoM has increased the income-earning potential of mangroves by crab farming and oyster, mussel culture. As per Forest Survey of India-2017, mangrove cover in the State has increased by 37 per cent as compared to that of in 2015. This increase is mainly due to plantation and regeneration of mangroves.

Smart Village - *Gram Vikas Yojana*

10.107 The GoM started environmentally balanced Smart Village – *Gram Vikas Yojana* in the year 2010-11 to develop enrich and prosperous village by conservation, preservation and protection of environment. The sustainable development of the villages by keeping balance of the environment is the objective of scheme. Under this scheme, 351 grampanchayats were selected in the year 2016-17 and ₹ 40.20 crore are released in the year 2017-18 for prizes, advertisements and publicity of these villages.

SOCIAL JUSTICE

10.108 Social justice refers to the concept of building an inclusive society with adequate support for growth and development of members of the target groups viz. Scheduled Castes (SC), Scheduled Tribes (ST), *Vimukta Jati* Nomadic Tribes (VJNT), Other Backward Classes (OBC), Special Backward Classes (SBC), minorities, persons with disabilities and senior citizens can lead productive, safe and dignified lives. It is a principle that lays down the foundation of a society based on equality, liberty and fraternity. As per the directive principles of State Policy inducted in the Constitution of India, various educational, economic and social development programmes have been taken up for equalisation of the weaker sections with other sections. GoM formulated two schemes viz. Scheduled Caste Component Schemes (SCCS) and Tribal Component Schemes (TCS).

Scheduled Caste Component Schemes

10.109 The outlay and expenditure of development sectors under SCCS is given in Table 10.73.

Table 10.73 Outlay and expenditure of development sectors under SCCS

Rajarshi Shahu Maharaj scholarship for SC students for aboard studies

10.110 GoM has started this scholarship for Scheduled Castes students. Under the scheme during 2016-17 an amount of ₹ 22.26 crore has been disbursed to 132 beneficiaries and during 2017-18 upto January an amount of ₹ 14 crore has been disbursed to 70 beneficiaries.

Welfare of VJNT, OBC and SBC

10.111 GoM has established separate department for welfare of the people belonging to VJNT, OBC and SBC. Various development programmes are being implemented for upliftment of the weaker sections of these communities. During 2016-17 an expenditure of ₹ 2,508 crore was incurred against an outlay of ₹ 2,633 crore. During 2017-18 an outlay of ₹ 1,907 crore has been provided and an expenditure of ₹ 1,145 crore has been incurred upto December.

Development Corporations

10.112 In order to accelerate economic development of SC, VJNT and OBC the State Government has established various Development Corporations, through which different schemes are being implemented. These corporations implement various schemes viz. 20 per cent subsidy, seed money, 50 per cent subsidy, term loan, micro finance, *Mahila Samruddhi*, education loan, etc. These corporations have been also authorised as a State channelising agency to implement various schemes of National Scheduled Castes Finance and Development Corporation, National *Safai Karamchari* Finance and Development Corporation, National Backward Classes Finance & Development Corporation, etc. Number of beneficiaries and amount disbursed by development corporations are given in Table 10.74.

Tribal Component Schemes

10.114 An outlay of ₹ 6,754 crore is provided under TCS during the year 2017-18, of this ₹ 267.88 crore for Panchayats Extension to Scheduled Areas (PESA) gram panchayat, ₹ 3,053.89 crore for district level schemes and remaining ₹ 3,432.21 crore for the state level schemes. During 2017-18 under TCS, about 325 schemes (84 State level, 189 district level & 52 Central sponsored schemes) are being implemented. Under TCS, schemes that directly benefit to the tribal population as a whole, as well as individual beneficiary oriented schemes have been taken. Sectorwise budgetary provision and expenditure under Tribal Sub Plan (TSP) is given in Table 10.76 and departmentwise outlay and expenditure under TCS is given in Table 10.77.

Government *Ashram* school

10.115 The GoM is running residential *ashram* schools in hilly and remote areas in the State. From 2017-18, the cost of educational material and the necessary amount for the purchase of equipments is being deposited directly in the accounts of students. A budget provision of ₹ 859.79 crore has been made during 2017-18 and an expenditure of ₹ 582.17 crore has been incurred upto January.

Aided *Ashram* schools

10.116 In the aided *ashram* schools, tribal students are provided accommodation, food, uniforms, educational materials and other concessions free of cost. There are 556 aided *ashram* schools in the State. A budget provision of ₹ 805.13 crore has been made during 2017-18 and an expenditure of ₹ 667.76 crore has been incurred upto January.

Government hostels for tribal students

10.117 To encourage the tribal students to pursue higher studies, government hostel facility is provided at division, district, taluka level. In these hostels accommodation, food, uniforms, educational materials and other concessions are provided free of cost. There are 495 government hostels in the State and 56,918 students (35,158 boys & 21,760 girls) are admitted in these hostels. From 2017-18, funds for purchase of bedding material, books, educational material etc. are being deposited directly into the students' bank accounts. During 2017-18, budget provision of ₹ 364.87 crore has been made under the scheme and upto January an expenditure of ₹ 175.14 crore has been incurred.

Education in English medium schools

10.118 A scheme has been started in order to encourage the tribal students to pursue studies in renowned residential English medium schools. In these schools education and residential facilities are provided to the students. Under this scheme during year 2017-18 admission to about 9,000 students has been given and in all about 54,500 students are studying in these schools. Budget provision of ₹ 310 crore has been made during 2017-18 and an expenditure of ₹ 244.54 crore has been incurred upto January.

Pandit Deendayal Upadhyay Swayam Scheme

10.119 Under the scheme financial assistance for the facilities like meal, residence and educational material is provided to the students who don't get admission in the Government tribal hostels for the higher educational courses after XIIth standard. During 2017-18, budget provision of ₹ 80 crore has been made under the scheme and upto January an expenditure of ₹ one crore has been incurred.

Direct funding to PESA Gram panchayats

10.120 Under the PESA act implementation, it has been decided to disburse five per cent of the total Tribal Component Scheme budget to the gram panchayats in the scheduled areas for developmental work. Maharashtra is the first state in the country to make available funds directly to the gram panchayats for this purpose. Gram sabha can undertake works related to basic infrastructure, forest and implementation of PESA act, health, cleanliness, education, wild life conservation, water conservation, forestry, wild life tourism and forest produce through this fund. Budget provision of ₹ 267.88 crore has been made during 2017-18 and an expenditure of ₹ 214.30 crore has been incurred upto January.

Dr. A. P. J. Abdul Kalam *Amrut Aahar Yojana*

10.121 The State has launched this scheme to provide 'one full meal' for ST pregnant women and lactating mothers in the 16 districts of the scheduled area. Under this scheme, children of

age 7 months to 6 years also are given eggs or bananas four times per week. During 2017-18 budget provision of ₹ 184.10 crore has been made for the scheme and upto January an expenditure of ₹ 98.87 crore has been incurred.

Thakkar Bappa Adivasi Vasti Sudharna Ekatmik Karyakram

10.122 Under this scheme, small and permanent community development facilities are created in scheduled areas. Budget provision of ₹ 163 crore has been made during 2017-18 and an expenditure of ₹ 10.20 crore has been incurred upto January.

Welfare of persons with disability

10.123 Various schemes for persons with disabilities are being implemented by GoM to identify their potentials, develop their skills, give them equal opportunities, protect their rights so as to empower & involve them in the main stream of the society. During 2016-17, an expenditure of ₹ 23.19 crore was incurred against an outlay of ₹ 25.83 crore. For 2017-18, an outlay of ₹ 559.33 crore has been provided and an expenditure of ₹ 361.68 crore has been incurred upto January.

Maharashtra State Handicapped Finance and Development Corporation Ltd.

10.124 Maharashtra State Handicapped Finance and Development Corporation Ltd. (MSHFDC) is established for the welfare of disabled persons. At present, the authorised share capital of this Corporation is ₹ 50 crore and paid up capital is ₹ 47.51 crore. This corporation works as State channelising agency for National Handicapped Finance and Development Corporation. The performance of major schemes implemented by this corporation is given in Table 10.78.

HUMAN DEVELOPMENT AND SUSTAINABLE DEVELOPMENT GOALS

10.130 Human development is about creating an environment that enables people to develop their potential, lead productive & creative lives in accordance with their needs & interests and participate in the process of decision making for welfare of the society. The Human Development Index (HDI) is a composite index for assessing long term progress measuring three basic dimensions of human development viz. a long and healthy life, access to knowledge and a decent standard of living. Human Development Report-2016 published by United Nations Development Programme (UNDP) was based on the theme 'Human Development for Everyone'. As per this report, Norway ranks first with HDI (0.949), whereas India with HDI (0.624) is at 131st rank. Among South Asian Association for Regional Cooperation (SAARC) countries, Sri Lanka (0.766) and Maldives (0.701) are ahead of India.

10.131 According to India Human Development Report-2011, Kerala (0.790) ranks first, whereas Maharashtra (0.572) is at sixth rank.

10.132 As per the Maharashtra Human Development Report-2012 published by the State, Mumbai (Mumbai City and Mumbai Suburban districts together) tops the list with HDI (0.841), followed by Pune (0.814), whereas Nandurbar (0.604) is at the bottom. The district wise HDI-2011 is given in Annexure 10.15.

Maharashtra Human Development Programme

10.133 Maharashtra human development programme is being implemented in rural areas and all 'C' class municipal councils of 125 most backward talukas. Under this programme, various schemes focussing on improvement in education, health and income are implemented. Considering socio-economic, geographical conditions and local needs of the talukas, district/taluka specific schemes are formulated. An amount of 20 per cent of the total funds allocated to the taluka is kept reserved for this purpose. Under this programme, a budget provision of ₹ 355 crore has been made for 2017-18 and an expenditure of ₹ 137.70 crore has been incurred up to December. The physical & financial progresses of various schemes implemented under Maharashtra human development programme are given in table 10.82.

Action room to reduce poverty

10.134 Under human development programme, United Nations and GoM signed the Memorandum of Understanding in August, 2017 to establish 'Action room to reduce poverty' to bring about overall development in the 27 selected talukas out of 125 most backward talukas with focus on livelihoods, quality education and healthcare. This will further contribute towards achievement of the Sustainable Development Goals (SDGs) at the disaggregated level upto district and taluka. United Nations will support the action room with specialists in four sectors viz. agri-business, social sector, data analysis & SDGs and value chain. The core function of the action room is to provide guidance and support employment generation activities in different sectors viz. agriculture & allied activities, handicrafts, eco-tourism, etc. Also, the action room will assist in

coordinating & monitoring various organisations and state systems to create employment opportunities by adopting the notion of 'skilling for the future' in the 27 selected talukas.

Sustainable development goals

10.135 The member countries adopted the resolution 'Transforming our World', at the United Nations General Assembly Summit in September, 2015. The agenda for sustainable development consists of 17 SDGs and 169 targets to be achieved by 2030, which came into effect from January, 2016. The GoM has prepared Vision 2030 document considering SDGs and the targets. The core five pillars of Vision 2030 are agriculture & allied activities, industry, infrastructure, social sector and governance. The current status and targets set for some of key health indicators as per Vision 2030 are given in Table 10.83.

Table 10.83 Current status & targets set for some of key health indicators as per Vision 2030

Special Study

11. SPECIAL STUDY

Introduction

11.1 The National Sample Survey Office, GoI regularly conducts nationwide socio economic surveys. The 75th round of National Sample Survey (NSS) covering the subjects 'Household consumer expenditure', 'Household Social consumption: Health' and 'Household Social consumption: Education' is being conducted during July, 2017 to June, 2018. The State is participating in these surveys on a matching sample basis. Directorate of Economics and Statistics, Planning Department, GoM conducted a quick survey on 'Status of Education, availability of foodgrains and kerosene on ration card, latrine facility and source of drinking water' in the State during July, 2017 to December, 2017 along with the 75th round of NSS. The sample units selected for first two sub rounds of NSS 75th round State sample was used as sample units for this quick survey.

Survey Methodology

11.2 A schedule was prepared and data was collected through the investigators. In this survey 254 villages and 460 Urban Frame Survey (UFS) blocks were surveyed. In the large village or UFS block (i.e. population above 1,200), depending upon the population, hamlet groups (hg) or sub-blocks (sb) were formed and two hg/sb were selected at random as per methodology adopted in NSS. Data was collected alongwith the listing of households schedule in the selected village or hg in rural areas and selected UFS block or sb in urban areas.

11.3 In the survey, household means a group of persons normally living together and taking food from a common kitchen. It included temporary stay-aways (those whose total period of absence from household was expected to be less than six months) but excluded temporary visitors and guests (expected total period of stay less than six months). The households residing in fixed structure are surveyed.

11.4 In all 1,11,270 households were surveyed, of which 50,090 households were from rural areas and 61,180 households were from urban areas. Information about education status of children of age group 6-14 years, education status of persons of age 15 years & above and auxiliary information whether household receive foodgrains, kerosene on ration card, availability of latrine facility and source of drinking water was also collected. On an average about 200 households per selected village in rural areas and about 130 households per selected block in urban areas were surveyed. The average household size is found to be 4.6 in rural areas and 4.0 in urban areas.

11.5 The findings of the survey are based on oral information given by household member. Although statistical methodology has been used, inherent limitations and errors of the sampling methodology, etc. may prevail in the results.

Education status

11.6 Depending on the information collected regarding the education status of persons of age 6 years and above, some of the findings are :

- In the State, 99.3 per cent children of age group 6-14 years were attending school
- Among the children who were not attending the school, about 0.3 per cent have never attended and 0.4 per cent have enrolled but currently not attending
- About 47 per cent persons of age 15 years and above have passed 10th class or more
- Amongst persons of age 15 years and above who have not passed 10th class, the persons who have taken some informal, vocational or technical education is four per cent

Table 11.1 Education status

(per cent)

Item	Rural			Urban			State		
	Male	Female	Total	Male	Female	Total	Male	Female	Total
Children of age group 6-14 years									
Attending school	99.3	99.0	99.2	99.6	99.2	99.4	99.4	99.1	99.3
Not attending school									
Never attended	0.3	0.3	0.3	0.2	0.3	0.3	0.2	0.3	0.3
Enrolled but not attending	0.4	0.6	0.5	0.3	0.4	0.3	0.3	0.5	0.4
Persons of age 15 years and above									
Passed 10 th class or more	38.9	25.7	32.4	65.8	56.2	61.1	53.0	41.4	47.4
Not passed 10 th class but received some informal or vocational or technical education	1.8	1.2	1.5	8.9	7.2	8.0	4.5	3.5	4.0

Note : Total may not add up due to rounding

Public Distribution System

11.7 The information regarding on time availability of foodgrains and kerosene in fair price shops to the households was also collected in the survey. Some of the findings are:

- About 91 per cent of rural households and 68 per cent of urban households were reported possessing ration card
- About 79 per cent of eligible households from rural areas and 44 per cent of eligible households from urban areas have reported on time availability of food grains at fair price shops

Table 11.3 Type of ration card wise receipt of foodgrains, kerosene and availability on time

(per cent)

Item	Rural				Urban			
	Antyodaya	BPL	Annapurna	Saffron	Antyodaya	BPL	Annapurna	Saffron
Households possessing ration card (no.)	4,878	14,253	115	24,986	703	4,404	301	27,606
Receiving								
Wheat	99.1	96.5	68.7	66.0	88.8	82.8	92.4	36.5
Rice	96.7	96.6	69.6	66.2	76.0	82.4	92.7	37.0
Sugar	66.0	41.1	7.8	7.7	36.6	24.3	2.0	3.2
Kerosene	70.1	47.2	12.2	23.8	39.4	22.8	57.5	6.1
Households reported on time availability of foodgrains	96.8	94.1	62.6	67.5	79.7	77.7	91.0	37.0
Households reported not taking foodgrains	0.1	0.1	13.0	6.3	2.8	2.0	2.0	9.6

BPL: Below poverty line

Availability of latrine facility

11.8 The information regarding sanitation facilities available to the households was also collected in the survey. Information was collected on whether the household's latrine facility was for its exclusive use or was shared with one or more households in the building or whether households had to use public or community latrine or whether the household did not have access to any latrine at all. Some of the findings are:

- About 72 per cent of rural households and 74 per cent of urban households are having exclusive use latrine
- About 10 per cent rural and about 15 per cent urban households are having common use latrine in household premises
- About two per cent rural and 10 per cent urban households are using public or community latrine
- About 16 per cent rural and two per cent urban households reported that there is no facility of latrine

Table 11.3 Type of latrine facility available to the households

(per cent)

Sector	Exclusive use	Common use of households in the house premises	Public or community latrine	No facility
Rural	71.5	10.4	1.6	16.4
Urban	73.5	14.6	10.2	1.7
State	72.6	12.7	6.3	8.3

Note : Total may not add up due to rounding

Sources of drinking water

11.9 The information about sources of drinking water used by the household and sufficiency of drinking water was also collected in the survey. Some of the findings are:

- About 61 per cent of rural households and 80 per cent of urban households are having piped water in dwelling premises
- About 18 per cent rural and about 13 per cent urban households are having piped water outside
- About 20 per cent rural and six per cent urban households are using tubewell or borewell as source of drinking water
- About 92 per cent rural and 95 per cent urban households reported sufficient availability of drinking water throughout the year

Graph 11.2 : Availability of latrine facility

Table 11.4 Distribution of households according to source of drinking water

(per cent)

Sector	Source of drinking water					Total	Household reported sufficient availability of drinking water throughout the year
	Households having piped water within premises	Households having piped water outside	Tubewell or borewell (inside or outside premises)	Water supplied through container	Other		
Rural	60.5	17.8	19.6	0.7	1.4	100	92.0
Urban	80.0	12.6	5.7	0.8	0.8	100	94.9
State	71.2	15.0	12.0	0.8	1.1	100	93.6

GLOSSARY

Demography:

Child Sex Ratio (0-6 Years) : Child Sex Ratio (0-6 Years) has been defined as the number of females in age-group 0-6 years per 1,000 males in the same age-group in the population. It is expressed as 'number of female children aged (0-6) years per 1,000 male children aged (0-6) years'.

$$\text{Child Sex Ratio (0-6 Years)} : \frac{\text{Number of Female Children (0-6 Years)}}{\text{Number of Male Children (0-6 Years)}} \times 1000$$

Institutional Households: A group of unrelated persons who live in an institution and take their meals from a common kitchen are considered as an Institutional Household. Boarding houses, Messes, Hostels, Hotels, Rescue Homes, Observation Homes, Beggars' Homes, Jails, Ashrams, Old Age Homes, Children Homes, Orphanages, etc. all are covered in this type of household.

Head of the Household : The head of household for census purposes is a person who is recognized as such by the household. She or He is generally the person who bears the chief responsibility for managing the affairs of the household and takes decision on behalf of the household. The 'Head of Household' need not necessarily be the oldest male member or an earning member, but may be a female or a younger member of either sex.

Main Workers : Workers who worked for more than six months (180 days) in the reference period are termed as main workers.

Marginal Workers : Workers who worked for less than six months (180 days) in the reference period are termed as marginal workers.

Seeking or available for work: Persons, who owing to lack of work, had not worked but either sought work through employment exchanges, intermediaries, friends or relatives or by making applications to prospective employers or expressed their willingness or availability for work under the prevailing condition of work and remuneration are considered as those who are seeking or available for work (or unemployed).

Labour Force : Persons categorised as working (employed) and also those who are seeking or available for work (unemployed) together constitute the labour force.

Workforce (Employed) : Persons engaged in any economic activity constitute the work force.

Work Participation Rate (WPR) : Work participation rate is defined as the percentage of total workers (main and marginal) to total population

$$\text{Work Participation Rate} : \frac{\text{total workers(main + marginal)}}{\text{total population}} \times 100$$

(As per definition used in population census 2011)

Labour Force Participation Rate (LFPR) : LFPR is defined as the number of persons in the labour force (which includes both the employed and unemployed) per 1000 persons.

$$\text{Labour Force Participation Rate (LFPR)} : \frac{(\text{no. of employed persons} + \text{no. of unemployed persons})}{\text{total population}} \times 1000$$

Worker Population Ratio (WPR) : Worker Population Ratio (WPR) is defined as the number of persons employed per 1000 persons.

$$\text{Worker Population Ratio (WPR)} : \frac{\text{no. of employed persons}}{\text{total population}} \times 1000$$

(As per terminology used by labour bureau, GoI)

Unemployment Rate (UR) : UR is defined as the number of persons unemployed per 1000 persons in the labour force.

$$\text{Unemployment Rate (UR)} : \frac{\text{no. of unemployed persons}}{\text{No. of employed persons} + \text{no. of unemployed persons}} \times 1000$$

Usual Principal Activity Status (UPS) : The activity status on which a person spent relatively long time during the 365 days preceding the date of survey.

Public Finance:

Committed Expenditure includes

- 1) Core establishment expenditure – Salary, pension, interest payments, etc.
- 2) Other committed expenditure – Bounded expenditure such as funds to be given to local bodies under statutory act, expenditure under relief of natural calamity, such as
 - 2.1) Funds transferred to local bodies eg. Stamp fee
 - 2.2) Funds given to Municipal Councils
 - 2.3) Funds given to local bodies as compensation for tax
 - 2.4) Funds to be given for relief from natural calamity
 - 2.5) Other committed expenditure

Scheme Expenditure includes

- 1) Erstwhile plan scheme expenditure
- 2) Erstwhile non plan scheme expenditure
- 3) New scheme expenditure being included in the budget.

Vital Statistics:

Crude Birth Rate (CBR) : It is the total number of live births during the year per 1000 persons.

Crude Death Rate (CDR) : It is the total number of deaths during the year per 1000 persons.

Infant Mortality Rate (IMR) : It is defined as the number of deaths of infants (one year of age or younger) per 1000 live births.

Neo-natal Mortality Rate (NMR) : It is the number of children dying under 28 days of age divided by the number of live births in that year.

Under Five Mortality Rate (U5MR) : It is defined as the number of deaths of children of age less than five years per 1000 live births.

Maternal Death : A maternal death is a death of a woman while pregnant or within 42 days of termination of pregnancy, irrespective of the duration and the site of the pregnancy and can stem from any cause related to or aggravated by the pregnancy or its management, but not from accidental or incidental causes.

Maternal Mortality Ratio (MMR) : Refers to the number of women who die as a result of complications of pregnancy or childbearing in a given year per 1,00,000 live births in that year.

Maternal Mortality Ratio:
$$\frac{\text{All maternal deaths occurring within a reference period (usually 1 year)}}{\text{Total number of live births occurring within the reference period}} \times 1,00,000$$

Total Fertility Rate (TFR) : TFR measures average number of children born to a women during her entire reproductive period

Education:

Gross Enrolment Ratio (GER) :
$$\frac{\text{Enrolment in particular educational level}}{\text{Population of official age group for that particular educational level}} \times 100$$

Gender Parity Index :
$$\frac{\text{Gross Enrolment Ratio of Girls}}{\text{Gross Enrolment Ratio of Boys}}$$

CWSN : Children With Special Needs refers to all those children who are challenged with various problems such as vision, hearing, movement, learning, cerebral palsy or mental retardation.

Average Annual Drop-out Rate : Average of grade-specific drop-out rates in Primary Grades and is calculated by considering grade-wise enrolment in 2014-15 and 2015-16 and grade-specific number of repeaters in 2015-16 as per U-DISE.

Variables used in Computing Educational Development Index (EDI)

Component	Indicator
Access	Density of schools per 10 sq km
	Availability of schools per 1000 child population
	Ratio of primary to upper primary schools/sections
Infrastructure	Percentage of schools with student-classroom ratio: (Primary > 30 & upper primary > 35)
	Percentage of schools with 1:1 classroom-teacher ratio
	Percentage of schools with drinking water facility
	Percentage of schools with boy's toilet
	Percentage of schools with girl's toilet
	Percentage of schools required and have Ramp
	Percentage of schools with kitchen-shed (Government & aided schools)
	Percentage of schools with female teachers (in schools with 2 and more teachers)
Teachers	Percentage of schools with Pupil-Teachers ratio: (Primary > 30 & upper primary > 35)
	Percentage of single- teacher schools
	Teachers without professional qualification
	Teachers without professional qualification
Outcomes	Average number of instructional days
	Average working hour for teachers
	Percentage change in enrolment in Government schools over the previous year.
	Gross enrolment ratio
	Participation of Scheduled Castes children: Percentage SC population (2011 Census)- Percentage SC enrolment
	Participation of Scheduled Tribes children: Percentage ST Population (2011 Census)- Percentage ST enrolment
	Participation of Muslim children: Percentage Muslim Population (2011 Census)- Percentage Muslim enrolment
	Ratio of girl's enrolment to boy's enrolment
	Drop-out rate
	Transition rate from primary to upper primary level

Economic:

Gross Domestic Product (GDP): It is a measure in monetary terms of all the goods & services produced (without duplication) within the boundaries of any geographical area during a given period of time (generally, one year). Usually, geographical area is Nation. It is termed as **Gross State Domestic Product (GSDP)** if the geographical boundary is State and termed as **Gross District Domestic Product (GDDP)** if the geographical boundary is District.

GVA at basic prices: Compensation of Employees + Operating surplus / Mixed Income + Consumption of Fixed Capital + Production taxes less production subsidies

Gross Domestic Product (GDP): Sum of GVA at basic prices for each industry + Taxes on products including import duties less Subsidies on Products

All Net Products such as **Net Domestic Product, Net State Domestic Product & Net District Domestic Product** are obtained by subtracting **Consumption of Fixed Capital (CFC)** from respective **Gross Domestic Products**.

Gross National Income (GNI): It is an addition of Net Income from abroad & Gross Domestic Product of a Nation.

Net National Income (NNI): It is obtained by subtracting Consumption of Fixed Capital (CFC) from Gross National Income. It is also called as **National Income (NI)**.

Per Capita Income (Per capita National Income, Per capita State Income & Per capita District Income) is obtained by dividing Net Products of respective geographical area by mid- year population of respective year.

Advance estimate: Estimates based on available suitable/proxy indicators.

Consumer goods : Items purchased by consumers for personal and household use.

Intermediate goods : Goods used as inputs in the production of other goods.

Capital goods : Goods such as machinery, used in production of commodities.

Gross output – Gross output is defined to include the ex-factory value, (i.e., exclusive of taxes, duties, etc. on sale and inclusive of subsidies etc., if any) of products and by-products manufactured during the accounting year, and the net value of the semi-finished goods, value of own construction and also the receipts for industrial and non-industrial services rendered to others, rent received for plant & machinery and other fixed assets, net balance of goods sold in the same condition as purchased and value of electricity generated and sold.

Net value added (NVA) - This is obtained by deducting the value of total input and depreciation from gross output.

General:

Village Electrification: A village would be declared as electrified if (i) Basic Infrastructure such as distribution transformer and distribution lines are provided in the inhabited locality as well as the dalit vasti / hamlet where it exists. (For electrification through renewable sources, a distribution transformer may not be necessary), (ii) Electricity is provided to public places like schools, panchayat offices, health centers, dispensaries, community centers, etc. and (iii) The number of households electrified should be at least 10 per cent of the total number of households in the village.

(Definition as per the Rural Electrification Policy- 2006 of Ministry of Power, Govt. of India)

Per capita Ultimate Consumption of Electricity = Ultimate Consumption of Electricity/Mid-year population

Ultimate Consumption of Electricity refers to the electricity actually consumed by the consumers (or the electricity sold to consumers).

Energy - Units

1 MW = 1 Megawatt = 1,000 kW = 10, 00,000 Watts

1 Unit = 1 kilo-watt-hour = 1 kWh

1 MU = 1 Million Units = 10,00,000 Units = 10, 00,000 kWh

1 MVA = 1 Million Volt Ampere

Vehicle Productivity : Average kilometers covered per day per vehicle.

Crew Productivity: Per day average duty in kilometers performed by drivers and conductors.

Percentage Load Factor: $\frac{\text{Actual passenger earning}}{\text{Expected passenger earning}} \times 100$

Methodology for Construction of State and District HDI (SHDR-2012) :

The dimension indices for Health, Education and Income are calculated using following formula.

$$I_x = \text{Dimension Index of 'X'} = \frac{\text{Actual value} - \text{Minimum value}}{\text{Maximum value} - \text{Minimum value}}$$

Education index has been calculated by allocating 2/3rd weight to literacy and 1/3rd weight to GER.

An aggregate HDI for a given district has been calculated as a simple arithmetic mean.

The goal posts used to estimate the district wise HDI are as follows:

Dimension	Maximum	Minimum
ISR	1,000	0
Literacy rate	100	0
GER	100	0
Per capita net domestic product (Rupees at current prices)	1,50,000	10,000

Note : ISR is obtained as (1,000 – IMR), Log transformation is used for the estimates of DDP

Cropping Intensity : Ratio of total cropped area to net area sown.

Agricultural Marketing and Farmer Friendly Reforms Index (AMFFRI):

The index constructed by NITI Aayog is based on actions taken by each state and UT to (i) reform the system of agriculture marketing, (ii) facilitate and liberalise lease in and lease out of agricultural land, and (iii) liberalization of regulation on felling and transit of trees grown on private land. Market reforms indicate the ease of doing agri-business and range of choices and options granted to producers to sell their produce. The maximum score of 100 has been distributed over three dimensions representing (a) institutional reform, innovation and taxation in agriculture market, (b) land lease and (c) freedom to fell and sell forest produce grown on private land. Creating favourable environment for forestry on farm land was assigned a weightage of 10. Liberalisation of land lease market has been given 16 per cent weightage. Remaining 74 per cent weight is assigned to the third category of reforms relating to marketing of crops and this score has been distributed equally among various dimensions of agriculture marketing which include 10 indicators representing different areas of reform in APMC market, market charges, e-NAM and specific treatment in marketing of fruits and vegetables. Variables included in the index along with their weight and score are as follows.

Variables included in AMFFRI and their weight and score

(per cent)

Category	Score				
	Weight	Total score	Act amended	Act notified	No action
Agricultural marketing	74				
<i>Institutional reforms</i>					
Private Mandi		7.4	3.7	3.7	0.0
Direct Marketing		7.4	3.7	3.7	0.0
Contract farming		7.4	3.7	3.7	0.0
e-trading		7.4	3.7	3.7	0.0
Single point levy		7.4	3.7	3.7	0.0
Direct sales to consumers by farmers		7.4	3.7	3.7	0.0
Single traders license		7.4	3.7	3.7	0.0
Participation in e-NAM		7.4			0.0
Special treatment to fruits and vegetables		7.4	3.7	3.7	0.0
Taxes/Fee/Levy in primary market		7.4			0.0
Land lease	16				
Partially allowed		8.0			
Adopted model NITI Act		16.0

$$\text{Compound Annual Growth Rate (CAGR)} : \left\{ \left[\frac{\text{End value of data series}}{\text{Start value of data series}} \right]^{(1/\text{no. of years}-1)} \right\} - 1$$

Teledensity – Teledensity is the number of telephone connections for every hundred individuals living within an area.

Mean age at effective marriage of female – Mean age at effective marriage is the estimated mean age of the marriages happening to the females in a given year.

$$\text{Mean age at Effective marriage of Female} = \frac{\sum_{i=10}^{49} \text{Estimated number of marriages at age } i \text{ in a year} * i}{\sum_{i=10}^{49} \text{Estimated number of marriages at age } i \text{ in a year}}$$

Where *i* is the completed years of age at the time of marriage.
